

A painting of a person lying down, viewed from the back. They are holding a book against their head. The person's skin is a warm, golden-brown color. The background is a soft, textured grey. The overall mood is intimate and contemplative.

Conditions Of Love The Philosophy Of Intimacy

**Y. Gustafsson, C. Kronqvist, M.
McEachrane**

Conditions Of Love The Philosophy Of Intimacy:

Conditions of Love: The Philosophy of Intimacy John Armstrong, 2003-02 What is it to love another person This is to raise one of the deepest and most puzzling questions we can put to ourselves Love is a central theme in the autobiography we each write as we try to understand our lives but we may feel that we become only more confused the more we reflect upon it Love is closely connected with our vision of happiness yet there is no one we are more likely to hurt or be hurt by than the person we love If love is something we all want why is it so hard to find and harder to keep Love is one of humanity's most persistent and most esteemed ideals but it is hard to say exactly what this ideal is and how if at all it relates to real life

The Persuasion of Love John Blakely, 2019-03-29 The Persuasion of Love examines the implications of believing that the meaning of the universe is love It is axiomatic that the Christian faith is about the love of God but John Blakely seeks to delve behind this easy assertion by proposing that all human love has God as its source even if marred by human failings and by exploring what it might mean for God to have created out of love Viewing theodicy through the lens of love the book finishes with a lyrical reflection on the fact that suffering is built into the universe because of its source in the love of God and that we live in the now and not yet in tension between the glory of creation and the agony of the cross before the future glory of the new creation

Emotions and Understanding Y. Gustafsson, C. Kronqvist, M. McEachrane, 2008-11-27 This unique collection of articles on emotion by Wittgensteinian philosophers provides a fresh perspective on the questions framing the current philosophical and scientific debates about emotions and offers significant insights into the role of emotions for understanding interpersonal relations and the relation between emotion and ethics

Pluriform Love Thomas Jay Oord, 2022-02-25 A masterpiece from the preeminent theologian of love A strong case can be made that love is the core of Christian faith And yet Christians often fail to give love center stage in biblical studies and theology And most fail to explain what they mean by love Why is this Thomas Jay Oord explores this question and offers ground breaking answers Oord addresses leading Christian thinkers today and of yesteryear He explains biblical forms of love such as agape philia hesed and ahavah We should understand love's meaning as uniform he says but its expressions are pluriform Widely regarded as the world's foremost theologian of love Thomas Jay Oord tackles our biggest puzzles about the nature and meaning of love divine and creaturely His proposals are novel They align with love described in scripture and expressed in everyday experience Oord also provides radical and yet persuasive answers to questions about evil hell the Big Bang divine violence divine abandonment and more Pluriform Love changes the landscape of Christian love studies What they're saying Thomas Jay Oord is the first to systematically clarify a variety of types of love and show that all are characteristic of God This is an original contribution to theology Though a complex task Oord writes in an accessible and attractive way John B Cobb Jr Cobb Institute Author of Salvation Jesus's Mission and Ours Christian theology in the years to come will need a facelift a true restoration of the biblical witness to the centrality of God's love If we wish to help make the faith truly relatable to our world today Oord's clear

compassionate and compelling voice is one we will be thankful for Peter Enns Eastern University and Co host of The Bible for Normal People Thomas Jay Oord adds to his proposals on open and relational theology developing a theology of love which is both uniform in meaning and pluriform according to situation and recipients The volume is indispensable for those researching the nature of love Paul Fiddes University of Oxford The glowing multiform forcefield of love embraces every sentence of Pluriform Love Free of sentimentality and pretense refusing to pit eros and agape against each other it unfolds a full scale theology This amorous vision will attract a wide readership Catherine Keller Drew University Author of Facing Apocalypse Thomas Oord is a global leader exploring the primacy of love within Christian thought and practice In this book he presents a theology of love in a loving way When he grapples with the Scriptures he shows an attitude of fairness His writing style combines scholarly depth with accessible simplicity In the end Oord makes a radical claim much of traditional Christian theology cannot take love as seriously as it must Love must revolutionize Christian theology and Oord explains how Brian D McLaren Author of Do I Stay Christian This is a rigorous provocative creative and very readable account of the meaning of love especially divine love It s a very important contribution to theological thought on this central topic Keith Ward University of Oxford

The Embrace of Eros Margaret D. Kamitsuka, 2010-01-19 The topic of sexuality intersects directly with the most contested historical theological and ethical questions of our day In this edgy yet profound volume noted scholars and theologians assay the Christian tradition s classic and contemporary understandings of sex sexuality and sexual identity The project unfolds in three phases contemporary assessments of the Christian tradition new thinking about eros and being human religiously and new perspectives on classic mysteries in light of eros and embodiment

Kierkegaard and the Problem of Self-Love John Lippitt, 2013-04-25 The problem of whether we should love ourselves and if so how has particular resonance within Christian thought and is an important yet underinvestigated theme in the writings of S ren Kierkegaard In Works of Love Kierkegaard argues that the friendships and romantic relationships which we typically treasure most are often merely disguised forms of selfish self love Yet in this nuanced and subtle account John Lippitt shows that Kierkegaard also provides valuable resources for responding to the challenge of how we can love ourselves as well as others Lippitt relates what it means to love oneself properly to such topics as love of God and neighbour friendship romantic love self denial and self sacrifice trust hope and forgiveness The book engages in detail with Works of Love related Kierkegaard texts and important recent studies and also addresses a wealth of wider literature in ethics moral psychology and philosophy of religion

Atheism and Love in the Modern Era Colby Dickinson, 2025-04-17 Discussing the decline of faith and the rise of love in the modern era Colby Dickinson proposes a critique of religious belief which addresses how a secular world can continue to mine religious traditions for their conceptual and emotional riches Atheism and Love in the Modern Era argues that theism and atheism taken together can peel back the layers of abstraction alienation and disillusionment that always accompany our humanity in order to help us really see how it is to exist in this world To

illuminate this vision Dickinson takes up the notion of love as a cultivation and practice of indifference as a letting go of one's identity a crucial concept that unites both religion and atheism through a concerted effort to detach from them both The book is organized into four sections each situating the concept of love in relation to a distinct theme the first outlines modern secularized versions of various religious concepts such as technology in the place of miracles or art in the place of religious revelation The second argues that in a pluralistic world the actual lived realities of various religious communities and persons defy the static categories and classifications grouped under the umbrella of religion The third section discusses and defines non absolute love The fourth section discusses how atheism in its critiques of religion misses the significance of de centring the act of love Dickinson elaborates his reflections through lucid engagement with a variety of thinkers including i ek Agamben Irigaray Derrida Erich Fromm Charles Taylor and Philip Kitcher This is essential reading for those interested in popular debates around theism and atheism as well as those concerned with the ways in which continental and analytic philosophy have addressed the continued significance of religious traditions

A Thinking Person's Guide to Love

H.R.H. Prince Ghazi bin Muhammad,2023-07-01 In this book over go years in the making the author surveys and sums up the world's understanding of love in all its aspects over the last 3000 years in order to show the stages of love and of falling in love and why how when and where they occur *The Christian Imagination* Willie James Jennings,2010-05-25 Why has Christianity a religion premised upon neighborly love failed in its attempts to heal social divisions In this ambitious and wide ranging work Willie James Jennings delves deep into the late medieval soil in which the modern Christian imagination grew to reveal how Christianity's highly refined process of socialization has inadvertently created and maintained segregated societies A probing study of the cultural fragmentation social spatial and racial that took root in the Western mind this book shows how Christianity has consistently forged Christian nations rather than encouraging genuine communion between disparate groups and individuals Weaving together the stories of Zurara the royal chronicler of Prince Henry the Jesuit theologian Jose de Acosta the famed Anglican Bishop John William Colenso and the former slave writer Olaudah Equiano Jennings narrates a tale of loss forgetfulness and missed opportunities for the transformation of Christian communities Touching on issues of slavery geography Native American history Jewish Christian relations literacy and translation he brilliantly exposes how the loss of land and the supersessionist ideas behind the Christian missionary movement are both deeply implicated in the invention of race Using his bold creative and courageous critique to imagine a truly cosmopolitan citizenship that transcends geopolitical nationalist ethnic and racial boundaries Jennings charts with great vision new ways of imagining ourselves our communities and the landscapes we inhabit

Learning to Love Raksha Pande,2021-03-19

Learning to Love moves beyond the media and policy stereotypes that conflate arranged marriages with forced marriages Using in depth interviews and participant observations this book assembles a rich and diverse array of everyday marriage narratives and trajectories and highlights how considerations of romantic love are woven into traditional arranged marriage

practices It shows that far from being a homogeneous tradition arranged marriages involve a variety of different matchmaking practices where each family tailors its own cut and paste version of British Indian arranged marriages to suit modern identities and ambitions Pande argues that instead of being wedded to traditions people in the British Indian diaspora have skillfully adapted and negotiated arranged marriage cultural norms to carve out an identity narrative that portrays them as modern and progressive migrants ones who are changing with the times and cultivating transnational forms of belonging
