Dockery, Timothy

George, 2012-04-30 A college education becomes truly meaningful when faith affects what happens in the classroom every day According to David Dockery and Timothy George it's only by stepping into the great tradition of Christian thinking that students can take hold of the true power of their education They demonstrate that vibrant world changing Christianity is not anti intellectual instead it assumes a long tradition of vigorous Christian thinking and a commitment to the integration of faith and scholarship as essential to the preparation of a next generation of leaders in the church the academy and the world As the first volume in a new series this book introduces an approach to the Christian tradition that is not simply historical overview but will also help students engage with contemporary challenges to their faith in various academic fields This reader friendly guidebook shows how to address those challenges by reclaiming the best of the Christian intellectual tradition With illustrations reflection questions and a list of resources for further study this book is sure to be a timely tool in

the hands of believing students in both Christian and secular universities Part of the Reclaiming the Christian Intellectual Tradition series *For Others to Follow* Paul K. Bates,2021-06-15 *For Others to Follow* is a call for Spirit led leadership guided by a grounded theory derived from a multi layered analysis of rich firsthand narratives given by respondents to a research questionnaire and reflected through four decades of experience Taken together the recommendations in this book underpin an ethos a character of leadership that will invite others to follow and to emulate while the leader herself grows and blooms Servant Leadership and the Black Church Serving as Jesus Served Dr. Pearlie Johnson-Freeman,2025-08-13 This book provides an overview of the history of the Black Church beginning with the church s origination during the slavery era It demonstrates how the appropriate leadership approach is crucial in meeting the distinctive needs of the Black Church After examining the various leadership approaches it is recommended that servant leaders embody the appropriate leadership characteristics to assure the future of the Black Church because it is the leadership approach by which Jesus served Ten recommendations are provided for leaders who wish to improve their servant leadership approach or learn how to become a servant leader *Turnaround* Jason K. Allen,2022-09-13 How do you save a sinking ship When Dr Jason K Allen arrived on the campus of Midwestern Seminary it was in rough shape The faculty the facilities and the reputation of the school were all flailing How did he lead this seminary to become the fastest growing and one of the largest seminaries in the world In this book Dr Allen shares the leadership principles he learned through the turnaround of Midwestern Seminary principles you ll be able to apply in whatever area God has called you to lead Competencies for Leading in Diversity Aiah Dorkuh Foday-Khabenje,2016-11-14 The patriarchal approach to leadership in the African context is indeed an enigma judging from the unpredictable outcomes and the quest for effective leadership In many ways the secularized big man in the public square is no different from the sacralised great man of God in the church The Lord Jesus Christ calls his followers to servant leadership The secular world has also established the efficacy of the servant leadership approach for cutting edge leadership This book looks at the nature of evangelical associations in their diversity and what it takes for leaders to build unity and harmony for effectiveness especially in the African context Empower John Senior,Matthew Floding,2020-11-15 As the second book in the Explorations in Theological Field Education series *Empower* is a toolkit for supervisor mentors working with beginning ministers Chapters from ministry practitioners and field education program directors offer lessons gained through hundreds of hours of mentoring experience Seasoned practitioners reveal how to do the work of mentoring in ways that fit particular needs of students with whom they have worked Guiding those who wish to deepen and expand their craft of mentoring *Empower* welcomes ministry mentors into a supportive community dedicated to making theological field education a rewarding experience for everyone involved Convictional Civility C. Ben Mitchell,Carla D. Sanderson,Gregory Alan Thornbury,2015-01-01 Jesus calls his followers to be salt and light in a fallen world Through the ages believers have grappled with what form Christian cultural engagement should take Various Christian thinkers have advocated models of

engagement and some recent models have used the discourse of the battlefield to speak of winning the culture war In a post Constantinian post Christian culture how are believers to live in the world without being of the world Throughout his ministry David S Dockery has persistently advocated convictional civility as a vision for contemporary engagement in which witness is more important than winning and fidelity is more effective than fighting In this volume respected Christian leaders honor him by presenting these essays that explore convictional civility as a lifestyle of bearing witness for Christ and of contributing to the common good From the pulpit to the public square and from the campus to the courtroom followers of Christ are to demonstrate Christian virtues through winsome civility and Christian values through wholehearted conviction
