Diaspora Identities Exile Nationalism And Cosmopolitanism In Past And Present:

Diaspora Identities Susanne Lachenicht, Kirsten Heinsohn, 2009-10-05 Historical work on the late nineteenth and early twentieth centuries suggests that as nation states were solidifying throughout Western Europe exiled groups tended to develop rival national identities an occurrence that had been fairly uncommon in the two preceding centuries *Diaspora Identities* draws on eight case studies ranging from the early modern period through the twentieth century to explore the interconnectedness of exile nationalism and cosmopolitanism as concepts ideals attitudes and strategies among diasporic groups Die hier versammelten Studien eröffnen neue Perspektiven auf Nationalismus und Kosmopolitismus Sie machen deutlich dass schon vor dem nationalen 19 Jahrhundert im Kontext von Diaspora Exil und Migration Identitäten und Verhaltensweisen entstanden die zugleich kosmopolitisch und nationalistisch waren

Yearbook of Transnational History Thomas Adam, 2022-05-05 The Yearbook of Transnational History is dedicated to disseminating pioneering research in the field of transnational history This fifth volume advances the frontier of transnational history into early modern times The six chapters of this volume explore topics and themes from early modern times to the fall of Communism This volume includes chapters about the Huguenots and Sephardi Jews as transnational nations in the seventeenth and eighteenth century the construction of cannabis knowledge cultures in the transatlantic world of the nineteenth century the role of the German pastor Martin Niemöller in the construction of transnational religious identities in the aftermath of World War II and the labor migration from Cuba to East Germany within the Socialist world in the 1970s and 1980s

Connecting Worlds and People Dagmar Freist, Susanne Lachenicht, 2016-12-01 In recent decades historians have emphasized just how dynamic and varied early modern Europe was Previously held notions of monolithic and static societies have now been replaced with a model in which new ideas different cultures and communities jostle for attention and influence Building upon the concept of interaction the essays in this volume develop and explore the idea with specific reference to the ways in which diasporas could act as translocal societies connecting worlds and peoples that may not otherwise have been linked The volume looks at the ways in which diasporas or diasporic groups such as the Herrnhuters the Huguenots the Quakers Jews the Mennonites the Moriscos and others could

function as intermediaries to connect otherwise separated communities and societies All contributors analyse the respective groups internal and external networks social relations and the settings of social interactions looking at the entangled networks of diaspora communities and their effects upon the societies and regions they linked through those networks The collection takes a fresh look at early modern diasporas combining religious cultural social and economic history to better understand how early modern communication patterns and markets evolved how consumption patterns changed and what this meant for social economic and cultural change how this impacted on what we understand as early developments towards globalization and how early developments towards globalization in turn were constitutive of these

Autofiction Antonia Wimbush, 2021 This book examines themes of exile mobility and identity in contemporary autofictional narratives written in French by women writers from across the francophone world It reads exile in light of both gender and literary genre arguing that autofiction gives women the space to reconfigure their exile on their own terms

Modernity, the Environment, and the Christian Just War Tradition Mark Douglas, 2022-05-26 Explicates the way the Christian just war tradition shaped modernity and modernity's blindness to the interpenetration of nature and politics This book sits uniquely at the intersection of just war thinking environmental history and theological ethics

A Companion to the Huguenots Raymond A. Mentzer, Bertrand Van Ruymbeke, 2016-02-02 The Huguenots are among the best known of early modern European religious minorities Their suffering in 16th and 17th century France is a familiar story The flight of many Huguenots from the kingdom after 1685 conferred upon them a preeminent place in the accounts of forced religious migrations Their history has become synonymous with repression and intolerance At the same time Huguenot accomplishments in France and the lands to which they fled have long been celebrated They are distinguished by their theological formulations political thought and artistic achievements This volume offers an encompassing portrait of the Huguenot past investigates the principal lines of historical development and suggests the interpretative frameworks that scholars have advanced for appreciating the Huguenot experience

Ukrainian Nationalism in the Age of Extremes Trevor Erlacher, 2021-05-04 The first English language biography of Dmytro Dontsov the spiritual father of the Organization of Ukrainian Nationalists this book contextualizes Dontsov's works activities and identity formation diachronically reconstructing the cultural political urban and intellectual milieus within which he developed and disseminated his worldview

Constructing a German Diaspora Stefan Manz, 2014-06-05 This book takes on a global perspective to unravel the complex relationship between Imperial Germany and its diaspora Around 1900 German speakers living abroad were tied into global power political aspirations They were represented as outposts of a Greater German Empire whose ethnic links had to be preserved for their own and the fatherland's benefits Did these ideas fall on fertile ground abroad In the light of extreme social political and religious heterogeneity diaspora construction did not redeem the all encompassing fantasies of its engineers But it certainly was at work as nationalism went global in many German ethnic communities Three thematic areas are taken as examples to illustrate the

emergence of globally operating organizations and communication flows Politics and the navy issue Protestantism and German schools abroad as bulwarks of language preservation The public negotiation of these issues is explored for localities as diverse as Shanghai Cape Town Blumenau in Brazil Melbourne Glasgow the Upper Midwest in the United States and the Volga Basin in Russia The mobilisation of ethno national diasporas is also a feature of modern day globalization The theoretical ramifications analysed in the book are as poignant today as they were for the nineteenth century Cold War Exiles and the CIA Benjamin Tromly, 2019 At the height of the Cold War as part of an effort to weaken the Soviet Union the United States government recruited Russian exiles in the hope that they would be a powerful weapon in the American secret war The CIA directed these uprooted citizens to carry out propaganda espionage and subversion operations but with unpredictable outcomes
