Christian Religious Education Sharing Our Story And Vision:

Christian Religious Education Thomas H. Groome,1980 What mission calls us to teach How do societal issues social oppression poverty politics affect what we teach how we teach it and how people learn Who are our students What and when are they ready to learn Once we understand these foundations how can we facilitate an educational experience that has the power to shape and transform people and communities in life giving ways of faith In this classic text Thomas Groome asks and answers these central questions providing a comprehensive integration of the history theory and practice of modern religious education for a new generation of educators His self reflective approach shared praxis will inspire school teachers students of religious education pastors parents and religious educators in local churches who want to understand themselves their mission and their surroundings Copyright Libri GmbH All rights reserved Christian Religious Education Thomas H. Groome,1980-01-01 Uses contemporary educational theory biblical scholarship and social theory to define the purpose and approach of modern Christian education *Christian Religious Education* Thomas H. Groome,1980 **Intergenerational Catechesis** timone a davis,2021-03-12 In this work the author moves away from youth centered catechesis toward a catechetical method that gets at the heart of faith formation for ALL generations storytelling In the African American storytelling tradition both the storyteller and listener are important they embody the story What happens in the story exchange process is the discovery of connections The author s method of African American storytelling My Story Your Story brings to life the Christian story through our shared experiences Intergenerational catechesis invites us to see ourselves and one another across time through eyes that are young middle aged and elderly Based on an understanding of family intergenerational catechesis moves away from the domestic church as a starting point for growing in faith to the community as a starting point Where the domestic church focuses on those who live in the household intergenerational catechesis focuses on everyone in the Church community single persons divorced persons widows widowers teens young adults pre school and elementary children parents grandparents aunts and uncles In highlighting our connections we are better able to see ourselves and one another differently When we see ourselves and others transformed faith is revitalized Roman Jacobson's Prism The Rev. Dr. Ronald Hunt,2018-05-22 Roman Jacobson s Prism Learning the Language of Faith is a dissertation that examines the common elements found in the catechetical documents of the three mainline Canadian churches the Anglican Roman Catholic and United Church Dr Hunt employs Roman Jakobson s communication theory for the analysis as communication is central to faith education Twenty first century churches need to respond effectively to the faith education of their membership and Dr Hunt hopes that this work will inspire the churches of today to create faith responses to the challenges that the world faces now and into the future **Family, School and Church in Religious Education , Systematic Theology, Volume 2, Second Edition** James Leo Garrett,2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996One of the characteristics of Garrett s system that

needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991A gold mine of helpful material The Christian Century May 29 June 5 1991No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological SeminaryOne of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

Ordinary Theology Jeff Astley, 2017-07-05 Ordinary theology is Jeff Astley's phrase for the theology and theologising of Christians who have received little or no theological education of a scholarly academic or systematic kind Astley argues that an in depth study of ordinary theology which should involve both empirical research and theological reflection can help recover theology as a fundamental dimension of every Christian's vocation Ordinary Theology analyses the problems and possibilities of research and reflection in this area This book explores the philosophical theological and educational dimensions of the concept of ordinary theology its significance for the work of the theologian as well as for those engaged in the ministry of the church and the criticisms that it faces Ordinary theology Astley writes is the church's front line Statistically speaking it is the theology of God's church

Theological Reflection across Religious Traditions Edward Foley, 2015-02-12 Theological reflection connecting real life ministry and religious traditions is a core component of most pastoral training It is also a hallmark of practical theology and a common spiritual exercise among ordinary Christians trying to discern how their beliefs might influence daily living Yet our society is increasingly pluralistic with growing numbers of people from varying belief systems from Islam to Buddhism as well as an increasing number of atheists In this book Edward Foley reimagines theological reflection in interfaith contexts and with those of no faith tradition The book addresses and celebrates diverse beliefs and envisions the practice of theological reflection in such contexts Theological Reflection Across Religious Traditions introduces readers to the basics of traditional forms of theological reflection then considers how it might be reconceived in different contexts from interfaith ministers

working together to reduce poverty and homelessness to people of diverse or no faith traditions strategizing to secure the dignity of undocumented immigrants Beyond suggestions for collaborative social action the book offers tools for productive interfaith conversation through a process Foley calls reflective believing This is a groundbreaking rethinking of theological reflection for today s world proposing that people across the religious landscape can participate in reflective believing for personal and communal benefit without sacrificing their own integrity

Critical Issues in Religious Education Oliver Brennan, 2005 This book explores the meaning and identity of religious education within the cultural context of today
