Conwell, 2021-02-14 A weekly newsletter in email or print is an important component of effective marketing and branding. Ignoring them can restrict brands from growth. About 90% of the larger companies that consult with me on their newsletters get SUPER STRESSED about the visual layout of their newsletter. That's because many marketers forget that in a newsletter there's the art of writing and the art of selling. To write a great newsletter you have to know how to combine both. If you keep hard selling people all the time your newsletter will either get trashed or unsubscribed too quickly. It has to serve some inherent value to stay around for a long time. Value can mean many things. Entertainment value: a newsletter they sign up for entertainment. Educational value: a newsletter they sign up to for learning something. Notification value: a newsletter they sign up to for hearing about events or deals or news. Preferably your newsletter does all of the above over time. This is a great way to ensure people look forward to your newsletter and will follow you or your business on any medium. Whether you're building a mailing list, want to grow an existing one, or simply want to raise your email game, **PRINT AND EMAIL NEWSLETTER TEMPLATES THAT WORK** is bite-sized into chapters to help you produce a professional and profitable newsletter that your subscribers will love to read.
