Choosing the Good Dennis P. Hollinger, 2002-09 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture *Choosing the Good* Dennis P. Hollinger, 2002 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture

Creation and Christian Ethics Dennis P. Hollinger, 2023-11-07 Creation is a foundational pillar of the biblical storyline yet it plays little role in contemporary evangelical ethics Seeking to correct this oversight Dennis Hollinger employs the creation story and creation themes throughout Scripture as a foundation for Christian ethics After demonstrating why creation is theologically significant and important for Christian ethics Hollinger develops major creation paradigms that provide ethical guidance on a wide range of issues including money sex power racism creation care social institutions and artificial intelligence among many others Creation and Christian Ethics shows throughout that the triune God creates from love and in that creation are moral designs for humanity's journey in God's world Professors and students of Christian ethics will find this a valuable resource for the classroom while pastors and church leaders will benefit from personal and small group study

Choosing the Good Dennis P. Hollinger, 2002-09-01 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture *Fundamental Christian Ethics* Daniel Heimbach, 2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues [The Matrix of Christian Ethics](#) Patrick Nullens, Ronald T. Michener, 2013-12-06 Patrick Nullens and Ronald T Michener seek to revitalize Christian ethics through an integrative approach to classical ethics Their matrix of consequential principle virtue and value ethics provides an alternative to postmodern situation ethics and brings the framework of biblical wisdom to bear on contemporary ethical questions *Pastoral Ethics* W. Ross Hastings, 2022-06-15 Ethics is freedom in Christ to pursue the good true and beautiful Pastors regularly face concrete ethical questions And they too pursue a moral life In the busyness of ministry it can be tempting to think pragmatically or derive one's ethics from the latest cultural concerns But standard approaches to ethics whether deontological utilitarian or virtue ethical all fall short of being distinctly Christian Ethics ought to be grounded in the gospel and in our triune God In *Pastoral Ethics* W Ross Hastings provides pastors an evangelical and trinitarian framework for moral formation and ethical discernment For Hastings ethics must be reclaimed as theological Theology without ethics becomes gnosticism Ethics without theology leads to legalism and death Christian ethics participates in God's life and God's work This communion with God leads to obedience to his commands as summed up in the Decalogue and over several chapters Hastings provides a rich exposition for pastoral formation Pastors find their identity in God and this inspires right thinking and acting with regard to authority life and death sexuality work and rest speech and desires An approach to ethics that prompts faith hope and love *Pastoral Ethics* is an

essential guide for Christians in all ministry contexts

Carl F. H. Henry on the Holy Spirit Jesse M. Payne, 2021-07-07

Recover evangelicalism's foundations by returning to its architect. None doubt the influence of Carl F. H. Henry, the theological architect of contemporary evangelicalism. Through his prolific writing and editorial role in *Christianity Today*, Henry is known for addressing contemporary theology, individual and social ethics, and cultural criticism. But he has been critiqued for an underdeveloped pneumatology. In *Carl F. H. Henry on The Holy Spirit*, Jesse M. Payne argues that Henry cannot truly be understood apart from his mature pneumatology. The Spirit plays a vital role in three major areas of Henry's theology: revelation, ecclesiology, and ethics. These seemingly disparate topics are tied together by his view of a Spirit-inspired Bible ordering a Spirit-enlivened body composed of Spirit-filled believers. Readers will gain a more holistic view of Henry, the role of the Spirit in his life and thought, and early neo-evangelical theology.

Happiness and the Christian Moral Life Paul J. Wadell, 2012-02-16

Happiness and the Christian Moral Life introduces students to Christian Ethics, looking at ethics as a path to the good life and happiness rather than a strict set of rules or regulations. Revised and updated throughout the second edition, it maintains the book's distinctive focus on happiness. Each chapter now features a list of suggested readings to point students and instructors towards further resources. Other changes to the second edition include a more fully developed account of Augustine's understanding of happiness, new discussions of how technology shapes relationships and happiness, and consideration of the relationship between the natural law and the virtues.

Retrieving the Natural Law J. Daryl Charles, 2008-04-14

J. Daryl Charles argues that a traditional metaphysics of natural law lies at the heart of the present reconstructive project and that a revival in natural law thinking is of the highest priority for the Christian community as we contend in rather than abdicate the public square. Nowhere is this more on display than in the realm of bioethics, where the most basic moral questions—human personhood, human rights versus responsibilities, the reality of moral evil, the basis of civil society—are being debated from publisher description.
