taught me this brilliant way of learning English when I was in school I would definitely recommend my friends use this method Carol Grammar Lover To be honest with you the only way I can stomach studying grammar is through sentence diagramming I have a normal grammar book but I get so fed up trying to learn all of the rules and the exceptions to the rules Elizabeth Reluctant Grammar Lover **Rex Barks** Phyllis Davenport, 2004 a masterful presentation of grammar a well structured incremental course in diagramming with clear explanations and memorable illustrations of each new principle Phyllis Davenport understands that if you want to make yourself understood you need grammar Her textbook abounds with examples of the ambiguities that result from an ignorance of grammatical rules The art of diagramming sentences provides students with an indispensable foundation for the study of grammar and Rex Barks makes the process of learning this skill manageable and fun The book is laid out in logical incremental steps and students are given the opportunity to master one concept before proceeding to the next It contains many clever devices to help students with tricky concepts e g prepositions are to be remembered as anything a squirrel can do to a tree And it is pervaded by her sense of humor and enthusiasm for her subject Lisa VanDamme Director VanDamme Academy **Sentence Analysis by Diagram** Henry Copp Edgar, 1915
