his career that he knew nothing at all about women it was not because he had failed to write about them or to make a thorough study of them Gissing used the woman question of his day to create female characters as much alive now as when he first began to write *The Queen of Hearts* ,1820 [The Queen of Hearts](#) Wilkie Collins,2025-08-18 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
