

Programming the remote control

- ⇨ Switch off the ignition.
- ⇨ Switch the ignition on again.
- ⇨ Press button **A**.
- ⇨ Switch off the ignition and remove the remote control key from the ignition lock. The remote control is now working again.

ELECTRONIC ENGINE IMMOBILISER

This locks the engine management system as soon as the ignition has been switched off and therefore prevents starting of the vehicle by anyone who does not have the key.

The ignition key has an electronic chip which has a special code. When the ignition is switched on, the code is recognised and the vehicle can be started.

If the system does not function correctly, you are warned by an audible signal and a message on the multi-function display.

In this case, the vehicle will not start.

Contact a CITROËN dealer as soon as possible.

CONFIDENTIAL CARD

The confidential card contains the identification code necessary for any work carried out by a CITROËN dealer on the system. This code is hidden by a film which should be removed only if necessary.

Keep your card in a safe place, never inside the vehicle.

Make a careful note of the number on each key. The key number is coded on the label attached to the key. If the keys are lost, your CITROËN dealer can rapidly supply you with new keys.

The high frequency remote control is a high-performance system which has a powerful beam.

Do not operate it while it is in your pocket as there is a possibility that it may unlock your vehicle, without you being aware of it.

The remote control does not operate when the key is in the ignition, even when the ignition is switched off, except for reprogramming.

As a safety precaution (with children on board), remove the ignition key when you leave the vehicle, even for a short time.

Do not repeatedly press the button of your remote control out of range of your vehicle. You risk causing it not to work and the remote control would have to be reprogrammed.

When purchasing a second-hand vehicle:

- ensure that you are given the confidential card;
- have the key codes memorised by a CITROËN dealer, to ensure that the keys in your possession are the only ones which can start the vehicle.

Do not make any modifications to the electronic engine immobiliser system.
