Blutmagie - Band 1 - THEORIE DER BLUTMAGIE - Wissen und Erkenntnis Frater Lysir,2023-06-29 Blutmagie Im vorliegenden Buch existieren viele ausführliche und THEORETISCHE Thematisierungen des Arbeitsgebietes der Blutmagie sodass hier der magische Neuling wie auch der erfahrene magische Protagonist eine breite Fülle an Wissen und Erkenntnis erhielt So beinhaltet der theoretische Teil dieses Werkes Abhandlungen und Analysen über die Möglichkeiten der Blutmagie über die verschiedenen magischen Blickwinkel die sich auf das Blut beziehen einmal im wissenschaftlichen Kontext im Kontext der

Charakteranalyse und der Blutgruppen und natürlich auch im Kontext einer kultischen Verwendung. Doch auch die esoterischen religiösen und vor allen Dingen die magisch praktischen Sichtweisen werden hier dargestellt und erklärt um auf der einen Seite mit beholten Vorurteilen über die Blutmagie aufzuräumen und auf der anderen Seite klar und deutlich zu zeigen was die Blutmagie alles beinhaltet und welche Möglichkeiten sich mit der Hilfe der Blutmagie ergeben. Es werden verschiedene Mythen des Blutes aufgegriffen es werden magische Analysen präsentiert sodass hier eben auch in theoretischen Aufschlüsselungen die zeremoniell magische Praxis der Blutmagie eine zielgenaue Betrachtung erfährt. So werden hier energetisch magische Überlegungen angestrebt wodurch die Blutmagie in einem neuen Kontext verstanden und auch angewendet werden kann. Dadurch dass hier auch die Thematik der Schöpfung via Blutmagie aufgegriffen wird speziell die Kreation energetische Entitäten existiert hier eine tiefgreifende Komplexität. Doch auch die Analysen und die Thematisierungen von Blutpakten Energieübertragungen Vitalisierungen via Blut und Blutmagie genauso wie die Verknüpfung zu der klassischen Elementenlehre im terrestrischen aber auch im stellaren Sinne existiert im theoretischen Fragment dieses Werkes über die Blutmagie. So existiert hier ein umfassendes theoretisches Werk zur Blutmagie auf dass jeder diesen magischen Arbeitsbereich für sich erkennen und nutzen kann.

Einsteiger und Mondschtige mit vielen einfachen bungen Ritualen und Meditationen Don't touch this book! Jan van Helsing, 2013-11-21 You are surely now asking yourself why you are supposed to keep your hands off this book Is it just a clever advertising strategy Hardly so As you know two books of Jan van Helsing had been banned in Germany and Switzerland due to their highly controversial contents And the mainstream media too barely lets a day go by without warning the populace about the ideas of Germany's most dangerous author of specialized books Now Jan van Helsing is once again shaking up someone's world view yours The advice Don't touch this book absolutely was meant to be taken seriously Because after reading this book it won't be easy for you to continue living your life the way you have been Today you could possibly still think Nobody told me this so how was I supposed to know Today you could also still hold the opinion that you as an individual have no say anyway and cannot change anything However after reading this book this point of view will be history If you are someone who is not interested in secrets who has never felt the wish for internal and external wealth who is unconcerned about success and health then it will certainly be better if you follow the well meant advice and keep your hands off this book But if you have always felt that something isn't quite right with this world if you are interested in the last secrets of this enlightened world and if you are someone who wants to find out what else life might have in store then this book is for you But don't say you haven't been warned Because Jan van Helsing will tell you about things and events that will give you a chance to have power over your own life and the power to let others partake in it And those who have power also bear a huge responsibility So now you have to make a choice Do you want to continue being lived by others or has the time come for you to take charge of your own destiny The decision is yours
