## **Crash Course In Family Literacy Programs:**

**Crash Course in Family Literacy Programs** Rosemary Chance, Laura Sheneman, 2012-03-08 This book collects the research on literacy information regarding the importance of reading to children sources of funding and places to find information about literacy programs in the 50 states all in a single volume Family literacy programs can be remarkably effective in helping families who struggle in various areas of literacy or supporting their children's academic needs Crash Course in Family Literacy Programs provides an introduction and an overview of this critical subject defining what literacy family literacy and family literacy events are and covering critical topics such as sources of funding conclusions of recent research and bilingual family literacy The first half of the book is focused on laying out background information about family literacy while the remainder provides practical how to information for public and school libraries to develop their own family literacy programming The book shows perspectives of public librarians school principals children's book store owners and school personnel who have successfully implemented a family literacy program Planning sheets and lesson templates are included making it easy to develop a family literacy program **Crash Course in Strategic Planning** Stephen A.

Matthews, Kimberly D. Matthews, 2013-08-15 For practitioners this text provides an easy to understand approach to strategic planning and execution The general recipe for achieving an intended outcome is equal parts of the following clear vision and mission a practical strategic plan daily activities linked to the mission and unified commitment to the plan However orchestrating the details of these necessary components is somewhat more complicated Crash Course in Strategic Planning uses a process approach to the creation of a strategic plan providing practitioners with no nonsense instruction on planning The volume is arranged to lead the reader through the stages of planning from the beginning development stages through the execution of the plan to completing the plan and attaining the objective A variety of recommended planning techniques are supplied for groups to use to accomplish their planning goals and the final chapter emphasizes the importance of overall organizational commitment to execution of the plan Crash Course in Library Services for Seniors Ann Roberts, Stephanie

G. Bauman, 2012-05-31 A comprehensive guide to creating dynamic successful and innovative library programs that cater to the specialized needs of older adults an important and growing user group Crash Course in Library Services for Seniors provides a refreshingly positive approach to working with older adults one that focuses on the positive effects of aging on patrons and the many opportunities that libraries can create for themselves by offering top notch services delivered with a concierge mindset The book offers page after page of great programming ideas specifically for reaching out to Baby Boomers and older customers a population that is predicted to double over the next 20 years Organized in only six chapters this easy to read book provides practical suggestions for making any library a welcoming place for older adults covering topics such as assessment planning programming services marketing and evaluation This title will be invaluable to public librarians interested in expanding and improving their current programming for older adults within their community and for those

looking to create entirely new programming for seniors      **Crash Course in Gaming** Suellen S. Adams,2013-11-25 Video games aren't just for kids anymore This book will describe the why and how to start or expand a video gaming program in the library including some specific examples of how to target adult and female gamer patrons Gaming supplies more than just visual stimulation and empty entertainment it can also promote socialization as well as the learning of both traditional and new literacies required to succeed in the modern world Problem solving multi tasking complex decision making on the fly and reading the combination of words and graphics are vital skills for the 21st century all of which are required to play video games Crash Course in Gaming discusses the pros and cons of gaming the types of games and game systems circulating collections and game programs It explains how a library's video game program can and should do much more than simply draw younger users to the library providing examples of how everyone from parents to senior citizens can benefit from a patron oriented computer gaming program The appendices also include specific games programs review sources and sources for further information      **Crash Course in Readers' Advisory** Cynthia Orr,2014-12-05 One of the key services librarians provide is helping readers find books they'll enjoy This crash course will furnish you with the basic practical information you need to excel at readers advisory RA for adults and teens The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous Often uncertainty arises because although librarians are called on to perform such services daily readers advisory is a skill set in which most have no formal training This guide will remedy that It is built around understanding books reading and readers and will quickly show you how to identify reading preferences and advise patrons effectively You'll learn about multiple RA approaches such as genre appeal features and reading interests and about essential tools that can help with RA Plus you'll discover tips to help you keep up with this ever changing field There is no other professional book that covers the full spectrum of skills needed to perform the RA service that is in such great demand in libraries of all kinds Helping readers find what they want is a sure way to serve patrons and build your library's brand You will come away from this easy to understand crash course with the solid background you need to do both      **Crash Course in Children's Services** Penny Peck,2014-09-26 Useful for newcomers to the children's library staff as well as longtime children's librarians the second edition of this popular handbook provides easy to follow instructions to make innovations in children's library materials work for you Addressing everything from the basics of reference to the complex and highly specialized duties of program development this handbook is perfect for both librarians and support staff who are assigned to the children's department of a library This second addition of Crash Course in Children's Services covers many of the new issues facing children's library staff including eBooks using apps in programming other online reading options book trailers nonfiction and the Common Core curriculum It also describes expanded programming options such as makerspaces gaming dog reading programs and play at storytime Ideal for new children's librarians as well as experienced library staff who have not worked with children recently and long time children's

librarians looking to add new skills to their tool kits the book familiarizes readers with all the new developments of the past few years from online reading options to the wealth of new programming aimed at youth You ll learn about subjects such as pop up and passive programming offering online homework help and outreach and services to special needs children and then quickly implement new practices into use at your library

**Crash Course in Storytime Fundamentals**

Penny Peck,2015-01-26 This manual is a one stop shop on how to present storytimes to suit different audiences including bilingual learners special needs children and those in a variety of settings such as Head Start preschools and day care situations This beginner s guide to storytelling traces the developmental stages of very young children illustrating how to present storytime for babies toddlers and preschoolers as well as in family settings to be most effective Author Penny Peck will teach you the fundamentals of reading with the intent of capturing children s imaginations showing you how to incorporate music play and hands on activities into your routine She offers expert advice on how to choose the best picture books and provides lists of books for addressing particular literacy needs A perfect primer for those new to the task this guide illustrates how to make this activity a favorite of children and provides tips for progressing in the role of storyteller with ideas for engaging your audience and enhancing enjoyment Beginning with the basics of performing a library storytime each subsequent chapter builds on that knowledge offering ways to infuse technology special needs adaptations and music into the story The revised edition addresses such current topics as iPads apps usage online options and dance programs

**Crash Course in**

**Collection Development** Wayne Disher,2014-09-26 This indispensable resource provides tools for collection management in public libraries featuring essential strategies for inventory assessment market analysis budgeting marketing and customer service This book is a must have for those just entering the field or professionals in need of a refresher in effective library operations This professional volume covers all aspects of collection development and management in the public library from gathering statistics to design a collection that meets community needs to selecting materials managing vendor relations understanding the publishing industry and handling complaints Author Wayne Disher provides public librarians especially those without the benefit of academic training access to the tools to make them successful and their collections beneficial to the public they serve The second edition features two new chapters on digital curation and cooperative collection development Additional updates include helpful information on infographics more budgeting formulas and a section on core collections as well as content covering eBooks electronic storage and digital rights management Chapters discuss subjects such as marketing the collection to patrons book repair and handling censorship issues when collections are challenged

**Crash Course in Technology Planning** Christopher D. Brown,2016-07-18 This easy to use primer will empower anyone even those with no IT background to face the challenge of adding one or more technologies to library services or maintaining existing technologies Most of the public libraries in the United States are operating on tight budgets without allocation for IT personnel in school libraries the librarian often takes on the lion s share of IT responsibility This book is an invaluable guide

for library staff members who are put in the position of maintaining their own networks and computers with very little training or support Authored by an assistant library director with years of firsthand experience working as a solo IT manager within public libraries this guide provides practical information about overcoming the unique challenges of managing IT in a smaller organization juggling multiple job roles being limited by a restrictive budget and working directly with the public

Crash Course in Technology Planning addresses a wide variety of IT topics in the library sphere providing information in a logical manner and order It begins with an explanation of triaging existing IT issues then moves into diagnosing and repairing both individual PCs as well as the library Local Area Network LAN The following chapters cover other important topics such as the best way to inventory computers and equipment how to budget for and procure new equipment and recommended ways for an IT layperson to set and achieve goals

Crash Course in Weeding Library Collections Francisca Goldsmith, 2015-11-02 Weeding is a perennial challenge for librarians This book will help you rise to the task by offering you basic instructions including information on new formats and digital collections Weeding is often difficult who can easily decide to discard books and other materials that someone may someday want to borrow But weeding is essential to keeping your collection healthy and relevant Perfect for all types of libraries and for both paraprofessionals and librarians unfamiliar with modern weeding methods this practical guide offers clear guidance that can help you cope with the sometimes paralytic fear and distaste that can accompany a must do task Each of the book's chapters treats a specific concern for example weeding electronic collections Practical matters related to collection maintenance through material and online resource weeding are addressed as are policy and procedure documentation and communication planning and best practices You'll read about weeding ethics using vendor provided weeding tools and floating collections The book also shares advice on training volunteers as weeding assistants and on communicating with library stakeholders about collection maintenance By showing you how to make weeding a normal part of your library's routine this book will help you provide your community with a healthier better circulating and more valuable collection

Yeah, reviewing a books **Crash Course In Family Literacy Programs** could build up your close connections listings. This is just one of the solutions for you to be successful. As understood, capability does not recommend that you have extraordinary points.

Comprehending as well as treaty even more than further will have enough money each success. next to, the pronouncement as capably as acuteness of this Crash Course In Family Literacy Programs can be taken as skillfully as picked to act.
