Craigslist Ny Part Time:

The Ethics of Sex and Alzheimer's John Portmann, 2013-07-18 A growing epidemic Alzheimer's punishes not only its victims but also those married to them This book analyzes how Alzheimer's is quietly transforming the way we think about love today Without meaning to become rebels many people who find themselves married to Alzheimer's deflate the predominant notion of a conventional marriage By falling in love again before their ill spouse dies those married to Alzheimer's come into conflict with central values of Western civilization personal sexual familial religious and political Those who wait sadly for a spouse's death must sometimes wonder if the show of fidelity is necessary and whom it helps Most books on Alzheimer's focus on those who have it as opposed to those who care for someone with it This book offers a powerful and searching meditation on the extent to which someone married to Alzheimer's should be expected to suffer loneliness The diagnosis of dementia should not amount to a prohibition of sexual activity for both spouses Portmann encourages readers to risk honesty in assessing the moral dilemma using high profile cases such as Nancy Reagan and Justice Sandra Day O'Connor to illustrate the enormity of the problem Ideal for classes considering the ethics of aging and sexuality [Buy It Now](#)

Margaret Juhae Lee, 2024-03-05 In this immersive erudite memoir Margaret Juhae Lee unspools her long buried family history centrally her grandfather's imprisonment in Japanese occupied Korea Vanity Fair Absorbing Starry Field reminds us that even knowing where we came from won't tell us where we're going but it will help along the way Susan Choi National Book Award winning author of Trust Exercise A poignant memoir for readers who love Pachinko and The Return by journalist Margaret Juhae Lee who sets out on a search for her family's history lost to the darkness of Korea's colonial decades and contends with the shockwaves of violence that followed them over four generations and across continents As a young girl growing up in Houston Margaret Juhae Lee never heard about her grandfather Lee Chul Ha His history was lost in early twentieth century Korea and guarded by Margaret's grandmother who Chul Ha left widowed in 1936 with two young sons To his surviving family Lee Chul Ha was a criminal and his granddaughter was determined to figure out why Starry Field A

Memoir of Lost History chronicles Chul Ha's untold story. Combining investigative journalism, oral history, and archival research, Margaret reveals the truth about the grandfather she never knew. What she found is that Lee Chul Ha was not a source of shame; he was a student revolutionary imprisoned in 1929 for protesting the Japanese government's colonization of Korea. He was a hero and eventually honored as a Patriot of South Korea almost 60 years after his death. But reclaiming her grandfather's legacy in the end isn't what Margaret finds the most valuable. It is through the series of three long-form interviews with her grandmother that Margaret finally finds a sense of recognition she's been missing her entire life. A story of healing old wounds and the reputation of an extraordinary young man, *Starry Field* bridges the tales of two women, generations and oceans apart, who share the desire to build family in someplace called home. *Starry Field* weaves together the stories of Margaret's family against the backdrop of Korea's tumultuous modern history with a powerful question at its heart: Can we ever separate ourselves from our family's past, and if the answer is yes, should we?

20 memorable photographs will be included. *Intimacy on the Internet* Lauren Rosewarne, 2016-04-14. The focus of this book is on the media representations of the use of the Internet in seeking intimate connections, be it a committed relationship, a hook-up, or a community in which to dabble in fringe sexual practices. Popular culture, film, narrative television, the news media, and advertising present two very distinct pictures of the use of the Internet as related to intimacy. From news reports about victims of online dating to the presentation of the desperate and dateless, the perverts and the deviants, a distinct frame for the intimacy-Internet connection is negativity. In some examples, however, a changing picture is emerging. The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news, resulting in more positive spin, advertising, and a more even-handed presence of such liaisons in narrative television and film. Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender, sexuality, technology, and the changing mores regarding intimacy. **1995** W. Joseph Campbell, 2015-01-02. A hinge moment in recent American history, 1995 was an exceptional year. Drawing on interviews, oral histories, memoirs, archival collections, and news reports, W. Joseph Campbell presents a vivid, detail-rich portrait of those memorable twelve months. This book offers fresh interpretations of the decisive moments of 1995, including the emergence of the Internet and the World Wide Web in mainstream American life, the bombing at Oklahoma City, the deadliest attack of domestic terrorism in U.S. history, the sensational Trial of the Century at which O.J. Simpson faced charges of double murder, the U.S.-brokered negotiations at Dayton, Ohio, which ended the Bosnian War, Europe's most vicious conflict since the Nazi era, and the first encounters at the White House between Bill Clinton and Monica Lewinsky, a liaison that culminated in a stunning scandal and the spectacle of the president's impeachment and trial. As Campbell demonstrates in this absorbing chronicle, 1995 was a year of extraordinary events, a watershed at the turn of the millennium. The effects of that pivotal year reverberate still, marking the close of one century and the dawning of another. EBay the Smart Way Joseph T.
