## **Conduct Books For Girls In Enlightenment France:**

**Conduct Books for Girls in Enlightenment France** Nadine Berenguer, 2016-05-23 During the eighteenth century at a time when secular and religious authors in France were questioning women's efforts to read a new literary genre emerged conduct books written specifically for girls and unmarried young women In this carefully researched and thoughtfully argued book Professor Nadine Berenguer shares an in depth analysis of this development relating the objectives and ideals of these books to the contemporaneous Enlightenment concerns about improving education in order to reform society Works by Anne Thérèse de Lambert Madeleine de Puisieux Jeanne Marie Leprince de Beaumont Louise d'Epinay Barthélemy Graillard de Graville Chevalier de Cerfvol abb Joseph Reyre Pierre Louis Roederer and Marie Antoinette Lenoir take up a wide variety of topics and vary dramatically in tone But they all share similar objectives acquainting their young female readers with the moral and social rules of the world and ensuring their success at the next stage of their lives While the authors regarded their texts as furthering the common good they were also aware that they were likely to be controversial among those responsible for girls education Berenguer's sensitive readings highlight these tensions as she offers readers a rare view of how conduct books were conceived consumed re edited memorialized and sometimes forgotten In the broadest sense her study contributes to our understanding of how print culture in eighteenth century France gave shape to a specific social subset of new readers modern girls

**Conduct Books for Girls in Enlightenment France** Nadine Berenguer, 2016-05-23 During the eighteenth century at a time when secular and religious authors in France were questioning women's efforts to read a new literary genre emerged conduct books written specifically for girls and unmarried young women In this carefully researched and thoughtfully argued book Professor Nadine Berenguer shares an in depth analysis of this development relating the objectives and ideals of these books to the contemporaneous Enlightenment concerns about improving education in order to reform society Works by Anne Thérèse de Lambert Madeleine de Puisieux Jeanne Marie Leprince de Beaumont Louise d'Epinay Barthélemy Graillard de Graville Chevalier de Cerfvol abb Joseph Reyre Pierre Louis Roederer and Marie Antoinette Lenoir take up a wide variety of topics and vary dramatically in tone But they all share similar objectives acquainting their young female readers with the moral and social rules of the world and ensuring their success at the next stage of their lives While the authors regarded their texts as furthering the common good they were also aware that they were likely to be controversial among those responsible for girls education Berenguer's sensitive readings highlight these tensions as she offers readers a rare view of how conduct books were conceived consumed re edited memorialized and sometimes forgotten In the broadest sense her study contributes to our understanding of how print culture in eighteenth century France gave shape to a specific social subset of new readers modern girls Historical Etiquette Annick Paternoster, 2022-12-06 This book is a groundbreaking study of etiquette in the nineteenth century when the success of etiquette books reached unprecedented heights in Britain France Italy the Netherlands and the United States It positions

etiquette as a fully fledged theoretical concept within the fields of politeness studies and historical pragmatics After tracing the origin of etiquette back to Spanish court protocol the analysis takes a novel approach to key aspects of etiquette its highly coercive and intricate scripts the liminal rituals of social gatekeeping the fear for blunders the obsession with precedence Interrogating the complex relationship between historical etiquette and adjacent notions of politeness conduct morality convention and ritual the study prompts questions on gender stereotyping and class privilege surrounding the present day etiquette revival Through adopting a unique comparative approach and a corpus based methodology this study seeks to revitalise our understandings of etiquette This book will be of interest to scholars of historical linguistics and pragmatics as well as those in neighbouring fields such as literary criticism gender studies and family life domestic and urban spaces

*Heroines and Local Girls* Pamela L. Cheek, 2019-08-30 Over the course of the long eighteenth century a network of some fifty women writers working in French English Dutch and German staked out a lasting position in the European literary field These writers were multilingual and lived for many years outside of their countries of origin translated and borrowed from each others works attended literary circles and salons and fashioned a transnational women s literature characterized by highly recognizable codes Drawing on a literary geography of national types women writers across Western Europe read translated wrote and rewrote stories about exceptional young women literary heroines who transcend the gendered destiny of their distinctive cultural and national contexts These transcultural heroines struggle against the cultural constraints determining the sexualized fates of local girls In *Heroines and Local Girls* Pamela L Cheek explores the rise of women s writing as a distinct transnational category in Britain and Europe between 1650 and 1810 Starting with an account of a remarkable tea party that brought together Frances Burney Sophie von La Roche and Marie Elisabeth de La Fite in conversation about St phanie de Genlis she excavates a complex community of European and British women authors In chapters that incorporate history network theory and feminist literary history she examines the century and a half literary lineage connecting Madame de Maintenon to Mary Wollstonecraft including Charlotte Lennox and Fran oise de Graffigny and their radical responses to sexual violence Neither simply a reaction to nor collusion with patriarchal and national literary forms but rather both women s writing offered an invitation to group membership through a literary project of self transformation In so doing argues Cheek women s writing was the first modern literary category to capitalize transnationally on the virtue of identity anticipating the global literary marketplace s segmentation of affinity based reading publics and continuing to define women s writing to this day

*Women Moralists in Early Modern France* Julie Candler Hayes, 2024-01-03 Julie Candler Hayes explores the contributions of seventeenth and eighteenth century French women philosophers and intellectuals to moralist writing a genre focusing on dispassionate observations on the human condition and traditionally viewed through its best known male writers This study the first of its kind includes both famous thinkers such as milie Du Ch telet and Germaine de Sta l and nearly two dozen of their contemporaries Hayes demonstrates how through their

critique of institutions and practices their valorization of introspection and self expression and their engagement with philosophical issues women moralists carved out an important space for the public exercise of their reason     *Humanities* ,2012     *The Routledge Companion to Children's Literature and Culture* Claudia Nelson, Elisabeth Wesseling, Andrea Mei-Ying Wu, 2023-11-30 Focusing on significant and cutting edge preoccupations within children s literature scholarship The Routledge Companion to Children s Literature and Culture presents a comprehensive overview of print digital and electronic texts for children aged zero to thirteen as forms of world literature participating in a panoply of identity formations Offering five distinct sections this volume Familiarizes students and beginning scholars with key concepts and methodological resources guiding contemporary inquiry into children s literature Describes the major media formats and genres for texts expressly addressing children Considers the production distribution and valuing of children s books from an assortment of historical and contemporary perspectives highlighting context as a driver of content Maps how children s texts have historically presumed and prescribed certain identities on the part of their readers sometimes addressing readers who share some part of the author s identity sometimes seeking to educate the reader about a presumed other and in recent decades increasingly foregrounding identities once lacking visibility and voice Explores the historical evolutions and trans regional contacts and inter connections in the long process of the formation of global children s literature highlighting issues such as retranslation transnationalism transculturality and new digital formats for considering cultural crossings and renegotiations in the production of children s literature Methodically presented and contextualized this volume is an engaging introduction to this expanding and multifaceted field     Louise Dupin's Work on Women Louise Dupin, 2023 The eighteenth century text *Work on Women* by Louise Dupin also known as Madame Dupin 1706 1799 is the French Enlightenment s most in depth feminist analysis of inequality and its most neglected one Angela Hunter and Rebecca Wilkin here offer the first ever edition of selected translations of Dupin s massive project developed from manuscript drafts Hunter and Wilkin provide helpful introductions to the four sections of *Work on Women* Science History and Religion Law and Education and Mores which contextualize Dupin s arguments and explain the work s construction including the role of her secretary Jean Jacques Rousseau Dupin s central claim in *Work on Women* is that French jurists have gradually disenfranchised women through reductive interpretations of Roman law As a result modern marriage is founded on an abusive illegitimate contract that enriches one party and impoverishes the other This manifest injustice is enabled by the masculine vanity that aggrandizes men diminishes women and distorts all realms of knowledge Dupin shows how the most reputable scientists incorporate old notions of women s weakness into new understandings of the body while historians denigrate female rulers or erase them altogether Even in everyday conversation men assert their entitlement to social dominance through casual misogyny Thus although Dupin advocates for meaningful education for girls she insists that the upbringing of boys must also be reformed This volume fills an important gap in the history of feminist thought and will appeal to readers eager to hear new voices that

challenge established narratives of intellectual history

Female Portraiture and Patronage in Marie Antoinette's Court

Sarah Grant, 2018-09-03 This comprehensive book brings to light the portraits private collections and public patronage of the princesse de Lamballe a pivotal member of Marie Antoinette's inner circle Drawing extensively on unpublished archival sources Sarah Grant examines the princess's many portrait commissions and the rich character of her private collections which included works by some of the period's leading artists and artisans The book sheds new light on the agency sorority and taste of Marie Antoinette and her friends a group of female patrons and model of courtly collecting that would be extinguished by the coming revolution

*Figurations of the Feminine in the Early French Women's Press, 1758-1848*

Siobhán McIlvanney, 2019-03-28 The origins and early years of the French women's press represent a pivotal period in the history of French women's self expression and their feminist and cultural consciousness Through a range of insightful textual analyses this book highlights the political significance of this critically neglected literary medium
