Christian Family And Contemporary Society Ecclesiological Investigations:

Christian Family and Contemporary Society ,2014-11-20 This collection of essays integrates a broad spectrum of geographical denominational and interdisciplinary perspectives and analyses the relationship between family and religion in its various contexts both historical and contemporary Divided into four key parts the contributors address first the biblical and patristic background of the family construct while the second part reveals denominational and ecumenical perspectives on marriage and the family The third part sketches a sociological profile of the family in some European countries and addresses pastoral and sacramental issues connected with it The final part places the Christian family in the context of contemporary society

The Rite of Christian Initiation Peter McGrail,2016-02-17 In the wake of recent papal legislation the various liturgies of the Roman Rite may today be celebrated in either their post Tridentine or post Vatican II forms Whilst much discussion of this new situation focuses on purely liturgical issues this book breaks new ground by arguing that the coexistence of the two forms raises questions of a profoundly ecclesiological character Peter McGrail explores the relationship between ritual form ecclesial self understanding and constructs of the world that are at play as adults become members of the Church Analysing the rites by which adults were taken into the Church for three and a half centuries this book goes on to explore attempts to find a new ritual expression for the journey to Christian Initiation set against the divergent and even conflicting ecclesiologies which were at play before and during the Council

The Modern Theologians David F. Ford,2013-09-23 This popular text has been updated to ensure that it continues to provide a current and comprehensive overview of the main Christian theologies of the twentieth and twenty first centuries Each chapter is written by a leading theologian and gives a clear picture of a particular movement topic or individual New and updated treatments of topics covered in earlier editions with over half the chapters new to this edition or revised by new authors New section singling out six classic theologians of the twentieth century Expanded treatment of the natural sciences gender Roman Catholic theology since Vatican II and African Asian and Evangelical theologies Completely new chapters on spirituality pastoral theology philosophical theology postcolonial biblical interpretation Pentecostal theology Islam and Christian theology Buddhism and Christian theology and theology and film As

in previous editions the text opens with a full introduction to modern theology Epilogue discussing the present situation and prospects of Christian theology in the twenty first century *The Crisis of Confidence in the Catholic Church* Raymond G. Helmick SJ, 2014-09-01 The Catholic Church in the United States and Europe has seen declining numbers both in regular attendance and in clergy and religious life Scandals have torn at people's allegiance and feelings of disappointment disillusion and anger have become widespread Church authorities have seemed reluctant to acknowledge or address these problems and have responded with vexation to those who raise them from the Right or Left The Crisis of Confidence in the Catholic Church examines the roots of this crisis in light of the nature of the Church community its institutional structure and the historical experiences that have brought it to this pass Raymond Helmick SJ traces the problems of the Catholic Church far back in its history concentration of Church leadership on control of the Christian population a requirement of obedience to their rulings rather than on the Gospel values of Jesus the defensiveness and self righteousness in the face of any criticism Helmick also emphasizes the role of the Second Vatican Council as it brought the Church to an awareness of its potentiality for an active life of faith by its total membership How will the Church revive Helmick believes that a new growth of Christianity can come now only by a return to the love and care of its original premises to the things that are redolent of the life of Jesus The new evangelization can only be done by living a Christian life giving an example **Ecumenical**

Perspectives Five Hundred Years After Luther's Reformation Gerard Mannion, Dennis M. Doyle, Theodore G. Dedon, 2021-05-04 This book offers ecumenical essays that focus on Reformation Christianity and on current Lutheran Catholic understandings and relationships It addresses important issues including the meaning of the Reformation the reception of Luther in Germany and beyond contemporary ecumenical dialogues and pathways to the future There is also some inclusion of Jewish and Orthodox traditions as well as attention to global issues Taken as a whole the primary method of this book is theology informed by history hermeneutics ethics and social theory Within the structure of the book can be found the classic hermeneutical circle What was the meaning of the Reformation for Luther in his own time What are various ways in which Luther and the Reformation have been interpreted in history How does knowledge of these things help us today to understand the Reformation and to move forward **The Theology of Wolfhart Pannenberg** Carl E. Braaten, Philip Clayton, 2016-07-30 How deep has Pannenberg's influence been on American theology Which particular ideas or themes from his work have been most pervasive to American thinkers and which have encountered the greatest resistance What implications does his work have beyond explicitly theological contexts e.g. for philosophy ethics environmental concerns political action and the natural sciences What new forms have his ideas taken as they have been adapted to fit the very different context of American theology The authors of the twelve critiques in this volume represent a broad cross section of American thought on religion The essays cover virtually all of the major areas in which Pannenberg has published An introductory survey provides a comprehensive overview of the critical literature on Pannenberg from the early 1960s to 1986

Together the essays represent an accurate barometer of the influence Pannenberg has had in America as well as the sorts of reservations that the English speaking world brings to his work. It has now been many years since Pannenberg's first visit to the United States. At that time the discussion with Pannenberg focused on the radically historical character of his proposal for theology centering around revelation and resurrection. In the meantime Pannenberg's thought has expanded almost encyclopedically into most of the major disciplines studied in a modern university. Without doubt the most comprehensive theologian at work today, his place in the history of twentieth century theology is well assured. Catholic Social Justice
