

JOSEF KORBEL

Danger in Kashmir

PRINCETON LEGACY LIBRARY

Danger Kashmir Princeton Legacy Library

Christian G. Meyer

Danger Kashmir Princeton Legacy Library:

Danger in Kashmir Josef Korbel, 2015-12-08 An excellent presentation of the many complex factors which stem from the Kashmir dispute between India and Pakistan The author as the original Czech member of the United Nations Commission for India and Pakistan brings to his narrative first hand experience Originally published in 1954 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

How to Subvert a Democracy Josy Joseph, 2022-08-25 India is a democracy at bay This compelling book puts the spotlight not on political leaders but on the murky workings of India's deep state from the police to the federal investigative and intelligence agencies Traversing the Mumbai train blasts the Kashmir insurgency the Gujarat war on terror and the Delhi riots Josy Joseph reveals corruption and political agendas running through the core of agencies that should ensure justice and accountability and shows how this has undermined democracy In 2020 amid the Covid 19 pandemic India's democratic pillars suffered another blow the arrest of activists dissidents and journalists opposed to Narendra Modi's government some on dubious charges others under stringent anti terror laws Some contend that Modi has simply perfected the art of subverting a democratic state's security establishment bending it to his will With false arrests the overlooking of right wing Hindu terror an establishment bias against Muslims and an unenviable human rights record that has often relied on extrajudicial killings or false testimonies India's domestic security institutions have become just another player in pursuit of power How did this happen And why does India the world's largest democracy often subvert the very ideals of democratic politics when dealing with security challenges

[The Kashmir Question](#) Sumit Ganguly, 2004-03-01 India which had been created as a civic polity initially sought to hold on to this Muslim majority state to demonstrate its secular credentials Pakistan in turn had laid claim to Kashmir because it had been created as the homeland for the Muslims of South Asia After the break up of Pakistan in 1971 the Pakistani irredentist claim to Kashmir lost substantial ground If Pakistan could not cohere on the basis of religion alone it had few moral claims on its co religionists in Kashmir Similarly in the 1980s as the practice of Indian secularism was eroded India's claim to Kashmir on the grounds of secularism largely came apart Today their respective claims to Kashmir are mostly on the basis of statecraft This title provides a comprehensive assessment of a number of different facets of the on going dispute over Kashmir between India and Pakistan Among other matters it examines the respective endgames of both states the evolution of American policy toward the dispute the dangers of nuclear escalation in the region and the state of the insurgency in the Indian controlled portion of the disputed state

The Palgrave Handbook of New Directions in Kashmir Studies Haley Duschinski, Mona Bhan, Cabeiri deBergh

Robinson,2023-06-01 The Palgrave Handbook of New Directions in Kashmir Studies provides a comprehensive interdisciplinary and transregional perspective on the Kashmir dispute Spanning South and Central Asia Kashmir has been at the center of geopolitical conflicts and rivalries among India Pakistan and China for decades with members of heterogeneous local communities negotiating the complexities of regional state formations national power assertions and geopolitical competitions Taken together the chapters in this handbook examine diverse people s struggles to establish processes of democratic accountability in relation to the colonial era state consolidations postcolonial military occupations interstate wars intrastate armed conflicts and cold war and post cold war politics that have shaped and transformed social and political identities in the region Contributors chart out varied and bold new directions by attending to local constellations of situated knowledges and practices through which people living in different parts of the disputed region make sense of the conditions and contingencies of their political lives The handbook further initiates a dialogue on the ways in which state power and border regimes have shaped scholarship and undermined the pursuit of shared intellectual and political projects across physical and epistemological boundaries *Peaceworks* ,2006 *Kashmir* Shahid Javed Burki,2007 *Kashmir and Sindh* Suranjan Das,2001 Professor Das provides a fascinating study on the issue of ethnic politics in multi ethnic Third World countries and the non convergence of state and nation in this discussion of the Kashmir and Sindh questions The artificial de colonization process in the South Asian sub continent resulted in the construction of national frontiers for its two successor states that did not rest on a synchronization of ethnic and state boundaries Consequently cross border loyalties amongst significant sections of the population survived the boundaries imposed between the two successor states When in the context of centralizing nation building strategies ethnic political assertions occur in outlying or frontier areas of these nation states the distinction between domestic and external affairs or between home and foreign politics tends to lose its significance in the traditional sense Political actors from across the borders of neighbouring state can then deny the marks of their different objective nationalities and treat themselves as members of a single loyalty group Thus ethnic politics transcends its domestic contours and helps foment regional tensions In such circumstances ethnic assertions tend to constitute vital local or domestic ingredients that define the national security priorities within a particular region The current insurrection in Kashmir and turmoil in Sindh superbly demonstrate this pattern **The Making of Modern Kashmir** Altaf Hussain Para,2018-12-07 This book traces the roots of modern day Kashmir and the role of Sheikh Abdullah in its making As the most influential political figurehead in twentieth century Kashmir he played a crucial role in its transformation from a kingdom to a state in independent India He was enigmatic and complex to say the least Following his meteoric rise he dominated the political scene for more than 50 years with enduring impact The volume presents a keen analysis of pre Independence events which led to the emergence of a controversial and confused identity of the region It also looks at other major themes in the political life of Kashmir including the formation of the Muslim Conference the plebiscite movement and the Kashmir Accord A major

intervention in the political life of South Asia this book presents an inside view of the history of modern Kashmir through the life and times of Sheikh Abdullah It will be of great interest to scholars and researchers of politics history and modern South Asia **Mapping the End of Empire** Aiyaz Husain,2014-04-14 By 1945 Washington and London envisioned a new era in which the U S shouldered global responsibilities while Britain focused its regional interests narrowly Mapping the End of Empire reveals how Anglo American perceptions of geography and perspectives on the Muslim world shaped postcolonial futures from the Middle East to South Asia *The Cumulative Book Index* ,1967 A world list of books in the English language

Delve into the emotional tapestry woven by in Dive into the Emotion of **Danger Kashmir Princeton Legacy Library** .
