Jews and Feminism Laura Levitt, 2013-09-05 By interrogating America's promise of a home for Jews as citizens of the liberal state *Jews and Feminism* questions the very terms of this social contract Maintaining that Jews women and Jewish women are not necessarily secure within this construction of the state Laura Levitt links this contractual construction of belonging and acceptance to legacies of marriage as a contractual home for Jewish women Exploring the immigration of Jews from Eastern Europe for America as well as their desire to make this country their permanent home Levitt raises questions about the search for stability in specific Jewish religious and cultural traditions which is linked to the liberal academy as well as feminist study thus offering an account of an ambivalent Jewish feminist embrace of America as home

Abraham Joshua Heschel Shai Held, 2020-03-20 Through Heschel Held's work reaches out more broadly to treat us to a profound discussion of the great issues in contemporary Jewish theology Arthur Green Hebrew College Rabbinical School Abraham Joshua Heschel 1907-1972 was a prolific scholar impassioned theologian and prominent activist who participated in the black civil rights movement and the campaign against the Vietnam War He has been hailed as a hero honored as a visionary and endlessly quoted as a devotional

writer In this sympathetic yet critical examination Shai Held elicits the overarching themes and unity of Heschel's incisive and insightful thought Focusing on the idea of transcendence or the movement from self-centeredness to God-centeredness Held puts Heschel into dialogue with contemporary Jewish thinkers Christian theologians devotional writers and philosophers of religion Shai Held's book is a master class in one of the most significant Jewish voices of our time Tablet In this lucid and elegant study one of the keenest minds in Jewish theology in our time probes the vision of one of the most profound spiritual writers of the twentieth century uncovering a unity that others have missed and shedding light not only on Heschel but also on the characteristically modern habits of mind that impede the knowledge of God The book is especially valuable for the connections it draws with other philosophers theologians and spiritual writers Jewish and Christian Enthusiastically recommended Jon D Levenson Harvard University A thoughtful illuminating new study of Heschel's thought It is one of the many virtues of Shai Held's book that it helps us to place Heschel alongside not only Kaplan but Halevi Horovitz and Rav Nahman as well as the Psalmist Jewish Review of Books Sacred Fragments Neil Gillman, 1990 The modern Jew living in a world of shattered beliefs and competing ideologies is often confronted with questions of faith Sacred Fragments is for those who still care enough to continue the struggle In forthright nontechnical language the author addresses the most difficult theological questions of our time and shows that there are still viable Jewish answers for even the greatest skeptics *Judaism and the Doctrine of Creation* Norbert M. Samuelson, 1994-11-24 The topic of this book is creation It breaks down into discussions of two distinct but interrelated questions what does the universe look like and what is its origin The opinions about creation considered by Norbert Samuelson come from the Hebrew scriptures Greek philosophy Jewish philosophy and contemporary physics His perspective is Jewish liberal and philosophical It is Jewish because the foundation of the discussion is biblical texts interpreted in the light of traditional rabbinic texts It is philosophical because the subject matter is important in both past and present philosophical texts and to Jewish philosophy in particular Finally it is liberal because the authorities consulted include heterodox as well as orthodox Jewish sources The ensuing discussion leads to original conclusions about a diversity of topics including the limits of human reason and religious faith and the relevance of scientific models to religious doctrine **Studies in the Meaning of Judaism (JPS Scholar of Distinction Series)** Eugene B. Borowitz, 2010-01-01 Noted educator author and speaker Eugene Borowitz delivers the fruits of his scholarship with grace in this new addition to the JPS Scholar of Distinction series Gathered in this single volume are 33 essays covering the themes of modern Jewish theology education the history of Reform Judaism in America Jewish law ethics and religious dialogue This collection will appeal to a wide audience including rabbis scholars and readers of religion modern Jewish thought and liturgy
