White, 2008-02 In this collection of more than 200 stunning and storied photographs ranging from daguerreotypes to studio portraits to snapshots historian Bruce White explores historical images taken of Ojibwe people through 1950 and considers the negotiation that went on between the photographers and the photographed and what power the latter wielded Ultimately this book tells more about the people in the pictures what they were doing on a particular day how they came to be photographed how they made use of costumes and props than about the photographers who documented and in some cases doctored views of Ojibwe life [Post-Contact Archaeology of Michigan and the Upper Great Lakes Region](#) Sarah L. Surface-Evans, Misty M. Jackson, 2025-11-01 An updated review of post contact archaeology in the Upper Great Lakes region was long overdue In this comprehensive reassessment of recent and ongoing developments in the field *Post Contact Archaeology of Michigan and the Upper Great Lakes Region* examines the breadth and diversity of the area s archaeological sites highlighting the discoveries that are reshaping our understanding of post contact archaeology Gathering case studies that range from terrestrial and underwater cultural sites to the period of the earliest European settlement to the present day this volume spotlights how deeply interconnected excavation of the past and current social justice initiatives are **Papers of the Forty-Fourth Algonquian Conference** Monica Macaulay, Margaret Noodin, J. Dakota Menomini and Ho chunk the constructs and practices of kinship gender and social belonging represented a daily lived reality They also formed the metaphoric foundation for a regionally shared Native political discourse In at least one English translation Rebecca Kugel notes Indigenous peoples referred to the kin based language of politics as the Custom of All the Nations Clearly defined yet endlessly elastic the Custom of All the Nations generated a shared vocabulary of kinship that facilitated encounters among the many Indigenous political entities of the Great Lakes country and framed their interactions with the French the British and later the Americans Both the European colonizers and Americans recognized the power encoding symbolism of Native kinship discourse Kugel tells us but they completely misunderstood the significance that Native peoples accorded to gender a misunderstanding that undermined their attempts to co opt the Indigenous discourse of kinship and bend it to their own political objectives A deeply researched finely observed work by a respected historian Making Relatives of Them offers a nuanced perspective on the social and political worlds of the Great Lakes Native peoples and a new understanding of those worlds in relation to those of the European colonizers and their descendants
