Pronunciation and Phonetics Adam Brown,2014-03-26 This engaging succinct text is an introduction to both phonetics and phonology as applied to the teaching of pronunciation to English language learners Section 1 selectively covers the main areas of phonetics and phonology without going into any area in more depth than the average English language teacher requires or that the average English language teacher trainee can handle Section 2 focuses on practical issues related to learners and how they learn languages and what represents good practice in terms of classroom activities for pronunciation including aspects such as targets motivation and priorities The chapters end with activities to help the reader understand concepts Section 3 provides innovative sample activities which put into practice the theoretical points covered in the first two sections answers to the various exercises recommended further reading both print and non print a glossary of technical phonetic terms and a bibliography of works on pronunciation teaching The text is accompanied by a Companion Website with audio recordings of model pronunciations and audio material relating to the activities

Sociocultural Theory and the Pedagogical Imperative in L2 Education James P. Lantolf,Matthew E. Poehner,2014-03-05 Explicating clearly and concisely the full implication of a praxis oriented language pedagogy this book argues for an approach to language teaching grounded

in a significant scientific theory of human learning a stance that rejects the consumer approach to theory and the dichotomy between theory and practice that dominates SLA and language teaching This approach is based on Vygotsky's sociocultural theory according to which the two activities are inherently connected so that each is necessarily rooted in the other practice is the research laboratory where the theory is tested From the perspective of language education this is what is meant by the pedagogical imperative Sociocultural Theory and the Pedagogical Imperative in L2 Education Elaborates a new approach to dealing with the relationship between theory and practice an approach grounded in praxis the dialectical unity of theory and practice Presents an analysis of empirical research illustrating praxis based principles in real language classrooms Brings together cognitive linguistics and sociocultural theory the former provides the theoretical knowledge of language required of praxis and the latter furnishes the theoretical principles of learning and development also called for in a praxis approach Offers recommendations for redesigning teacher education programs Its timely focus on the theory practice gap in language education and its original approach to bridging it put this book at the cutting edge of thinking about Vygotskian sociocultural theory in applied linguistics and SLA Nonnative Speaker English Teachers George Braine, 2010-04-05 This book traces the origins and growth of the nonnative speaker teacher movement in TESOL since its birth a decade ago summarizes the research that has been conducted highlights the challenges faced by NNS teachers and promotes NNS teachers professional growth *Language Teacher Education for a Global Society* B. Kumaravadivelu, 2012-05-22 This book introduces a state of the art model for second foreign language language teacher education Knowing Analyzing Recognizing Doing and Seeing KARDS Its goal is to develop prospective and practicing teachers into strategic thinkers exploratory researchers and transformative teachers
