**Christianity** John A. Howard,2011-07 Examines the Christian heritage of America throughout its history surveying the founding fathers fight to establish a free society the impact of the Great Awakening up through the Civil War and the slow decline of Christianity s influence since the end of World War II Also includes thoughts on how our modern day culture can be turned back toward a reliance on God and the Christian principles of the Bible *Science Fiction and The Abolition of Man* Mark J. Boone,Kevin C. Neece,2016-12-13 The Abolition of Man C S Lewis s masterpiece in ethics and the philosophy of science warns of the danger of combining modern moral skepticism with the technological pursuit of human desires The end result is the final destruction of human nature From Brave New World to Star Trek from steampunk to starships science fiction film has considered from nearly every conceivable angle the same nexus of morality technology and humanity of which C S Lewis wrote As a result science fiction film has unintentionally given us stunning depictions of Lewis s terrifying vision of the future In Science Fiction Film and the Abolition of Man scholars of religion philosophy literature and film explore the connections between sci fi film and the three parts of Lewis s book how sci fi portrays Men without Chests incapable of responding properly to moral good how it teaches the Tao or The Way and how it portrays The Abolition of Man

*Routledge Handbook on Capital Punishment* Robert M. Bohm,Gavin Lee,2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty s Administration and 5 The Death Penalty s Consequences This is a key collection for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in prison service or in related agencies **The St. Croix Review** ,2008 Who was who in America Marquis Who's Who,1943 *Securing Americas Covenant With God* Miles Huntley Hodges,2020-02-19 This book is part of a three part series on America as a Covenant Nation This volume begins with the period in the early 1600s when two very different

English societies were established in the New World one in Virginia and one in New England The Virginia society simply re created the rigidly class based feudal society of the times The New England society was a most unusual democracy of social equals covenanted to live under God s not man s personal rule These two American social types would find themselves in rather constant struggle as Americans found keeping covenant with God to be very difficult because of man s natural tendency to want to control life including the lives of others This volume will take the American narrative through the Christian Great Awakening the War of Independence the founding of a new American Republic the early years of social spread across the continent a Second Great Awakening mounting tensions over the slavery issue the American Civil War and finally the period of Reconstruction afterward This study goes deeply into social political and economic dynamics a study in social power but also blends this analysis with an equally deep inquiry into the cultural spiritual character of American society during these time periods and events
