Changing Addictive Behavior Bridging Clinical And Public Health Strategies:

Changing Addictive Behavior Jalie A. Tucker, Dennis M. Donovan, G. Alan Marlatt, 2001-02-15 This volume proposes that prevailing clinical approaches to treating addictive behaviors are actually best suited to a minority of the population with problems in the case of substance abusers those with substantial functional impairment and physical dependence But what about persons with mild to moderate addictive behavior problems for whom intensive treatment may prove unnecessarily costly disruptive and stigmatizing Or those substance abusers who are unable or unmotivated to abstain but want to reduce the harm associated with drug use Contributors draw upon cutting edge theory and research to examine ways that traditional therapeutic treatments can be supplemented by public health interventions that extend the reach and effectiveness of care Timely and pragmatic the book points the way toward necessary evolutions in the roles of behavior change specialists in today's challenging health care environment Promoting Self-Change From Addictive Behaviors Harald Klingemann, Linda Carter-Sobell, 2007-08-09 Many are addicted Few are treated Yet many who are not treated recover Promoting Self Change from Addictive Behaviors examines natural recovery as a clinical phenomenon a field of inquiry and a vital component of therapy It also brings clinicians and counselors to a new understanding of addiction and recovery One of the few books on the topic this updated edition offers alternatives to disease models of addiction by exploring personal pathways to recovery Focusing on alcohol and drug problems it provides a literature review of 40 years of studies on self change with particular emphasis on the current decade and methodological issues starting with how much or how little treatment constitutes treatment The 24 experts keep the coverage consistently readable and dozens of brief narratives from individuals who have successfully recovered from an addictive behavior without formal help lend valuable personal perspectives More of the book's key features Core factors in self change from cognitive processes to social issues Case examples of natural recovery from smoking binge eating problem gambling and criminal behavior Redefining the role of treatment in changing addictive behaviors Cross cultural community and prevention perspectives on promoting self change Self change toolbox chapter offering assessment tools recovery strategies web links and other online resources With Promoting Self Change from Addictive Behaviors health care professionals and researchers from psychologists and social workers to nurses sociologists and physicians can find more effective methods to fit client needs and develop new insights into the recovery process Public health workers and policymakers will also find informative strategies for tapping this rich therapeutic resource *The Oxford Handbook of Health Communication, Behavior Change, and Treatment Adherence* Leslie R. Martin, M. Robin DiMatteo, 2014 This edited volume brings together top notch scientists and practitioners to illustrate intersections between health communication behavior change and treatment adherence **Assessment of Addictive Behaviors, Second Edition** Dennis M. Donovan, G. Alan Marlatt, 2013-10-15 This comprehensive clinical resource and text is grounded in cutting edge knowledge about the biopsychosocial processes involved in addictive behaviors Presented are

research based eminently practical strategies for assessing the treatment needs and ongoing clinical outcomes of individuals who have problems with substance use and nonchemical addictions From leading contributors the book shows how to weave assessment through the entire process of care from the initial screening to intervention relapse prevention and posttreatment monitoring

Promoting Self-Change from Problem Substance Use Harald Klingemann,Linda C. Sobell,J. Barker,J. Blomqvist,W. Cloud,T. Ellinstad,D. Finfgeld,R. Granfield,D. Hodgings,G. Hunt,C. Junker,F. Moggi,S. Peele,R. Smart,M. Sobell,J. Tucker,2012-12-06 For many years what has been known about recovery from addictive behaviors has come solely from treatment studies Only recently has the study of recoveries in the absence of formal treatment or self help groups provided an alternative source of information This book on the process of self change from addictive behaviors is the first of its kind as it presents more than research findings Rather it presents the process of self change from several different perspectives environmental cross cultural prevention and interventions at both societal and individual level It provides strategies for how health care practitioners and government policy makers alike can aid and foster self change Directions for future research priorities are also presented

Adolescents, Alcohol, and Substance Abuse Peter M. Monti,Suzanne M. Colby,Tracy O'Leary Tevyaw,2012-01-27 This volume reviews a range of empirically supported approaches to prevention and treatment of adolescent substance use problems The focus is on motivationally based brief interventions that can be delivered in a variety of contexts that address key developmental considerations and that draw on cutting edge knowledge on addictive behavior change From expert contributors coverage encompasses alcohol skills training integrative behavioral and family therapy motivational interviewing interventions for dually diagnosed youth Internet based education prevention and treatment and applications to HIV prevention The volume is extensively referenced and includes numerous clinical illustrations and vignettes

Making Mandated Addiction Treatment Work Barbara C. Wallace,2019-04-15 The second edition of Making Mandated Addiction Treatment Work integrates cutting edge research with evidence based addiction treatments to create a unified and effective treatment model for mental health professionals and those in training Because the largest and fastest growing segment of the community based addiction treatment population includes those who are mandated Barbara C Wallace provides insightful best practices for tailoring addiction treatment to diverse and challenging clients including those who may have a history of trauma or mental disorders different levels of motivation and a high risk of relapse Applicable in a variety of treatment settings in both urban and rural communities this text weaves together new research and vivid case studies into a concise and practical resource This book is ideal for practitioners and students of public health criminal justice and social welfare services

Addiction Counseling Competencies,2006

Pharmacology and Treatment of Substance Abuse Lee M. Cohen,Frank L. Collins, Jr.,Alice Young,Dennis E. McChargue,Thad R. Leffingwell,Katrina L. Cook,2013-03-01 Given the prevalence of substance abuse in general clinical populations it is important for healthcare providers to have knowledge and skill in the treatment of these problems Evidence

Based Practice EBP involves the integration of the best evidence with clinical expertise and patient values This text is designed as a bridge for practitioners that will provide up to date evidence reviews as well as information on how to best keep up with emerging trends in the field The editors have gathered expert authors to provide a much needed summary of the current status of the evidence based practice for both the assessment and treatment of specific substance use disorders

Substance Abuse Treatment and the Stages of Change Gerard J. Connors, Carlo C. DiClemente, Mary Marden Velasquez, Dennis M. Donovan, 2012-12-18 A widely adopted practitioner resource and course text this book shows how to apply knowledge about behavior change in general and the stages of change model in particular to make substance abuse treatment more effective The authors are leaders in the field who describe ways to tailor interventions for clients with varying levels of motivation or readiness to change They draw on cutting edge theory and research on the transtheoretical model to explain what works and what doesn't work at different stages of change Rich clinical examples illustrate the what's, why's and how to's of using the stages of change model to inform treatment planning and intervention for individuals, groups, couples and families New to This Edition Reflects the ongoing development of the stages of change model and research advances over the past decade Chapter on stage based brief interventions in health care, social service and community settings Group treatment chapter has been significantly revised Expanded coverage of the change processes relevant to each stage See also Group Treatment for Substance Abuse Second Edition by Mary Marden Velasquez et al a manual for a group based approach grounded in the transtheoretical model
