Christian Democracy In Western Europe

Michael Gehler, Wolfram Kaiser

Christian Democracy In Western Europe:

Christian Democracy Across the Iron Curtain Piotr H. Kosicki, Sławomir Łukasiewicz, 2017-11-06 This book is the first scholarly exploration of how Christian Democracy kept Cold War Europe's eastern and western halves connected after the creation of the Iron Curtain in the late 1940s. Christian Democrats led the transnational effort to rebuild the continent's western half after World War II but this is only one small part of the story of how the Christian Democratic political family transformed Europe and defied the nascent Cold War's bipolar division of the world. The first section uses case studies from the origins of European integration to reimagine Christian Democracy's long-term significance for a united Europe. The second shifts the focus to East Central Europeans: some exiled to Western Europe, some to the USA, others remaining in the Soviet Bloc as dissidents. The transnational activism they pursued helped to ensure that the Iron Curtain or no the boundary between Europe's west and east remained permeable, that the Cold War would not last, and that Soviet attempts to divide the continent permanently would fail. The book's final section features the testimony of three key protagonists. This book appeals to a wide range of audiences: undergraduate and graduate students, established scholars, policymakers in Europe and the Americas, and potentially also general readerships interested in the Cold War or in the future of Europe. **Routledge**

Revivals: Christian Democracy in Western Europe (1957) Michael P. Fogarty, 2018-05-08 First published in 1957, this book is a detailed analysis of Christian Democracy, a movement backed by Protestants as well as Catholics, which has become one of the great social forces of Western Europe. It is strong in eight countries. The first half of Fogarty's book sets out what the many Christian Democratic movements stand for. The second part of the book shows how these movements began, how they have grown, changed, and consolidated, and how they developed into the mid-20th century. This is a broad and useful survey which delves into the history, nature, and significance of the Christian Democratic movements in Europe. In Fogarty's analysis, Christian Democracy may indeed bring about a renewed unity of the Christian tradition in Western society.

Christian Democracy in Western Europe, 1820-1953 Michael Fogarty, 1957 Scholarly work by a British economist on economic and social implications of the Catholic political action movement between 1820 to 1953. **CHRISTIAN**

DEMOCRACY IN EUROPE David Hanley, 1996-01-01 Assesses the development of Christian democracy on the most durable political movements in Europe. *Christian Democracy in Western Europe, 1820-1953* Michael Patrick Fogarty, 1957

This book is a preliminary survey of one aspect of the social influence of the Christian Churches. Its subject is Christian Democracy, the area in which lay men and women inspired by their Christian faith take independent responsibility for the running of political parties, trade unions, farmers' unions, and the like. Provided by author in Preface. **Christian Democracy in**

Europe Since 1945 Michael Gehler, Wolfram Kaiser, 2004-08-02 For the first time, this book reveals the actual roles of the Christian Democratic (CD) parties in postwar Europe from a pan-European perspective. It shows how Christian Democratic parties became the dominant political force in postwar Western Europe and how the European People's Party is currently the

largest group in the European Parliament CD parties and political leaders like Adenauer Schuman and De Gasperi played a particularly important role in the evolution of the core Europe of the EEC EC after 1945 Key chapters address the same questions about the parties membership and social organization their economic and social policies and their European and international policies during the Cold War The book also includes two survey chapters setting out the international political context for CD parties and comparing their postwar development and two chapters on their transnational party cooperation after 1945 This is the companion volume to *Political Catholicism in Europe 1918 1945* [The Rise of Christian Democracy in Europe](#) Stathis N. Kalyvas, 1996 Kalyvas also lays a foundation for a theory of the Christian Democratic phenomenon which would specify the conditions under which confessional parties succeed and would determine the impact of such parties and the way they are formed on politics and society *The Christian Democratic Parties of Western Europe* Ronald E. Irving, **Western Europe's Democratic Age** Martin Conway, 2022-06-14 A major new history of how democracy became the dominant political force in Europe in the second half of the twentieth century What happened in the years following World War II to create a democratic revolution in the western half of Europe In *Western Europe's Democratic Age* Martin Conway provides an innovative new account of how a stable durable and remarkably uniform model of parliamentary democracy emerged in Western Europe and how this democratic ascendancy held fast until the latter decades of the twentieth century Drawing on a wide range of sources Conway describes how Western Europe's postwar democratic order was built by elite intellectual and popular forces Much more than the consequence of the defeat of fascism and the rejection of Communism this democratic order rested on universal male and female suffrage but also on new forms of state authority and new political forces primarily Christian and social democratic that espoused democratic values Above all it gained the support of the people for whom democracy provided a new model of citizenship that reflected the aspirations of a more prosperous society This democratic order did not however endure Its hierarchies of class gender and race which initially gave it its strength as well as the strains of decolonization and social change led to an explosion of demands for greater democratic freedoms in the 1960s and to the much more contested democratic politics of Europe in the late twentieth century *Western Europe's Democratic Age* is a compelling history that sheds new light not only on the past of European democracy but also on the unresolved question of its future *Conservative Politics in Western Europe* Zig Layton-Henry, 1982-12-16
