Chiva A Village Takes On The Global Heroin Trade:

Chiva Chellis Glendinning, 2005-02-01 Chiva is street slang for heroin and heroin is a hot topic Its use as a narcotic is on a precipitous rise Worldwide heroin production has doubled in the last decade and the United Nations estimates more than fifteen million users are addicted up to three million in the United States It s big business too with yearly global sales of 0 billion up to billion in the U S Enmeshed with terrorism crime government collaboration corporate globalization and the spread of HIV the opiate trade is inextricably entangled with the functioning of global society Finally heroin is controversial because of the on going debates about solutions to the health social and economic havoc it creates Chiva uses creative nonfiction to merge the global epic of heroin trafficking with the human scale story of its presence in the small desert town that boasts the most per capita overdose deaths in the U S The book interweaves three themes The true tale of Chimayo New Mexico terrorized by its heroin dealers since the 1970s until in the late 90s its citizens rose up to challenge the epidemic in their midst The story of the author s relationship with a local dealer and his involvement with addiction crime love recovery and the judicial system The political context behind these stories the global workings of the heroin production business Compelling disturbing yet hopeful Chiva is both personal and political revealing the relationship between colonization and drug abuse and the importance of reclaiming sustainable culture as a key to recovery Rethinking America Jeff Maskovsky, Ida Susser, 2015-11-17 How has domestic life been reorganised to accommodate the new U S imperial ambitions What are the consequences of empire for the people living here at home This new collection of essays answers these questions by exploring the cultural political and economic shifts that are now under way in the United States Encouraging a radical rethinking of what the country is today this book highlights the connection of U S imperial strategies to the production of insecurity uncertainty and deepening inequality at home Rethinking America also explores the instabilities and contradictions of the new imperialism from the unique vantage point of the newly emerging U S homeland Comprised of work from leading figures in the field of U S ethnography this book is essential reading for anyone interested in understanding the changes taking place in the United States in the early years of the twenty first century The New Village Green Stephen Morris, the Editors of Green Living, 2007-09-01 The village green is the focal point of any community a gathering place where the best ideas take root and the brightest voices are heard The New Village Green gathers some of the best ideas and brightest voices of the green community some famous and familiar others fresh and unknown Each tells an absorbing story and collectively they comprise a powerful chorus that profiles the current state of the environment This remarkable book gathers wisdom and insight from a compelling and thought provoking virtual community Each contributor brings a unique perspective that mingles reverence for the environment with provocative thoughts for the future Topics range from spirituality to solar panels and just like a real village green are juxtaposed with opinions from the new village people including Writers Bill McKibben and Michael Pollan Scientists James Lovelock and Donella Meadows Spiritual leaders Gandhi

and Buddha Practical homespun topics are given equal time Good reasons to embrace alternative currencies Tips for growing great garlic Meant to be devoured in one sitting or sipped a little at a time this book springboards the green movement into the future by acknowledging its roots in the past Rachel Carson Paul Ehrlich and Helen and Scott Nearing are as relevant today as the Slow Food Movement and Peak Oil This book will touch the heart of anyone who lives with conscience and hope

Crossing the Rubicon Michael C. Ruppert, 2004-09-15 The acclaimed investigative reporter and author of *Confronting Collapse* examines the global forces that led to 9 11 in this provocative exposé The attacks of September 11 2001 were accomplished through an amazing orchestration of logistics and personnel *Crossing the Rubicon* examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum geopolitics narco traffic intelligence and militarism without which 9 11 cannot be understood In reality 9 11 and the resulting War on Terror are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale Peak Oil the beginning of the end for our industrial civilization is driving the elites of American power to implement unthinkably draconian measures of repression warfare and population control *Crossing the Rubicon* is more than a story of corruption and greed It is a map of the perilous terrain through which we are all now making our way

Community Practice Skills Dorothy N. Gamble, Marie Weil, 2010 Dorothy N Gamble and Marie Weil differentiate among a range of intervention methods to provide a comprehensive and effective guide to working with communities Presenting eight distinct models grounded in current practice and targeted toward specific goals Gamble and Weil take an unusually inclusive step combining their own extensive experience with numerous case and practice examples from talented practitioners in international and domestic settings The authors open with a discussion of the theories for community work and the values of social justice and human rights concerns that have guided the work of activists from Jane Addams and Martin Luther King Jr to Cesar Chavez Wangari Maathai and Vandana Shiva They survey the concepts knowledge and perspectives influencing community practice and evaluation strategies Descriptions of eight practice models follow incorporating real life case examples from many parts of the world and demonstrating multiple applications for each model as well as the primary roles competencies and skills used by the practitioner Complexities and variations encourage readers to determine through comparative analysis which model at which time best fits the goals of a community group or organization given the context culture social economic and environmental issues and opportunities for change An accompanying workbook stressing empowerment strategies and skills development is also available from Columbia University Press

Land of Disenchantment Michael L. Trujillo, 2010-03-16 New Mexico's Espaola Valley is situated in the northern part of the state between the fabled Sangre de Cristo and Jemez Mountains Many of the Valley's communities have roots in the Spanish and Mexican periods of colonization while the Native American Pueblos of Ohkay Owingeh and Santa Clara are far older The Valley's residents include a large Native American population an influential Anglo or non Hispanic white minority and a growing Mexican immigrant community In spite of the varied populace

native New Mexican Latinos or Nuevomexicanos remain the majority and retain control of area politics In this experimental ethnography Michael Trujillo presents a vision of Española that addresses its denigration by neighbors and some of its residents because it represents the antithesis of the positive narrative of New Mexico Contradicting the popular notion of New Mexico as the Land of Enchantment a fusion of race landscape architecture and food into a romanticized commodity Trujillo probes beneath the surface to reveal the causes of social dysfunction brought about by colonization and the transition from a pastoral to an urban economy

In the Company of Rebels Chellis Glendinning, 2019-05-14 Meetings with remarkable activists since the 1960s American social change movements dominated the 1960s and 1970s an era brought about and influenced not by a handful of celebrity activists but by people who cared These history makers together transformed the political and spiritual landscape of America and laid the foundation for many of the social movements that exist today Through a series of 43 vignettes tight biographical sketches of the characters and intimate memories of her personal encounters with them the author creates a collective portrait of the rebels artists radicals and thinkers who through word and action raised many of the issues of justice the environment feminism and colonialism that we are now familiar with From Berkeley to Bolivia from New York to New Mexico a complex multi layered radical history unfolds through the stories and lives of the characters From Marty Schiffrin who fought through the first rent control law in the United States to Ponderosa Pine who started the All Species Parade and never wore shoes to Dan and Patricia Ellsberg who released the Pentagon Papers and became life long anti war and antinuclear activists the portraits bring out some of the vibrant irreverent energy the unswerving commitment and the passion for life of these generations of activists In our present moment as many people find themselves in the streets protesting for the first time in their lives *In the Company of Rebels* makes the connection to this relatively recent rebellious era As the author comments on her own twenty year old self sitting at the counter of Cody's Books in Berkeley in the early 1970s thrilled about the times but oblivious of the work that came before I didn't know anything about this courageous and colorful past But now I know

The Party's Over Richard Heinberg, 2005-08-01 The world is about to run out of cheap oil and change dramatically Within the next few years global production will peak Thereafter even if industrial societies begin to switch to alternative energy sources they will have less net energy each year to do all the work essential to the survival of complex societies We are entering a new era as different from the industrial era as the latter was from medieval times In *The Party's Over* Richard Heinberg places this momentous transition in historical context showing how industrialism arose from the harnessing of fossil fuels how competition to control access to oil shaped the geopolitics of the 20th century and how contention for dwindling energy resources in the 21st century will lead to resource wars in the Middle East Central Asia and South America He describes the likely impacts of oil depletion and all of the energy alternatives Predicting chaos unless the U.S. the world's foremost oil consumer is willing to join with other countries to implement a global program of resource conservation and sharing he also recommends a

managed collapse that might make way for a slower paced low energy sustainable society in the future More readable than other accounts of this issue with fuller discussion of the context social implications and recommendations for personal community national and global action Heinberg s updated book is a riveting wake up call for humankind as the oil era winds down and a critical tool for understanding and influencing current U S foreign policy Listen to an interview with Richard Heinberg from WRPI [A Small Furry Prayer](#) Steven Kotler,2010-10-05 A look at the cult and culture of the dog rescue movement in America based on the personal experience of the owners of Rancho de Chihuahua dog sanctuary in New Mexico *A Small Furry Hope* Steven Kotler,2011-11-07 An extraordinary look at the world of dog rescue and what dogs can teach us about how to live and love
