Loftus, Peter Boghossian, 2015-11-01 The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of

philosophical historical and theological arguments but many of the arguments that worked in an earlier age no longer resonate in today's educated West. Where has apologetics gone wrong? What is the best response to the growing challenge presented by scientific discovery and naturalistic thought? Unlike every work on Christian apologetics that has come before, *How to Defend the Christian Faith* is the first one written by an atheist for Christians. As a former Christian defender who is now a leading atheist thinker, John Loftus answers these questions and more. He shows readers why Christian apologists have failed to reach the intelligent nonbeliever and offers practical advice for Christians whether they want to better defend their faith against atheist arguments or actively convert more individuals to Christianity.

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection. Present-day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access-Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Defending the Faith in a Messy World John Warwick Montgomery, 2023-01-01 Much to the dismay of its critics, defending the Christian faith does not rest on a complicated philosophical quest nor illogical assumptions. The task of defending the Christian faith or Christian apologetics is for every Believer. In this easy-to-read beginners' guide to Christian apologetics, scholar and apologist Dr. John Warwick Montgomery lays the groundwork for why the case for Christianity is factually and historically compelling as well as how we should defend the faith. The book's three sections will lead you through the importance of Christian apologetics issues the nonbeliever may raise and how to bring the centrality of the faith, Christ on the cross, before atheists, skeptics, and people from other worldviews. For those who want a lighthearted yet thorough introduction to the how, why, and what of Christian apologetics, this primer is a go-to guide for those who hope to be ready always to give an answer for the faith that is within. 1 Peter 3:15.

The Real Royal Family James E. Schultz, 2021-03-26 God made human beings in his image, and that is what makes us so valuable. Yet there are vastly different ideas of what the image means and how sin affects the image, and each of those ideas impacts the claim that the image grounds human value. People have treated one another in either horrible or

wonderful ways based on their theologies of the image This book examines the logical implications of various image doctrines in the real world Also in Genesis 1 26 27 the image of God is closely tied to the first stated purposes of human life in Genesis 1 28 Yet such practical purposes seem remote from the private spirituality of the gospel story often heard in churches To live out our part in God's creation project we need to understand the image of God within the unfolding story Scripture narrates from creation to new creation This book builds a theology of the image of God by situating it firmly in the biblical narrative harnessing the insights of biblical theology and conversing with theologians past and present to form a coherent story of God his children and his creation in this age and the age to come

A Reasonable Response William Lane Craig, Joe

Gorra, 2013-09-01 Followers of Jesus need not fear hard questions or objections against Christian belief In A Reasonable Response renowned Christian philosopher and apologist William Lane Craig offers dozens of examples of how some of the most common challenges to Christian thought can be addressed including Why does God allow evil How can I be sure God exists Why should I believe that the Bible is trustworthy How does modern science relate to the Christian worldview What evidence do we have that Jesus rose from the dead Utilizing real questions submitted to his popular website ReasonableFaith.org Dr Craig models well reasoned skillful and biblically informed interaction with his inquirers A Reasonable Response goes beyond merely talking about apologetics it shows it in action With cowriter Joseph E Gorra this book also offers advice about envisioning and practicing the ministry of answering people's questions through the local church workplace and in online environments Whether you're struggling to respond to tough objections or looking for answers to your own intellectual questions A Reasonable Response will equip you with sound reasoning and biblical truth
