games game design resources and articles about designing and developing games **Computers and Games** Michael Hartisch, Chu-Hsuan Hsueh, Jonathan Schaeffer, 2025-05-02 This book constitutes the refereed proceedings of the 12th International Conference on Computers and Games CG 2024 held as a virtual event during November 25-29, 2024. The 17 full papers included in this book were carefully reviewed and selected from 40 submissions. They are organized in the following topical sections: Chess and its Variants; Go and NoGo; General Approaches for Solving and Playing Games; Nonograms; Social Aspects of Games; and Games with Uncertainty *Learning Video Game Design on the Tabletop* Ethan Ham, 2024-10-24 Learn the mechanics that take your game from an idea to a playable product. Do you aspire to be a game designer but aren't sure where to begin? *Learning Video Game Design on the Tabletop* guides you through your initial attempts to design game mechanics. It goes beyond simple description and definition to explore in detail the issues that designers grapple with for every game they create. *Learning to design tabletop games* builds a solid foundation for game designers and provides methods that can be applied towards creating paper prototypes of computer-targeted games. Presented in a step-by-step format, this book helps the reader understand how the game design skills that are acquired through creating tabletop games can be used when designing video games. Fully playable games accompany every topic so you can truly understand and experience each component that goes into game creation. The Second Edition includes Simple highly focused games that can be played, analyzed, improved, and/or modified in conjunction with a particular topic in the book. Integrated game design exercises, chapter learning objectives, and in-text sidebars provide further examples to apply directly to your game creation process. Essays from professional tabletop and video game designers in which they describe their professional journeys and design philosophies **Eurogames** Stewart Woods, 2012-08-16 While board games can appear almost primitive in the digital age, eurogames also known as German style board games have increased in popularity nearly concurrently with the rise of video games. Eurogames have simple rules and short playing times and emphasize strategy over luck and conflict. This book examines the form of eurogames, the hobbyist culture that surrounds them, and the way that hobbyists experience the play of such games. It chronicles the evolution of tabletop hobby gaming and explores why hobbyists play them, how players balance competitive play with the demands of an intimate social gathering, and to what extent the social context of the game encounter shapes the playing experience. Combining history, cultural studies, leisure studies, ludology, and play theory, this innovative work highlights a popular alternative trend in the gaming community.
