diet corporate athletes who start the day with a dance party and the self trackers who monitor everything including their own toilet habits This is a world where feeling good has become indistinguishable from being good Visions of social change have been reduced to dreams of individual transformation political debate has been replaced by insipid moralising and scientific evidence has been traded for new age delusions A lively and humorous diagnosis of the cult of wellness this book is an indispensable guide for everyone suspicious of our relentless quest to be happier and healthier *The Journey Called You* Julie Fuimano,2005 The foundation of emotional intelligence is self awareness How do you learn to become more self aware The Journey Called YOU takes the reader on a journey into the world of self awareness and self wonder It shows you how to discover yourself to know yourself better to accept yourself without judgment and to make decisions that honor the highest form of you In the end you feel more confident and grounded in yourself enabling you to be more authentic manage yourself and your emotions more effectively and lead others more assertively There is as much to wonder about within you as there is in the world outside of you Most of us look outside ourselves to find the answers We look for pleasure in chasing goals and trying to accumulate stuff under the illusion that collecting things is what life is all about We spend our time either berating and harshly judging ourselves or comparing ourselves to others to determine our successfulness based on some predetermined idea of what success is supposed to look like without really considering our own answers In this book you will learn how to discover your true nature and unleash the greatness within you You will learn how to release yourself from the limiting beliefs and obstacles that hold you back from being all that is possible for you to become You will learn how to create a vision for success and liberate yourself from the rules imposed by society and others so that you can make your own rules about how to live your life And you will learn how to be authentically you how to come to a place where you feel grounded in being you so that you feel comfortable in your own skin You feel good about being you you enjoy your life and feel confident about the choices you make As you increase your self awareness you access the power of choice and are better able to manage yourself and effectively lead others This book shows you how to live a life that empowers you to be who you really are A mixture of teaching tales coaching tips journaling exercises and narrative divided into eight chapters this eloquently written easy to read book is designed to help you understand and accept yourself so you can make decisions every day that move you closer to the happy and fulfilled life you desire You will learn how to use your personal power to free yourself to be you After all as Julie points out You are the most important person in your life Without you what do you have **A Personal Journey to Positive Change** W. T. Watts,2009-10-23 My goal is to bring substance and understanding to the lives of my readers based on my thirty year career specializing in counseling and psychotherapy Herein I decipher and define those qualities of mental health which empower an individual to escape the grips of spiritual and psychological distress Each of the basic attributes necessary to achieve this goal humility gratitude acceptance forgiveness patience trust is discussed in addition to obstacles and opportunities presented by life Practicing the attributes while circumventing obstacles and

maximizing opportunities for growth will result in a life perspective dominated by love wisdom and courage The reader s journey is not unlike that of Dorothy from Kansas who is unpredictably severed from the security of all that she has known to be confronted with the ultimate change Friends environment culture life goal etc The Wizard of Oz by L Frank Baum is an allegory of self discovery and empowerment As she overcomes all obstacles Dorothy and her friends learn that genuine power lies within and all else is illusion Both themes are combined to present a relevant and hopefully engaging treatise on living the good life My hope is that all readers benefit and evolve for the good of all **Framing a Family** Robin
