Priest of the Church or Priest of a Church? Noel Cox,2021-03-25 The development of new forms of ministry lay and ordained has included worker priests now found in the Anglican Communion in a related form variously called Self Supporting Ministry SSM or Non Stipendiary Ministry NSM This book focuses on one of the most recent developments the creation of Ordained Local Ministry After chapters that consider preliminary questions of the nature of ministry such as authority in the church and Holy Orders Noel Cox argues that the crucial distinction between these and other forms of ministry is that the Ordained Local Minister OLM is overtly ordained specifically for a given locality variously defined they are a deacon or priest for a specific church parish benefice or deanery rather than of the universal church Their introduction inevitably raises difficult ecclesiological questions which Cox examines

The Juridification of Religion? Helge Årsheim,Pamela Slotte,2017-10-23 In Juridification of Religion Helge rsheim and Pamela Slotte explore the extent to which developments currently taking place at the interface between law and religion in domestic regional and international law can be conceptualized as instances of larger multidimensional processes of juridification The book relies on an expansive notion of juridification departing from the

narrower sense of juridification as the gradually increasing colonization of the lifeworld proposed by Jürgen Habermas in his *Theory of Communicative Action* 1987 More specifically the book adapts the multidimensional notion of juridification outlined by Anders Molander and Lars Christian Blichner 2008 developing it into a more context specific notion of juridification that is attendant to the specific nature of religion as a subject matter for law *The Impact of the Family* John Witte, Michael Welker, Stephen Pickard, 2022-07-28 The family is humanity's oldest and most basic social institution but today it is fragile fractured and fraught in many liberal lands This volume gathers scholars from sociology psychology history religion ethics law and medicine from five continents to analyze the complex nature and place of the family in character formation and human flourishing The chapters study the impact of catechesis schooling work and discipline on the development of individual moral agency and responsibility They document the critical roles of family love trust fidelity and storytelling in shaping the moral character of all family members from infancy to old age They describe effective strategies of resistance and resilience for family members who face abuse divorce death chauvinism racism and homophobia And several chapters challenge modern arguments and policies that aim to flatten if not abolish the marital family even while they call for family law reforms
