L. Oldhoff,2024-06-10 Theology of the Soul engages with a thoroughly theological and philosophical subject in fresh and profound ways the soul The author examines the possibility of a concept of the soul in modern Western theology In the second part of the 20th century speaking about the soul was strongly criticized in Theology and Philosophy Consequently many academic theologians consider the word soul problematic Remarkably the word soul is very much present in contemporary culture This book takes cultural notions of the soul as employed by for example Marilynne Robinson and Oprah

Winfrey as a point of departure The author then investigates the functions of the soul in classical theologies and provides elucidating overviews of the ways in which the soul is discussed and problematized in contemporary Philosophy and Biblical Studies After introducing the apostle Paul as conversation partner she reconsiders various contemporary concepts from a Pauline perspective and offers a constructive systematic theological proposal to speak of the soul in today's modern theological and cultural contexts This interdisciplinary study integrates continental and analytic methods and discussions on the soul in Philosophy and Theology providing a very comprehensive study of the soul *Queer Companions* Omar Kasmani, 2022-03-23 In *Queer Companions* Omar Kasmani theorizes saintly intimacy and the construction of queer social relations at Pakistan's most important site of Sufi pilgrimage Conjoining queer theory and the anthropology of Islam Kasmani outlines the felt and enfolded ways in which saintly affections bind individuals society and the state in Pakistan through a public architecture of intimacy Islamic saints become lovers and queer companions just as a religious universe is made valuable to critical and queer forms of thinking Focusing on the lives of ascetics known as fakirs in Pakistan Kasmani shows how the affective bonds with the place's patron saint a thirteenth century antinomian mystic foster unstraight modes of living in the present In a national context where religious shrines are entangled in the state's infrastructures of governance coming close to saints further entails a drawing near to more than official histories and public forms of affect Through various fakir life stories Kasmani contends that this intimacy offers a form of queer world making with saints **The Life and Works of Augusta Jane Evans Wilson, 1835-1909** Brenda Ayres, 2016-03-03 Over the course of her 57 year career Augusta Jane Evans Wilson published nine best selling novels but her significant contributions to American literature have until recently gone largely unrecognized Brenda Ayres in her long overdue critical biography of the novelist once referred to as the first Southern woman to enter the field of American letters credits the importance of Wilson's novels for their portrait of nineteenth century America As Ayres reminds us the nineteenth century American book market was dominated by women writers and women readers a fact still to some extent obscured by the make up of the literary canon In placing Wilson's novels firmly within their historical context Ayres commemorates Wilson as both a storyteller and maker of American history Proceeding chronologically Ayres devotes a chapter to each of Wilson's novels showing how her views on Catholicism the South the Civil War male authority domesticity Reconstruction and race were both informed by and resistant to the turbulent times in which she lived This comprehensive and meticulously researched biography contributes not only to our appreciation of Wilson's work but also to her importance as a figure for understanding women's roles in history and their art evolving gender roles and the complicated status of women writers **Bajo el árbol del paraíso** Juan José Prat Ferrer, 2008 Los paradigmas's mboles y otros constructos que el hombre culto ha usado en el desarrollo de la Folclor stica forman parte de este estudio Los reformadores de costumbres humanistas e historiadores de los pueblos desarrollaron un inter's por construir una cultura nacional basada en la preservaci n de un pasado prestigioso bajo la idea de una Edad de Oro original

Los fundadores de la disciplina buscaron la identidad cultural de los pueblos fijando su atención en la cultura rural. Diversas escuelas se interesaron por buscar el origen de las tradiciones y su diseminación por Europa tras el descubrimiento de las formas internacionales del folclore.

The Fullness of Love Eric Todd, 2022-08-22 Eric Todd experienced a life changing phenomenon of life after death at the moment of his mother's passing. He intuited a Oneness wrapped in indescribable Love and Peace or an InfiUnity with God. Todd is also a recovering Evangelical calling to repeal and replace Churchianity. Baptized in a history of racism, partisan politics and religious nationalism, he makes the case that it is a dangerous cult co-opting the name of Christ. He believes that the teachings of Jesus, unfiltered by centuries of constrictive voices, are revolutionary to hearers today. As such, Todd declares a mandate saying: It's time to know deeper, not more, and has found freedom in the unknowing mysteries of God. In *The Fullness of Love*, Todd draws from the ancient faith's wealth of orthodoxy, distilling difficult and nuanced biblical passages to transform the message and practice for the twenty-first century.

Kama Muta Alan Page Fiske, 2019-11-26 This book describes a ubiquitous and potent emotion that has only rarely and recently been studied in any systematic manner. The words that come closest to denoting it in English are being moved or touched, having a heart warming feeling, feeling nostalgic, feeling patriotic or pride in family or team. In religious contexts, when the emotion is intense, it may be labeled ecstasy, mystical rapture, burning in the bosom or being touched by the Spirit. All of these are instances of what scientists now call kama muta. Sanskrit: moved by love. Alan Page Fiske shows that what evokes this emotion is the sudden creation, intensification, renewal, repair or recall of a communal sharing relationship when love ignites or people feel newly connected. He explains the social, psychological, cultural and likely evolutionary processes involved and how they interlock. Kama muta is described as it manifests in diverse settings at many points in history across scores of cultures in everyday experiences as well as the peak moments of life. The chapters illuminate the occurrence of kama muta in a range of contexts including religion, oratory, literature, sport, social media and nature. The book will be of interest to students and scholars from a number of disciplines who are interested in emotion or social relationships. Representative Men Ralph Waldo Emerson, 2025-03-05T03:47:14Z *Representative Men* is a collection of seven lectures by Ralph Waldo Emerson that were published as a book of essays in 1850. In the first essay, Emerson discusses the role of great men and the importance they have on society. He argues that great men, with their actions and achievements, inspire others to reach for their own greatness. Emerson then examines the lives and works of six men he considers examples of what is possible for the rest of humanity: Plato the philosopher, Swedenborg the mystic, Montaigne the skeptic, Shakespeare the poet, Napoleon the man of the world, and Goethe the writer.
