Christianity In Korea:

A History of Korean Christianity Sebastian C. H. Kim, Kirsteen Kim, 2014-11-24 With a third of South Koreans now identifying themselves as Christian Christian churches play an increasingly prominent role in the social and political events of the Korean peninsula Sebastian C H Kim and Kirsteen Kim s comprehensive and timely history of different Christian denominations in Korea includes surveys of the Catholic Orthodox and Protestant traditions as well as new church movements They examine the Korean Christian diaspora and missionary movements from South Korea and also give cutting edge insights into North Korea This book the first recent one volume history and analysis of Korean Christianity in English highlights the challenges faced by the Christian churches in view of Korea s distinctive and multireligious cultural heritage South Korea s rapid rise in global economic power and the precarious state of North Korea which threatens global peace This History will be an important resource for all students of world Christianity Korean studies and mission studies *Korea and Christianity* Spencer J. Palmer, 1986 Christianity in Korea Robert E. Buswell, Jr., Timothy S. Lee, 2007-05-31 Despite the significance of Korea in world Christianity and the crucial role Christianity plays in contemporary Korean religious life the tradition has been little studied in the West Christianity in Korea seeks to fill this lacuna by providing a wide ranging overview of the growth and development of Korean Christianity and the implications that development has had for Korean politics interreligious dialogue and gender and social issues The volume begins with an accessibly written overview that traces in broad outline the history and development of Christianity on the peninsula This is followed by chapters on broad themes such as the survival of early Korean Catholics in a Neo Confucian society relations between Christian churches and colonial authorities during the Japanese occupation premillennialism and the theological significance of the division and prospective reunification of Korea Others look in more detail at individuals and movements including the story of the female martyr Kollumba Kang Wansuk the influence of Presbyterianism on the renowned nationalist Ahn Changho the sociopolitical and theological background of the Minjung Protestant Movement and the success and challenges of Evangelical Protestantism in Korea The book concludes with a discussion of how best to encourage a rapprochement between Buddhism and Christianity in Korea **A History of Christian Churches in Korea** Kyöng-bae Min, 2005 The history of Korean Christianity which has solidified its foundation as the nation s church under the complicated relationship among Korea the United States and Japan in the modern age It has grown until the present day unfolds before our very eyes Publisher s description **Korea and Christianity** Chai-Shin Yu, 2004 It has been more than two centuries since Catholicism was introduced in Korea and over a century since the introduction of Protestantism Membership in the Protestant denomination has grown to over ten million in that period This volume looks into the development and the rapid rise of Christianity in Korea and modifications to the Christian theology within the Korean historical and cultural context **Christianity in Korea** Robert E. Buswell, Jr., Timothy S. Lee, 2007-05-31 Despite the significance of Korea in world Christianity and the

Christianity in Modern Korea Donald N. Clark, 1986 Clark's sharp eyed update on Korean Christianity is the best balanced best informed and most lucid contemporary analysis of an astonishing phenomenon the emergence in non Christian Asia of the church in Korea from persecuted sect to national recognition and power in less than a hundred years The book is short but convincing

Balancing Communities Paul S. Cha, 2022-01-31 Starting in 1884 with the arrival of the first resident Protestant missionary in Korea and ending with the expulsion of missionaries from the peninsula by the Japanese colonial government in 1942 *Balancing Communities* examines how the competing demands of communal identities and memberships shaped the early history of Protestantism in Korea In so doing the author challenges the conventional history of Korean Protestantism in terms of its relationship to the South Korean nation state Conversion to Christianity granted Koreans membership in a faith based organization that at least in theory transcended national and political boundaries As a result Korean Christians possessed dual membership in a transnational religious community and an earthly political state Some strove to harmonize these two associations Others privileged one membership over the other Regardless the potential for conflict was always present Balancing competing demands was not simply a Korean issue Missionaries also struggled to reconcile their national allegiances political identities and religious partnerships with both Korean Christian leaders and government officials Improperly calibrated communal demands produced conflict and instability among missionaries Korean Christians and the state These demands led to struggles for control over social institutions such as hospitals and schools incited schisms and debates over church membership and challenged state power and social patterns When they were balanced differently these demands could lead to surprisingly stable and long lasting relations The price of this stability however was often the perpetuation of inequality for the language of community masked the hierarchy of power embedded in these associations Scholars of both Korea and World Christianity have identified South Korea as a prime example of the successful spread of

Christianity outside Euro America in the nineteenth and twentieth centuries Paul S Cha interrogates the construction of Korean Protestantism and successfully argues that frameworks anchored to nationalism or the nation state fail to capture the complexities of this religion's history in Korea and the relationships that formed among Korean Christians missionaries and government officials especially during the colonial period

Jesus of Korea Paul Hyoshin Kim, 2016-05-19 In 2010 nearly 30 percent of South Koreans a country with a Confucian tradition over 1000 years old identify as Christian the largest percentage of Christians in an Asian nation aside from the Philippines Korea also boasts of having the largest church in the world it also has the largest Presbyterian Methodist and Pentecostal churches in the world Its vibrant spirituality devout church life and missionary zeal are well known around the world its number of missionaries nearly 20 000 is second only to US churches How can we explain this religious revolution in modern Korea Many people look to the 1970s and 1980s to find the cause of the rapid growth of Christianity in Korea But to understand the real story behind the growth of the Korean church we need to rediscover the story of the American missionary enterprises of the late nineteenth and early twentieth centuries There we will learn how the story of the American Christ came to Korea and gradually became a part of the Korean people's story After the missions he is no longer the American Christ but Jesus of Korea

Born Again Timothy S. Lee, 2009-12-09 Known as Asia's evangelical superpower South Korea today has some of the largest and most dynamic churches in the world and is second only to the United States in the number of missionaries it dispatches abroad Understanding its evangelicalism is crucial to grasping the course of its modernization the rise of nationalism and anticommunism and the relationship between Christians and other religionists within the country Born Again is the first book in a Western language to consider the introduction development and character of evangelicalism in Korea from its humble beginnings at the end of the nineteenth century to claiming one out of every five South Koreans as an adherent at the end of the twentieth In this thoughtful and thorough study Timothy S Lee argues that the phenomenal rise of this particular species of Christianity can be attributed to several factors As a religion of salvation evangelicalism appealed powerfully to multitudes of Koreans arriving at a time when the country was engulfed in unprecedented crises that discredited established social structures and traditional attitudes Evangelicalism attracted and empowered Koreans by offering them a more compelling worldview and a more meaningful basis for association Another factor is evangelicalism's positive connection to Korean nationalism and South Korean anticommunism It shared in the aspirations and hardships of Koreans during the Japanese occupation and was legitimated again during and after the Korean conflict as South Koreans experienced the trauma of the war Equally important was evangelicals' relentless proselytization efforts throughout the twentieth century Lee explores the beliefs and practices that have become the hallmarks of Korean evangelicalism *kibok* this worldly blessing *saebiyok kido* daybreak prayer and *kumsik kido* fasting prayer He concludes that Korean evangelicalism is distinguishable from other forms of evangelicalism by its intensely practical and devotional bent He reveals how after a long period of impressive expansion

including the mammoth campaigns of the 1970s and 1980s that drew millions to its revivals the 1990s was a decade of ambiguity for the faith On the one hand it had become South Korea s most influential religion affecting politics the economy and civil society On the other it found itself beleaguered by a stalemate in growth the shortcomings of its leaders and conflicts with other religions Evangelicalism had not only risen in South Korean society it had also for better or worse become part of the establishment Despite this significance Korean evangelicalism has not received adequate treatment from scholars outside Korea Born Again will therefore find an eager audience among English speaking historians of modern Korea scholars of comparative religion and world Christianity and practitioners of the faith
