CHRISTIAN SAMUEL WALKER CHARLES. SIMEON, 2018 *The Gospel in the Christian Year and in Christian Experience* Randolph H. Mckim, 2015-07-10 Excerpt from *The Gospel in the Christian Year and in Christian Experience* Practical Sermons for the People Advent to Trinity Our services have reminded us that we are entering to day upon a new Christian Year and the question naturally arises Why should the Church observe a different year from the civil year which begins a month later Two reasons may be given In the first place the Church seeks to impress upon her children the existence of a higher sphere than this temporal one a world greater and fairer than this world of sense and to write deeply upon their minds the fact that they stand in close and vital relation to that invisible supernal sphere The Christian Year embodies this thought About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Practical Sermons Archibald Alexander, 2015-07-16 Excerpt from *Practical Sermons To Be Read in Families and Social Meetings* Several years have elapsed since the author promised to a few friends that if life and health should be continued he would endeavour to prepare a volume of sermons on practical subjects to be circulated by the Presbyterian Board of Publication Incessant occupation in professional duties occasioned the postponement of the fulfilment of this promise from time to time until recently when he was informed that the Board of Publication were desirous to put such a volume into circulation especially for the benefit of families who were deprived of the opportunity of attending on the preaching of the gospel At first it occurred to him that for the purposes of the Board such a volume had better be composed of a collection of sermons contributed by different ministers of our church But upon reflection he was persuaded that it would be found difficult to get the proper persons to furnish discourses on the topics which might be prescribed And he has observed that when the sermons of several persons are included in the same volume there is a disposition in many readers to make invidious comparisons between the authors and while some discourses are highly valued others are neglected Upon the whole it seems best that every author should make his own book and to obtain a desirable variety more volumes of sermons than one should be put into circulation The author being aware that books of sermons are not in as much demand as publications of another kind would not have consented that the Board of Publication should run the risk of an edition of this volume but this objection was obviated by the generous proposal of the friends referred to above to bear the whole expense of stereotyping the work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work

Aggressive Christianity Catherine Booth, 2015-09-27 Excerpt from Aggressive Christianity Practical Sermons Our attention was first called to this book by Rev Daniel Steele D D and after a careful and to us profitable reading we yielded readily to his persuasion to give it to the American Churches being assured that its practical burning truths must arouse all to a clearer apprehension of their duty and privilege These sermons are a marvel of direct earnest appeal to the hearts of all who seek to know the way of the Lord more perfectly No one can read them without being profoundly stirred and scripturally enlightened They are suited to arouse the dormant energies of all classes to a better and more useful life The Introduction by Dr Steele sets forth in earnest words the religious character of the author and the excellencies of these sermons We give them to the public with the prayer that their perusal may kindle a flame of revival in all the land by stirring up the people to seek the Pentecostal baptism About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work

The Sermon on the Mount Charles Gore, 2015-07-16 Excerpt from The Sermon on the Mount A Practical Exposition There is no plant in the spiritual garden of the Church of England which at the present moment needs

more diligent watering and tending than the practical devotional study of Holy Scripture The extent to which spiritual sloth or reaction against Protestant individualism or the excuse of critical difficulties is allowed to minister to the neglect of this most necessary practice is greatly to be deplored It is surprising in how few parts of the Bible critical difficulties be they what they may need be any bar to its practical use About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Practical Sermons Ashbel

Green, 2015-07-14 Excerpt from Practical Sermons Extracted From the Christian Advocate With the Consent of the Author I To show where and in what it was that the psalmist confidently expected to find the relief which he so much needed and desired II To evince that it possesses all the properties which he ascribes to it when he calls it emphatically his rest III To show what will enable and entitle us to appropriate and apply to ourselves the consolatory language of the text After this a short improvement shall conclude the discourse First then we are to consider where and in what it was that the psalmist confidently expected to find the relief which he so much needed and desired About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Reference**

Henrietta Maria Bowdler, 2016-06-25 Excerpt from Sermons on the Doctrines and Duties of Christianity The first words of the Bible contain a great and most important truth In the beginning god created the heaven and the earth Here we may learn the answer to the question how we and the world we live in were made God created god produced out of nothing all that we see in this beautiful world He spake and it was done In six days god created the world furnished it with plants and animals and made man in his own image to rule over it and god saw About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any
