Concordant Reference Complete Classic Materia Medica:

Concordant Reference Frans Vermeulen, 2010-10-01 This book represents an extensive sifting and culling of the classical homeopathic materia medica. Remedy source information has been corrected from the original texts. 1209 remedies are included with more proving symptoms from T F Allen's Encyclopedia to complement the mostly clinical information from Hering. Our lesser known remedies benefit most from Vermeulen's work on Concordant Reference. The book reflects recent changes in homeopathic techniques and scientific knowledge. By improving the accuracy of the original material and adding scientific classification, Concordant Reference uses the classical materia medica to build a solid foundation for the modern practice of homeopathy. Family Information on Plants, Animals, Fungi, Bacteria, and Viruses. Each remedy is broken down into Generals, Mind, Dreams, Body sections, Modalities, Relations, and Causation. Sections on Food and Drink, Heart, Limbs in General, Upper Limbs, and Lower Limbs for easier reference. Also, each section of the body is further divided into Sensations, Pain, and Objective. Sections on Sensation, Mind, and Dream reflect the recent developments in case taking, case analysis, and prescribing that have shown to be so effective for today's homeopath. Concordant Reference is a single volume work of roughly 2200 pages, beautifully printed and bound to last through years of clinical practice, study, and reference.

Authored by William Daniel Gentry, this volume meticulously catalogs and indexes the characteristic symptoms associated with various remedies in the homeopathic materia medica. Designed to facilitate accurate remedy selection, the book serves as an invaluable tool for navigating the complexities of homeopathic prescribing. Its enduring value lies in its systematic organization and detailed compilation of symptomatic relationships, making it an essential resource for those dedicated to the principles and practice of homeopathy.
