Dialectical Theology And Jacques Ellul An Introductory Exposition:

Dialectical Theology and Jacques Ellul Jacob E. Van Vleet, 2014-09-01 Jacob E Van Vleet argues that the work of Jacques Ellul is frequently misread on account of inattention to the theological underpinning that governs Ellul's thought. In a penetrating analysis, the first of its kind, Van Vleet provides a substantive account of the theological structure of Ellul's work and demonstrates the determinative role that theology plays in a proper understanding of Ellul. The book offers a major introduction to Ellul's thought, his contribution to theology and philosophy, and how his philosophy of technology is both theologically informed and culturally relevant. **A New Reading of Jacques Ellul** Jacob Marques Rollison, 2020-09-10 This book presents an original and dynamic reading of the twentieth-century French sociologist and theological ethicist Jacques Ellul. Adopting Ellul's use of presence as a hermeneutical key to understanding his work, it examines the origins of Ellul's approach to presence in his readings of Kierkegaard and the biblical book of Ecclesiastes, highlights the central structural role of presence in Ellul's theological ethics, and elucidates a crucial turning point in Ellul's theology following a personal crisis in Ellul's faith and life. Drawing from numerous unpublished and untranslated texts, Jacob Marques Rollison argues that this crisis involves confrontation with a critique of presence manifest in Ellul's reading of and engagement with Michel Foucault. Marques Rollison distills Ellul's sociological critiques and theological responses to this crisis, presenting Ellul's evolving theology against the background of major shifts in French intellectual life. In doing so, the author simultaneously calls for renewed engagement with Ellul's prophetic thought, critically appraises Ellul's dialectical theology and Marxist inheritances, and develops a robustly Protestant approach to theological communication ethics for our time. Jacques Ellul and the Bible Jacob Marques Rollison, 2022-05-26 The hermeneutic contribution of the French theologian and sociologist Jacques Ellul is given new prominence in this striking collection of essays revealing him to be one of the twentieth century's most creative and insightful interpreters of the Bible. With a breadth of contributors ranging from established biblical scholars and theologians to pastoral practitioners, from top Ellul scholars to emerging voices, and including six first-time English translations of Ellul's own articles, this volume not only provides a detailed overview of Ellul's biblical approach but also constitutes a crucial moment in Ellul's theological reception. The essays gathered here represent a clear demonstration that the full potential of Ellul's theological interpretation of Scripture to rejuvenate and reconfigure contemporary biblical hermeneutics has yet to be seen. **Questioning Technology with Jacques Ellul** David W. Gill, Lisa Richmond, 2025-10-07 Twenty-first-century technology is an ever-expanding powerful force in virtually every aspect of human life and every corner of the globe. So much of modern technology has resulted in positive improvements in communication, work, health, and other domains. Technology's promises and possibilities for the future are often glowing. But it is one thing for technology to function as a tool serving human purpose and flourishing, and quite another for it to be granted the position of unquestioned master. All technologies deserve to be questioned. What are their costs, trade-offs, and potential or real negative impact? And how do

we create limits and controls for technological invasion when these would be wise and necessary

Questioning Technology with Jacques Ellul addresses these questions in both the big picture and in their relevance to specific arenas such as art politics work and religion with voices from not just the academy but also the workplace and society **Jacques Ellul** Jacob E. Van Vleet, Jacob Marques Rollison, 2020-04-13 Jacques Ellul 1912 1994 was Professor of the History and Sociology of Institutions at the University of Bordeaux A sociologist historian and Protestant lay theologian Ellul is primarily known for his writings on technology propaganda and Christian anarchism He influenced a wide array of thinkers including Ivan Illich William Stringfellow Thomas Merton Paul Virilio and Neil Postman In this book Jacob Van Vleet and Jacob Marques Rollison guide readers through Ellul s most influential theological and sociological writings By understanding Ellul s primary works readers will be able to clearly grasp his social theory and theological ethics profiting from his deep insight and prophetic wisdom

Theology of Preaching and Dialectic Aaron P. Edwards, 2018-07-12 How does the preacher know what God might say now based upon the many things God said then Preachers and theologians throughout Christian history have grappled with Scripture s diverse emphases alongside the urgent task of declaring the authoritative Word of God in the contemporary pulpit Aaron Edwards offers a new way of engaging with this problem by exploring the theological relationship between biblical dialectics and heraldic proclamation Edwards highlights the theological necessity of dialectical variety without forfeiting assertiveness in the prophetic moment of preaching A vast array of key voices from the theological tradition are

drawn upon including Augustine Aquinas Eckhart Luther Calvin Hegel Kierkegaard Chesterton Barth Bultmann Tillich Ebeling and others to navigate the connection between Scriptural unity clarity and paradoxical plurivocality leading to a nuanced account of dialectic Applying this to the homiletically neglected concept of heraldic confidence in preaching Edwards examines the theological possibility of preaching in light of dialectical complexity via its prophetic dimension He shows how the uniquely revelatory relationship of Word and Spirit enables Scriptural illumination prophetic discernment and dialectical decisiveness in the momentary encounter which undergirds all Christian proclamation

Jacques Ellul on Violence, Resistance, and War Jeffrey M. Shaw, Timothy J. Demy, 2016-04-12 The last few decades seem to have ushered in new levels of violence challenging the notion that our globalized interconnected world offers increased prospects for cooperation and peace Many philosophers and theologians have offered various reasons for why this might be so but none has come so close as the French philosopher Jacques Ellul to providing a comprehensive explanation for many of the pitfalls inherent in increasing levels of technological advance The chapters in this book explore the phenomena of violence terrorism and war through the lens of Ellul's thought Readers unfamiliar with Ellul will find as much to consider in these chapters as those who have studied Ellul extensively and for both the novice and the expert this book offers an opportunity to both evaluate and reevaluate Ellul's extensive thought on matters of importance to contemporary society

Bulwarks of Unbelief Joseph Minich, 2023-04-12 How modernity creates atheists and what the church must do about it Millions of people in the West identify as atheists Christians often respond to this reality with proofs of God's existence as though rational arguments for atheism were the root cause of unbelief In *Bulwarks of Unbelief* Joseph Minich argues that a felt absence of God as experienced by the modern individual offers a better explanation for the rise in atheism Recent technological and cultural shifts in the modern West have produced a perceived challenge to God's existence As modern technoculture reshapes our awareness of reality and belief in the invisible it in turn amplifies God's apparent silence In this new context atheism is a natural result And absent of meaning from without we have turned within Christians cannot escape this aspect of modern life Minich argues that we must consciously and actively return to reality If we reattune ourselves to God's story reintegrate the whole person and reinhabit the world faith can thrive in this age of unbelief

Enjoying the Track of Term: An Mental Symphony within **Dialectical Theology And Jacques Ellul An Introductory Exposition**

In a world used by displays and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony produced by the published word often fade into the back ground, eclipsed by the persistent noise and distractions that permeate our lives. Nevertheless, situated within the pages of **Dialectical Theology And Jacques Ellul An Introductory Exposition** a stunning literary value filled with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, that charming masterpiece conducts visitors on a psychological trip, well unraveling the hidden melodies and profound influence resonating within each cautiously constructed phrase. Within the depths of the poignant evaluation, we will discover the book is key harmonies, analyze their enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
