Citizenship Across The Curriculum Scholarship Of Teaching And Learning:

Citizenship Across the Curriculum Michael B. Smith, Rebecca S. Nowacek, Jeffrey L. Bernstein, 2010-05-03 Citizenship Across the Curriculum advocates the teaching of civic engagement at the college level in a wide range of disciplines and courses Using writing across the curriculum programs as a model the contributors propose a similar approach to civic education In case studies drawn from political science and history as well as mathematics the natural sciences rhetoric and communication studies the contributors provide models for incorporating civic learning and evaluating pedagogical effectiveness By encouraging faculty to gather evidence and reflect on their teaching practice and their students learning this volume contributes to the growing field of the scholarship of teaching and learning

The Scholarship of Teaching and Learning in and Across Disciplines Kathleen McKinney, 2013 Provides a state of the field review of recent SoTL scholarship

The Scholarship of Teaching and Learning In and Across the Disciplines Kathleen McKinney, 2013-01-21 The scholarship of teaching and learning SoTL began primarily as a discipline based movement committed to exploring the signature pedagogical and learning styles of each discipline within higher education with little exchange across disciplines As the field has developed new questions have arisen concerning cross disciplinary comparison and learning in multidisciplinary settings This volume by a stellar group of experts provides a state of the field review of recent SoTL scholarship within a range of disciplines and offers a stimulating discussion of critical issues related to interdisciplinarity in teaching learning and SoTL research

The Scholarship of Teaching and Learning Reconsidered Pat Hutchings, Mary Taylor Huber, Anthony Ciccone, 2011-07-12 Praise for The Scholarship of Teaching and Learning Reconsidered A worthy capstone that pulls together two decades of Carnegie Foundation projects on the scholarship of teaching and learning The authors review the genesis of these ideas and envision a future of continued integration of a culture of evidence in the world s universities and colleges Projects end but the work continues Lee S Shulman president emeritus The Carnegie Foundation for the Advancement of Teaching and Charles E Ducommun Professor of Education emeritus Stanford University This book captures the most important lessons from a decade of thoughtful experimentation with methods to improve the learning outcomes of American college students The authors have deep experience in institutionalizing various approaches that have been devised and endorsed by faculty in many kinds of higher education settings It will be a manual for those seeking to improve their own teaching and learning outcomes Katharine Lyall president emerita University of Wisconsin System The authors recount the history of research into one s own teaching further develop its conceptualization and make recommendations for how to bring it into the mainstream Collectively they have been at the center of the movement and have written spoken strategized and organized conversations and scholarly work on the topic for many years They present rich examples from many different environments and an unwavering vision of the benefits of the scholarship of teaching and learning and its potential Nancy Chism Indiana University School of Education Indianapolis This book reframes the literature on the scholarship of teaching

and learning faculty development assessment and the future of higher education The writing sparkles with fresh analysis on teaching learning academic culture and the possibilities for change This book will help both individual faculty and entire institutions to enhance scholarly teaching and to deepen student learning Peter Felten assistant provost and director Center for the Advancement of Teaching and Learning and associate professor of history Elon University **Applying the**

Scholarship of Teaching and Learning beyond the Individual Classroom Jennifer C. Friberg, Kathleen

McKinney, 2019-08-29 When the Scholarship of Teaching and Learning SoTL emerged it often concentrated on individual faculty practice in one classroom it is now however increasingly common to find work in SoTL focused more broadly SoTL studies may engage with a cluster of courses a program a particular population of students a pedagogical approach or a field all of which are represented in the essays collected here by authors from a diverse array of institutions and nations This volume features examples of SoTL research conducted in and applied to a variety of contexts and disciplines offering a theoretical framework for an expanded vision of SoTL one that moves beyond the individual classroom Higher Education

and Democracy John Saltmarsh, Edward Zlotkowski, 2011-01-28 A masterful collection of essays on the democratic potential of education *Teaching Research Methods in Political Science* Jeffrey L. Bernstein, 2021-06-25 Teaching Research Methods

in Political Science brings together experienced instructors to offer a range of perspectives on how to teach courses in political science It focuses on numerous topics including identifying good research questions measuring key concepts writing literature reviews and developing information literacy skills **Handbook on Teaching and Learning in Political**

Science and International Relations John Ishiyama, William J. Miller, Eszter Simon, 2015-02-27 With a focus on providing concrete teaching strategies for scholars the Handbook on Teaching and Learning in Political Science and International Relations blends both theory and practice in an accessible and clear manner In an effort to help faculty To Improve the

color Difficult Dialogues for cross cultural faculty development Faculty development beyond instructional development
Fundraising by teaching centers Evaluation of teaching and learning centers Faculty development career disruptions
Emergent shifts in the faculty development portfolio Gender in the Political Science Classroom Ekaterina M.
Levintova, Alison Kathryn Staudinger, 2018-07-12 Gender in the Political Science Classroom looks at the roles gender plays in
teaching and learning in the traditionally male dominated field of political science The contributors to this collection bring a
new perspective to investigations of gender issues in the political behavior literature and feminist pedagogy by uniting them
with the Scholarship of Teaching and Learning SoTL The volume offers a balance between the theoretical and the practical
and includes discussions of issues such as curriculum class participation service learning doctoral dissertations and
professional placements The contributors reveal the discipline of political science as a source of continuing gender based
inequities but also as a potential site for transformative pedagogy and partnerships that are mindful of gender While the
contributors focus on the discipline of political science their findings about gender in higher education are relevant to SoTL
practitioners other social science disciplines and the academy at large
