Creationism And Its Critics In Antiquity:

Creationism and Its Critics in Antiquity David Sedley, 2007 David Sedley's treatment of ancient views on intelligent design will transform our current thinking Thomas Johansen author of Plato's Natural Philosophy A Study of the Timaeus Critias Creationism and its Critics in Antiquity has the qualities of a classic Powerfully organised round an enthralling theme it is singularly rich in execution The author's unsurpassed command of his material is matched by the clarity originality and imaginative detail of his arguments The book is as accessible as it is authoritative It speaks to everyone interested in Greek philosophy and very many of its readers will go back to it again and again Sarah Broadie author of Aristotle and Beyond Essays on Metaphysics and Ethics

Creationism and Its Critics in Antiquity David Sedley, 2008-01-16 The world is configured in ways that seem systematically hospitable to life forms especially the human race Is this the outcome of divine planning or simply of the laws of physics Ancient Greeks and Romans famously disagreed on whether the cosmos was the product of design or accident In this book David Sedley examines this question and illuminates new historical perspectives on the pantheon of thinkers who laid the foundations of Western philosophy and science Versions of what we call the creationist option were widely favored by the major thinkers of classical antiquity including Plato whose ideas on the subject prepared the ground for Aristotle's celebrated teleology But Aristotle aligned himself with the anti creationist lobby whose most militant members the atomists sought to show how a world just like ours would form inevitably by sheer accident given only the infinity of space and matter This stimulating study explores seven major thinkers and philosophical movements enmeshed in the debate Anaxagoras Empedocles Socrates Plato the atomists Aristotle and the Stoics

Drama of the Divine Economy Paul M. Blowers, 2012-10-11 The theology of creation interconnected with virtually every aspect of early Christian thought from Trinitarian doctrine to salvation to ethics Paul M Blowers provides an advanced introduction to the multiplex relation between Creator and creation as an object both of theological construction and religious devotion in the early church While revisiting the polemical dimension of Christian responses to Greco Roman philosophical cosmology and heterodox Gnostic and Marcionite traditions on the origin constitution and destiny of the cosmos Blowers focuses more substantially on the positive role of patristic theological interpretation of Genesis and other biblical creation texts in eliciting Christian perspectives on the multifaceted relation between Creator and creation Greek Syriac and Latin patristic commentators Blowers argues were ultimately motivated less by purely cosmological concerns than by the urge to depict creation as the enduring creative and redemptive strategy of the Trinity The drama of the divine economy which Blowers discerns in patristic theology and piety unfolded how the Creator invested the end of the world already in its beginning and thereupon worked through the concrete actions of Jesus Christ and the Holy Spirit to realize a new creation

Plato's Timaeus and the Biblical Creation Accounts Russell E. Gmirkin, 2022-05-02 Plato's Timaeus and the Biblical Creation Accounts argues that the creation of the world in Genesis 1 and the story of the first humans in Genesis 2-3 both draw directly on Plato's

famous account of the origins of the universe mortal life and evil containing equal parts science theology and myth This book is the first to systematically compare biblical Ancient Near Eastern and Greek creation accounts and to show that Genesis 1 3 is heavily indebted to Plato's Timaeus and other cosmogonies by Greek natural philosophers It argues that the idea of a monotheistic cosmic god was first introduced in Genesis 1 under the influence of Plato's philosophy and that this cosmic Creator was originally distinct from the lesser terrestrial gods including Yahweh who appear elsewhere in Genesis It shows the use of Plato's Critias the sequel to Timaeus in the stories about the Garden of Eden the intermarriage of the sons of God and the daughters of men and the biblical flood This book confirms the late date and Hellenistic background of Genesis 1 11 drawing on Plato's writings and other Greek sources found at the Great Library of Alexandria This study provides a fascinating approach to Genesis that will interest students and scholars in both biblical and classical studies philosophy and creation narratives

Eschatology in Antiquity Hilary Marlow, Karla Pollmann, Helen Van Noorden, 2021-09-29 This collection of essays explores the rhetoric and practices surrounding views on life after death and the end of the world including the fate of the individual apocalyptic speculation and hope for cosmological renewal in a wide range of societies from Ancient Mesopotamia to the Byzantine era The 42 essays by leading scholars in each field explore the rich spectrum of ways in which eschatological understanding can be expressed and for which purposes it can be used Readers will gain new insight into the historical contexts details functions and impact of eschatological ideas and imagery in ancient texts and material culture from the twenty fifth century BCE to the ninth century CE Traditionally the study of eschatology and related concepts has been pursued mainly by scholars of Jewish and Christian scripture By broadening the disciplinary scope but remaining within the clearly defined geographical milieu of the Mediterranean this volume enables its readers to note comparisons and contrasts as well as exchanges of thought and transmission of eschatological ideas across Antiquity Cross referencing high quality illustrations and extensive indexing contribute to a rich resource on a topic of contemporary interest and relevance *Eschatology in Antiquity* is aimed at readers from a wide range of academic disciplines as well as non specialists including seminary students and religious leaders The primary audience will comprise researchers in relevant fields including Biblical Studies Classics and Ancient History Ancient Philosophy Ancient Near Eastern Studies Art History Late Antiquity Byzantine Studies and Cultural Studies Care has been taken to ensure that the essays are accessible to undergraduates and those without specialist knowledge of particular subject areas

Eastern Christianity in Its Texts Cyril Hovorun, 2022-08-25 Surveying theological literature produced in the Christian East from the first through the 20th century *Eastern Christianity in Its Texts* explores different theological themes analytical and mystical genres epistles treatises and poetry and milieux Greek Armenian Western and Eastern Syriac Russian and Romanian The book illustrates the evolution of the Orthodox thought how it influenced and was influenced by intellectual social and political environments It demonstrates a theology in context and yet displays consistency in the traditions spread through different epochs and countries The book is

divided in five parts each standing for an epoch with distinct features formation of the Christian identity in the era before Constantine golden age of theology in the period of Late Antiquity the pinnacle of erudism and mysticism in the eastern Middle Ages wrestling with the Modernity imported from the West in the 18th 19th centuries and finally theological polyphony in the 20th century

Time and Chronology in Creation Narratives Silvie Kilgallon, Fiona Mitchell, 2024-08-31 This book explores the ways in which the origins of time of the gods and processes associated with time were conceptualised in antiquity examining a variety of ancient sources from across the ancient world and addressing issues surrounding the sources themselves Time is a key framework through which we understand the world around us Shared structures to measure the passage of time reveal certain cultural and societal values while time's less concrete forms are evident across art and literature This volume examines how the tangible and intangible direct and complex representations of time are used in ancient sources The chapters in this book are written by scholars whose work focuses on India Assyria Greece and Rome Their analyses explore poetic and mythological narratives philosophical discourse and representations of the divine allowing us to see how ideas about time and chronology reveal various cultural understandings of our world Accessibly written this volume enables scholars from a variety of disciplines to engage effectively with each chapter Time and Chronology in Creation Narratives offers a fascinating interdisciplinary collection suitable for scholars working in ancient literature philosophy and religion across Classics Ancient History Indology and Near Eastern Studies

Body and Gender, Soul and Reason in Late Antiquity Gillian Clark, 2023-04-14 What does it mean to say that a human being is body and soul and how does each affect the other Late antique philosophers Christians included asked these central questions The papers collected here explore their answers and use those answers to ask further questions reading Iamblichus Porphyry Augustine and others in their social and intellectual context Among the topics dealt with are the following Humans are mortal rational beings so how does the mortal body affect the rational soul The body needs food what foods are best for the soul and is it right to eat animal foods if animals are less rational than humans The body is gendered for reproduction are reason and the soul also gendered Ascetic lifestyles may free our bodies from the limitations of gender and desire so that our souls are free to reconnect with the divine but this need must be balanced with the claims of family and society Philosophers asked whether life in the body is exile for the soul Christians defended their claim that body as well as soul would live after death and even the smallest fragment of a martyr's body is proof of resurrection

God and the Folly of Faith Victor J. Stenger, 2012 Looking at both historical and contemporary contexts the author argues that religion has played a major role in suppressing scientific pursuit

The Bloomsbury Companion to Plato Gerald A. Press, 2015-12-17 Plato mathematician philosopher and founder of the Academy in Athens is together with his teacher Socrates and his student Aristotle universally considered to have laid the foundations of Western philosophy The Bloomsbury Companion to Plato provides a comprehensive and accessible study guide to Plato's thought Written by a team of leading experts in the field of ancient philosophy this

companion covers five major areas Plato's life and his historical philosophical and literary context synopses of all the dialogues attributed to Plato the most important features of the dialogues the key themes and topics apparent in the dialogues Plato's enduring influence and the various interpretative approaches applied to his thought throughout the history of philosophy Covering every aspect of Plato's thought in over 140 entries The Bloomsbury Companion to Plato is an engaging introduction to Plato and an essential resource for anyone working in the field of ancient philosophy
