Anderson, Michael Cornfield, 2003 Political web sites and e mail lists were novelties in 1996 By 2000 they were a news trend By 2004 they will be a part of every electoral and policy campaign News seekers activists and decision makers increasingly turn to the Net as a matter of course The Civic Web delineates the basic issues opportunities and dilemmas posed by the introduction of computer networked communications into U S national politics Leading scholars from several academic disciplines join pioneer practitioners of online advocacy discussion and law in considering how the Internet can host and even advance enlightened self government by a free people in a constitutional republic Visit our website for sample chapters *Politicking Online* Costas Panagopoulos, Vassia Gueorguieva, Allison Slotnick, Girish Gulati, Christine Williams, 2009-05-01 Of the many groundbreaking developments in the 2008 presidential election the most important may well be the use of the Internet In *Politicking Online* contributors explore the impact of technology for electioneering purposes from running campaigns and increasing representation to ultimately strengthening democracy The book reveals how social networking sites such as MySpace and Facebook are used in campaigns along with the mail SMS text messaging and mobile phones to help inform target mobilize and communicate with voters While the Internet may have transformed the landscape of modern political campaigns throughout the world Costas Panagopoulos reminds readers that officials and campaign workers need to adapt to changing circumstances know the limits of their methods and combine new technologies with more traditional techniques to achieve an overall balance Civic Apps Competition Handbook Kate Eyler-Werve, Virginia Carlson, 2012-09-07 Organize a Civic Apps Competition CAC in your city This practical guide provides best practices for each phase of the process based largely on the authors firsthand experience planning and managing Apps for Metro Chicago A4MC You ll learn everything from setting goals and creating a budget to running the competition and measuring the outcome CACs provide software programmers with platforms for building effective apps using open government data as a way to foster community involvement and make government more transparent This handbook helps you address serious questions about the process and shows you what s required for making your competition successful Gain insights from the authors survey of 15 CACs in the US and Canada Get guidelines for establishing specific goals and evaluate results with reliable metrics Understand major costs involved and build a budget around partners and sponsors Determine participation incentives prize categories and judging Avoid unstructured data sets by being selective when choosing public datasets Learn how the authors handled roadblocks during the A4MC competition Discover ways to sustain lasting community interest once the CAC is over Civics Prentice Hall (School Division), 2007-02-28 Civics Prentice Hall (School Division), **The Prentice Hall Directory of Online Social Studies Resources** Ronald L. Partin, 1998 **The Limits of Civic Activism** Robert Weissberg, Today s political climate

overflows with admonitions to get involved as if entering the political fray is the great cure all for almost any conceivable social problem This advice may be a recipe for disaster Staying out of politics is sometimes wiser Pursuing non political options may even be best given the inherent difficulties of the political pathway In this volume Robert Weissberg offers a corrective to a view that has evolved into a civic religion A nearly missionary flavor infuses the very notion of political activism and it is especially prevalent among those on the ideological spectrum s left though hardly unknown among conservatives Getting involved it is said will do everything from improve our education to make us healthier or for conservatives reduce immorality This benefit is grossly oversold especially given our gridlock mired political system one that greatly limits what can be accomplished Even the most worthy causes face stiff opposition and for every winner there are countless losers Academics in particular have promoted politics as the great remedy for social and economic ills but this prescription rests on flawed often myopic research that may have a hidden liberal statist ideological agenda We cannot safely assume that those befuddled by economic tasks will eventually become adroit political players Furthermore research often demonstrates zero about political progress that results from political activism though it persuasively asserts that such gains have been made Scholars also forget that most goals that can be pursued in the civic realm can also be sought through private channels Millions of parents for example have secured better educations for their children simply by abandoning public education not battling the system This volume constitutes both a powerful challenge to the dogma that political activism is an unqualified good and a strong case that in many instances following the private route may be the superior option It will be of interest to political scientists sociologists and students of public policy The Limits of Civic Activism constitutes both a powerful challenge to the dogma that political activism is an unqualified good and a strong case that in many instances following the private route may be the superior option The book will be of interest to political scientists sociologists and students of public policy SirReadaLot org Robert Weissberg is professor of political science emeritus University of Illinois Urbana He is author of Polling Policy and Public Opinion The Politics of Empowerment Political Tolerance and Political Learning Political Choice and Democratic Citizenship
