SHEILA. ALLAN, 2016 *Diary of a Girl in Changi, 1941-45* Sheila Allan, 1994 A wartime diary kept by a 17 year old woman of Australian and Malaysian descent imprisoned during World War II Sheila Bruhn s account is a woman s view of war and the Japanese occupation of Malaysia **The Girls' Diary Project** Shannon McFerran, Daniel George Scott, 2013 New Perspectives on the Japanese Occupation in Malaya and Singapore, 1941-1945 Yōji Akashi, Mako Yoshimura, 2008-12-01 Information on the Japanese Occupation of Malaya and Singapore is sparse and Japanese language materials are particularly difficult to find because the Japanese military systematically destroyed war related documents when the war ended The contributors to this volume participated in a Forum that spent four years locating surviving materials relating to the Occupation of Malaya The group had three objectives to collect primary sources to interview Japanese military and civilian officials who took part in the military administration and people in Malaysia and Singapore who experienced the period and to publish the results of the studies Based on interviews with Japanese Malaysians and Singaporeans who lived through the war years and materials gathered from archives and libraries in Britain Malaysia Singapore USA Australia and India the Forum has produced a number of Japanese language publications This book makes available some of their research findings in English Topics covered include the Watanabe Military Administration Japanese

research activities in Malaya Japan's Economic Policies Malayan Communist Party Leaders and the Anti Japanese Resistance the Massacre of Chinese in Singapore Railway Transportation during the Japanese Occupation Period The Singapore Internment Camp for Allied Civilian Women and the Japanese Surrender This volume is a revised version of Akashi Yoji ed Nippon Senryoka no Eiryō Maraya Shingaporu Tokyo Iwanami Shoten Publishers Co 2001 'Boredom is the Enemy' Amanda Laugesen, 2016-04-15 War is often characterised as one per cent terror 99 per cent boredom Whilst much ink has been spilt on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier's time As such this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative imaginative and intellectual lives It examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts arguing that soldiers used entertainment and education in ways that suited them The focus in the book is on Australians and their experiences primarily during the First World War but with subsequent chapters taking the story through the Second World War to the Vietnam War This focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual's relationship and engagement with education and entertainment It can also suggest the continuities and changes in these experiences through the course of three wars The story of Australians at war illuminates a much broader story of the experience of war and people's responses to war in the twentieth century

**A History of Modern Singapore, 1819-2005** C.M. Turnbull, 2009-01-01 When C M Turnbull's A History of Singapore 1819 1975 appeared in 1977 it quickly achieved recognition as the definitive history of Singapore A second edition published in 1989 brought the story up to the elections held in 1988 In this fully revised edition rewritten to take into account recent scholarship on Singapore the author has added a chapter on Goh Chok Tong's premiership 1990 2004 and the transition to a government headed by Lee Hsien Loong The book now ends in 2005 when the Republic of Singapore celebrated its 40th anniversary as an independent nation Major changes occurred in the 1990s as the generation of leaders that oversaw the transition from a colony to independence stepped aside in favour of a younger generation of leaders Their task was to shape a course that sustained the economic growth and social stability achieved by their predecessors and they would be tested towards the end of the decade when Southeast Asia experienced a severe financial crisis Many modern studies on Singapore focus on current affairs or very recent events and pay a great deal of attention to Singapore's successful transition from the developing to the developed world However younger historians are increasingly interested in other aspects of the country's past particularly social and cultural issues A History of Modern Singapore 1819 2005 provides a solid foundation and an overarching framework for this

research surveying Singapore's trajectory from a small British port to a major trading and financial hub within the British Empire and finally to the modern city state that Singapore became after gaining independence in 1965

**Australia's War 1939-45** Joan Beaumont, 2020-09-10 The Second World War was a dominant experience in Australian history For the first time the country faced the threat of invasion The economy and society were mobilised to an unprecedented degree with 550 000 men and women or one in twelve of a population of over 7 million serving in the armed forces overseas Social patterns and family life were disrupted Politically the war gave a new legitimacy to the Australian Labor Party which had been confined to the wilderness of the Opposition at the Federal level for most of the inter war years The powers of the Federal government increased and a new momentum for social reform was generated at the popular and governmental level In the international sphere the war fundamentally shook Australian confidence in the power on which it had relied for generations Great Britain It generated a sense of independence in Australian foreign policy and initiated a new if halting and problematic realignment towards the United States In this accessible book Joan Beaumont Kate Darian Smith David Lee David Lowe Marnie Haig Muir Roy Hay and David Walker consider the range of Australia's experience of this conflict In a single volume they draw together the many aspects of the war and distil the current state of historical scholarship Australia's War 1939 45 will be invaluable to tertiary students and of enormous interest to the reader concerned with the social political and military history of Australia A companion volume on the First World War is also available

**From Hell Island To Hay Fever** Paul Watkins, 2018-10-16 When celebrating his 106th birthday Dr Bill Frankland was asked why he had lived to such an age His reply was quite straightforward Because I have been so near to death so many times This is the biography of a truly remarkable man Growing up in the Lake District he qualified as a doctor in 1938 A year later he joined the Army and served his country throughout World War 2 It was only the toss of a coin which saved him from certain death in Singapore in February 1942 Imprisoned on Hell Island he suffered terribly under his Japanese captors After the war he decided not to talk about his experiences Instead focussing on his career in medicine he worked for Sir Alexander Fleming developed the pollen count and helped thousands of patients suffering from hay fever An internationally acclaimed expert he has treated presidents and paupers around the world Using his own words this book tells the story of an outstanding doctor one who has lived through two world wars served his King and Country and made major contributions to medicine
