Die acht Gesichter am Biwasee Max Dauthendey, 2016-02-26 Max Dauthendey Die acht Gesichter am Biwasee Japanische Liebesgeschichten Erstdruck München Albert Langen Georg Müller 1911 Vollständige Neuausgabe mit einer Biographie des Autors Herausgegeben von Karl Maria Guth Berlin 2016 Umschlaggestaltung von Thomas Schultz Overhage unter Verwendung des Bildes Vasily Vereshchagin Japanerin 1903 Gesetzt aus der Minion Pro 11 pt **Die acht Gesichter am Biwasee** Max Dauthendey, 1911 *Exotic Spaces in German Modernism* Jennifer Anna Gosetti-Ferencei, 2011-10-20 Jennifer Anna Gosetti Ferencei demonstrates that the exotic as reflected in major works of German literature and in the philosophy and art that inspires it provokes central questions about the modern self and the spaces it inhabits Exotic spaces in the writings of such authors as Thomas Mann Franz Kafka Stefan Zweig Robert Musil Hugo von Hofmannsthal Gottfried Benn and Bertold Brecht along with the thought of Nietzsche Freud Levi Strauss and Simmel and the art of German Expressionism are shown to present alternatives to the landscape and experience of modernity In an examination of the concept of the exotic and of spatial experience in their cultural subjective and philosophical contingencies Gosetti Ferencei shows that exotic spaces may contest and reconfigure the relationship between the familiar and the foreign the self and the other Exotic spaces may serve not only to affirm the subject in a symbolic conquering of territory as emphasized in post colonial interpretations or project the fantasy of escapism to a lost paradise as utopian readings suggest but condition moral aesthetic or imaginative transformation Such transformation while risking disaster or dissolution of the self as well as endangerment of the other may promote new possibilities of perceiving or being and reconfigure the boundaries of a familiar world As exotic spaces are conceived as mystical liberating erotic infectious frightening or mysterious several possibilities for transformation emerge in their exposure re enchantment through epiphany the collapse of the rational self liberation of the imagination from the confines of the familiar world and aesthetic transformation revealing the paradoxically primitive nature of modern experience In strikingly original readings of canonical authors and compelling rediscoveries of forgotten ones this study establishes that exotic experience can evidence the fragility of the European or Germanic self as depicted in modernist literature revealing the usually unconsidered boundaries of the subject's own familiar world **Samurai and Supermen** Bill Maltarich, 2005 Focusing on the ideological contradictions inherent in the German alliance with Japan during World War II this book analyses German discourse about Japan from the distinct yet intricately connected standpoints of the German Japanese historical relationship the scientific and pseudo scientific presentation of Japan in Germany and German fictional depictions of Japan The volume examines the historical relationship between Germany and Japan in the light of their alliance It also traces the origins and development of the image of Japan in Nazi Germany Through non fiction texts the points of emphasis friction and outright contradiction are discovered between Nazi ideology and an alliance with Japan as they were discussed both publicly and privately in Germany at the time Finally by examining fictional depictions of Japan and the

Japanese under the Nazis the work reveals the means by which fiction addressed these ideological issues and incorporated the historical and non fictional arguments of its contemporaries This book looks carefully at its connection to other historical political racial and ideological thought of the time **Paul de Man Notebooks** de Man Paul de Man,2016-02-22 This anthology collects texts and papers from the Paul de Man archive including essays on art translations critical fragments research plans interviews and reports on the state of comparative literature These texts offer a fascinating insight into the work of one of the twentieth century s most important literary theorists The volume engages with Paul de Man s institutional life gathering together pedagogical and critical material to investigate his profound influence on the American academy and theory today It also contains a number of substantial previously unpublished and untranslated texts by de Man from the span of his writing career As a new collection of primary sources this volume further stimulates the growing reappraisal of de Man s work **A History of the German Novelle** E. K. Bennett,E. K.
