Conversation Homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age There s no escaping the inevitable conversations so how does a Christian respond with love and biblical truth without adding fuel to the fire Drawing on nearly thirty years of counseling people struggling with homosexuality former gay activist Joe Dallas takes readers through virtually every argument they are likely to hear in favor of normalizing homosexuality He helps readers understand the views of LGBT people they may know and respond with clarity confidence and compassion He shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines for talking points dialogue approach and tone and even provides sample dialogue Anyone who has been searching for ways to have productive loving conversations surrounding this critical topic will find this incredible resource a must have At one time or another every twenty first century Christian is likely to be confronted about his or her views on homosexuality But how can we approach this challenging issue in a way that faithfully reflects Jesus s heart and mind Joe Dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth Jim Daly president Focus on the Family I ve often said no one understands the subject of same sex sexuality better than my friend Joe Dallas This book his best yet only confirms my conviction I m not speaking merely of Joe s formidable knowledge of truth but also the wisdom of its application through crystal clear and concise communication In the wake of the June 2015 US Supreme Court s redefinition of marriage Speaking of Homosexuality will equip you to engage a topic that is foundational to human civilization Hank Hanegraaff

president the Christian Research Institute host of the Bible Answer Man broadcast Speaking of Homosexuality is one of the most clear and informative books on the subject Dallas responds to the most common Revisionist arguments with clarity but also genuine kindness If you want one book to offer biblical and historical truth about homosexuality but also how to lovingly put that truth into action then you won't find a better book Sean McDowell PhD professor of Christian apologetics Biola University author Same Sex Marriage and Apologetics for a New Generation In answer to the urgency of our world's current situation Joe Dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies Speaking of Homosexuality is essential for every person in need of answers for themselves a family member or a friend struggling with same sex attraction Joni Lamb cofounder Daystar Television Network There is no question that one of the most difficult issues facing the church today is the subject of homosexuality But God didn't leave us in the dark on the topic of human sexuality He gave us clear directives for this part of our lives so that we might experience the abundant life He promises But speaking those guidelines to a confused church and a hardening culture isn't easy No one does it better than Joe Dallas Like no other voice I hear Joe both lives and ministers with that continual balance of truth and love on this most contentious topic In a day where Christians are growing more silent we need a book like this to teach us how to winsomely engage while never retreating from God's protective Truth This is a must read for the church today Janet Parshall nationally syndicated talk show host

Being Christian in the Twenty-First Century Sam Gould, 2017-07-11 Being Christian in the Twenty first Century was written to help struggling and doubting Christians develop an understanding of Christianity that avoids literalism creeds and doctrines all factors which seem to be driving people away from the church The book is well suited for individual or group study complete with a study guide and sample lesson plans It responds to the call for theological reform advocated by many contemporary clergy and religious leaders Being Christian does not restate orthodox positions or drift into fundamentalism or sentimentalism Instead it draws from a broad base of historical theological archaeological and sociological scholarship to place Scripture within its original context yet present it within a perspective suitable for the twenty first century mind Being Christian is scholarly yet readable interesting and often provocative One reviewer put it this way the book reminds me of a baseball pitcher with a long wind up and a hard fastball getting better in every inning By building upon progressive thought available today and throughout history it offers an important resource for Christians and would be Christians seeking a more fulfilling and thoughtful faith journey

The Wiley Blackwell Companion to Conciliarity in Modern Orthodox Christianity Irina Paert, Andrey Shishkov, Alison R Kolosova, 2025-07-28 The practice of holding councils and synods is recorded since the early days of the Christian Church and consequently the concept of conciliarity has always been at the heart of the Orthodox Church s confessional identity The proposed companion focuses on the evolution of concept of conciliarity in the Orthodox Church after the 19th century when the Enlightenment and Romantic philosophy challenged the traditional hierarchical structure of the Church promoting a new theological consciousness where the Church was seen as an organic community rather than a pyramidal body Featuring almost 50 chapters written by the most prominent scholars in the field from a wide range of geographical ethnic and confessional backgrounds The Wiley Blackwell Companion to Conciliarity in Modern Orthodox Christianity explores the radical reforms to church life resulted from the Moscow Church Council 1917 1918 the emergence of eucharistic ecclesiology the evolution of Greek and Slavic theologies and their impact within and beyond the Orthodox world as well as expressions of conciliarity at the initiative of the laity Through a well balanced selection of case studies the volume aims to show how the rise of new forms of assembly and community has characterized not simply the Eastern and Oriental Orthodox churches Egypt Ethiopia Armenia and India but Orthodoxy in contemporary 20th century contexts of migration and mission such as Africa the US and Western Europe
