Dialogues on the Supersensual Life Jakob Böhme, 2018-10 Taken from the Preface Man has a spark of the Light and Spirit of God as a supernatural gift of God given into the birth of his Soul to bring forth by degrees a new birth of that life which was lost in Paradise This holy spark of the Divine Nature within him has a natural strong and almost infinite tendency or reaching after that eternal Light and Spirit of God from whence it came forth It came forth from God it came out of God it partaketh of the Divine Nature and therefore it is always in a state of tendency and return to God All this is called the breathing the moving the quickening of the Holy Spirit within us which are so many operations of this spark of life tending towards God On the other hand the Deity as considered in itself and without the Soul of man has an infinite unchangeable tendency of love and desire towards the Soul of man to unite and communicate its own riches and glories to it just as the Spirit of the air without Man unites and communicates its riches and virtues to the Spirit of the air that is within Man
