Desiring Donne Poetry Sexuality Interpretation:

Desiring Donne Ben Saunders, 2006 Saunders explores the dialectic of desire re evaluating both Donne's poetry and the complex responses it has inspired This study takes into account recent developments in the fields of historicism feminism queer theory and postmodern psychoanalysis while offering dazzling close readings of many of Donne's most famous poems

Shattering the Self in Early Modern English Verse Gina Filo, 2025-12-15 Reconfiguring our understanding of early modern English erotic and literary landscapes Rejecting the ideals of stability and sexual mastery demanded of masculine subjects early modern English poets threw the limits of bodies and selves into question to embrace erotic experiences of genderqueer and transspecies embodiment and affiliation Through close readings of still canonical and lesser read writers including William Shakespeare John Donne and Thomas Traherne Gina Filo shows how these experimental encounters at the limits of the human were inextricable parts of the early modern literary and sexual imaginaries In its exploration of nonnormative forms of erotic attachment and embodiment *Shattering the Self in Early Modern English Verse* Gender Sex and Queerness Beyond the Human contributes to the burgeoning fields of early modern trans and ecocritical studies while also drawing on contemporary queer theory Filo neither seeks to naively recuperate a fantasized past nor cedes relationality sociality or generativity to the normative Instead she shows how the embrace of erotic possibility flexible unstable subjectivities and querying of the limits of the human were core features of early modern poetics reconfiguring our understanding of English literary history and queer relationality today

A Cognitive Approach to John Donne's Songs and Sonnets M. Winkleman, 2013-04-03 Investigations into how the brain actually works have led to remarkable discoveries and these findings carry profound implications for interpreting literature This study applies recent breakthroughs from neuroscience and evolutionary psychology in order to deepen our understanding of John Donne's Songs and Sonnets

Reading, Desire, and the Eucharist in Early Modern Religious Poetry Ryan Netzley, 2011-01-01 The courtly love tradition had a great influence on the themes of religious poetry just as an absent beloved could be longed for passionately so too could a distant God be the subject of desire But when authors began to perceive God as immanently available did the nature and interpretation of devotional verse change Ryan Netzley argues that early modern religious lyrics presented both desire and reading as free loving activities rather than as endless struggles or dramatic quests *Reading Desire and the Eucharist* analyzes the work of prominent early modern writers including John Milton Richard Crashaw John Donne and George Herbert whose religious poetry presented parallels between sacramental desire and the act of understanding written texts Netzley finds that by directing devotees to crave spiritual rather than worldly goods these poets questioned ideas not only of what people should desire but also how they should engage in the act of yearning Challenging fundamental assumptions of literary criticism *Reading Desire and the Eucharist* shows how poetry can encourage love for its own sake rather than in the hopes of salvation

A New Companion to English Renaissance Literature and Culture Michael

Hattaway, 2010-02-12 In this revised and greatly expanded edition of the Companion 80 scholars come together to offer an original and far reaching assessment of English Renaissance literature and culture A new edition of the best selling Companion to English Renaissance Literature revised and updated with 22 new essays and 19 new illustrations Contributions from some 80 scholars including Judith H Anderson Patrick Collinson Alison Findlay Germaine Greer Malcolm Jones Arthur Kinney James Knowles Arthur Marotti Robert Miola and Greg Walker Unrivalled in scope and its exploration of unfamiliar literary and cultural territories the Companion offers new readings of both literary and non literary texts Features essays discussing material culture sectarian writing the history of the body theatre both in and outside the playhouses law gardens and ecology in early modern England Orientates the beginning student while providing advanced students and faculty with new directions for their research All of the essays from the first edition along with the recommendations for further reading have been reworked or updated John Donne's Performances Margret Fetzer, 2013-07-19 Ever since their rediscovery in the 1920s John Donne's writings have been praised for their energy vigour and drama yet so far no attempt has been made to approach and define systematically these major characteristics of his work Drawing on J L Austin's speech act theory Margret Fetzer's comparative reading of Donne's poetry and prose eschews questions of personal or religious sincerity and instead recreates an image of John Donne as a man of many performances No matter if engaged in the writing of a sermon or a piece of erotic poetry Donne placed enormous trust in what words could do Questions as to how saying something may actually bring about that very thing or how playing the part of someone else affects an actor's identity are central to Donne's oeuvre and moreover highly relevant in the cultural and theological contexts of the early modern period in general In treating both canonical and lesser known Donne texts John Donne's Performances hopes to make a significant contribution not only to Donne criticism and research into early modern culture by using concepts of performance and performativity as its major theoretical backdrop it aims to establish an interdisciplinary link with the field of performance studies

Representing Masculinity in Early Modern English Satire, 1590-1603 Per Sivefors, 2020-02-14 Engaging with Elizabethan understandings of masculinity this book examines representations of manhood during the short lived vogue for verse satire in the 1590s by poets like John Donne John Marston Everard Guilpin and Joseph Hall While criticism has often used categorical adjectives like angry and Juvenalian to describe these satires this book argues that they engage with early modern ideas of manhood in a conflicted and contradictory way that is frequently at odds with patriarchal norms even when they seem to defend them The book examines the satires from a series of contexts of masculinity such as husbandry and early modern understandings of age self control and violence and suggests that the images of manhood represented in the satires often exist in tension with early modern standards of manhood Beyond the specific case studies while satire has often been assumed to be a male genre or mode this is the first study to engage more in depth with the question of how satire is invested with ideas and practices of masculinity *Through a Glass Darkly* Holly Faith Nelson, Lynn R. Szabo, Jens

Zimmermann,2011-01-19 Suffering the sacred and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging troubling or impossible to represent These intersecting concepts are used to mediate the gap between the spoken and the unspeakable between experience and language between body and spirit between the immanent and the transcendent and between the human and the divine The twenty five essays in Through a Glass Darkly Suffering the Sacred and the Sublime in Literature and Theory written by international scholars working in the fields of literary criticism philosophy and history address the ways in which literature and theory have engaged with these three concepts and related concerns The contributors analyze literary and theoretical texts from the medieval period to the postmodern age from the works of Chaucer Shakespeare Donne and Herbert to those of End Sh saku Alice Munro Annie Dillard Emmanuel Levinas and Slavoj i ek This book will be of particular interest to scholars of religion and literature philosophy and literature aesthetic theory and trauma studies Manuscript Miscellanies in Early Modern England Joshua

Eckhardt,Daniel Starza Smith,2016-05-13 Perhaps more than any other kind of book manuscript miscellanies require a complex and material reading strategy This collection of essays engages the renewed and expanding interest in early modern English miscellanies anthologies and other compilations Manuscript Miscellanies in Early Modern England models and refines the study of these complicated collections Several of its contributors question and redefine the terms we use to describe miscellanies and anthologies Two senior scholars correct the misidentification of a scribe and in so doing uncover evidence of a Catholic probably Jesuit priest and community in a trio of manuscripts Additional contributors show compilers interpreting attributing and arranging texts as well as passively accepting others editorial decisions While manuscript verse miscellanies remain appropriately central to the collection several essays also involve print and prose ranging from letters to sermons and even political prophecies Using extensive textual and bibliographical evidence the collection offers stimulating new readings of literature politics and religion in the early modern period and promises to make important interventions in academic studies of the history of the book **Disgust in Early Modern English Literature** Natalie K.

Eschenbaum,Barbara Correll,2016-04-20 What is the role of disgust or revulsion in early modern English literature How did early modern English subjects experience revulsion and how did writers represent it in poetry plays and prose What does it mean when literature instructs delights and disgusts This collection of essays looks at the treatment of disgust in texts by Spenser Shakespeare Donne Jonson Herrick and others to demonstrate how disgust perhaps more than other affects gives us a more complex understanding of early modern culture Dealing with descriptions of coagulated eye drainage stinky leeks and blood filled fleas among other sensational things the essays focus on three kinds of disgusting encounters sexual cultural and textual Early modern English writers used disgust to explore sexual mores describe encounters with foreign cultures and manipulate their readers responses The essays in this collection show how writers deployed disgust to draw and sometimes to upset the boundaries that had previously defined acceptable and unacceptable behaviors people and literatures Together

they present the compelling argument that a critical understanding of early modern cultural perspectives requires careful attention to disgust
