Concordia The Reconciliation Of Richard II With London Middle English Texts:

Concordia (The Reconciliation of Richard II with London) Richard Maidstone, 2003-11-01 The poem that Richard Maidstone wrote on the metropolitan crisis of 1392 reports information about the royal entry that concluded the crisis in greater detail than any other source The poem is not primarily a report however like Maidstone's other writings it is above all an ideologically driven literary intervention produced at a particular moment addressing a particular political circumstance Maidstone's Concordia shows Anglo Latin poetry on a specific occasion in the process of making itself a public poetry a broadly appealing flexible legible medium for addressing public issues *The Psalms and Medieval English Literature* Tamara Atkin, Francis Leneghan, 2017 An examination of how The Book of Psalms shaped medieval thought and helped develop the medieval English literary canon The Book of Psalms had a profound impact on English literature from the Anglo Saxon to the late medieval period This collection examines the various ways in which they shaped medieval English thought and contributed to the emergence of an English literary canon It brings into dialogue experts on both Old and Middle English literature thus breaking down the traditional disciplinary binaries of both pre and post Conquest English and late medieval and Early Modern as well as emphasizing the complex and fascinating relationship between Latin and the vernacular languages of England Its three main themes translation adaptation and voice enable a rich variety of perspectives on the Psalms and medieval English literature to emerge TAMARA ATKIN is Senior Lecturer in Late Medieval and Early Renaissance Literature at Queen Mary University of London FRANCIS LENECHAN is Associate Professor of Old English at The University of Oxford and a Fellow of St Cross College Oxford Contributors Daniel Anlezark Mark Faulkner Vincent Gillespie Michael P Kuczynski David Lawton Francis Leneghan Jane Roberts Mike Rodman Jones Elizabeth Solopova Lynn Staley Annie Sutherland Jane Toswell Katherine Zieman **The Routledge Research Companion to John Gower** Ana Saez-Hidalgo, Brian Gastle, R.F. Yeager, 2017-03-31 The Routledge Research Companion to John Gower reviews the most current scholarship on the late medieval poet and opens doors purposefully to research areas of the future It is divided into three parts The first part Working theories medieval and modern is devoted to the main theoretical aspects that frame Gower's work ranging from his use of medieval law rhetoric theology and religious attitudes to approaches incorporating gender and queer studies The second part Things and places material cultures examines the cultural locations of the author not only from geographical and political perspectives or in scientific and economic context but also in the transmission of his poetry through the materiality of the text and its reception Polyvocality text and language the third part focuses on Gower's trilingualism his approach to history and narratological and intertextual aspects of his works The Routledge Research Companion to John Gower is an essential resource for scholars and students of Gower and of Middle English literature history and culture generally *Siege of Jerusalem* Michael Livingston, 2005-03-01 The fourteenth century Siege of Jerusalem has been called by Ralph Hanna the chocolate covered tarantula of the alliterative movement for its apparent anti

Semitism and is as Livingston notes in his introduction simply difficult for twenty first century readers to like The poem which describes the destruction of the Second Temple by Roman forces in AD 70 is graphic in detail and unpleasant in its relish of the suffering of the Jews But as Livingston points out Like the gritty violence of Alliterative Morte Arthure the gore in Siege is perhaps best read as a grim awareness of the terrible realities of war not as a bloodthirsty and berserk cry for further bloodshed The poem chronicles a historical war and it is this historical quality that must stand out the poem not only has resonances of the bloodshed that battle inevitably brings but it also is in a very literal sense history This is to say the war is over The vengeance of Jesus has been accomplished The Siege poet s answer to the social political religious question of whether there is such a thing as a just war is that there was one Titus and Vespasian s vengeance for the death of Christ Further efforts to avenge Christ were unnecessary That the poem is a call to action and to crusade then seems to be a claim that is far less sustainable than its opposite a call to peace and to remembrance **The Eagle and the Hart** Helen
