Diary Of A Witch Doctor:

Diary of a Witch Doctor T. Westcott, 2014-10-08 Two healers One a savage and one a respected practitioner Their worlds collide in unimaginable ways and a secret that could rid the world of a deadly disease may cost them both of their lives if they don't kill each other first Yet only one lives in this world and the other survives in a concrete jungle of deception where the mind soul and heart are the prey for greed and infamy A medical mystery Zip Novel™ a full story shorter than a traditional novel and longer than a short story for today's busy reader that takes you from a dangerous remote land to a fast paced gritty Detroit hospital on an adventure of surprising discovery *Diary of the American Witch Doctor* Erin Gerard Johnson (Dezonly1), 2005-05-01 Erin Johnson better known as Witch Doctor releases a poetical concoction of wisdom truth life spirituality and danger In this new book he paints vivid pictures of reality in a peculiar way where the reader will embark on his seven chapters of bliss This diary will escort the reader into the incredible mind of the American Witch Doctor

Diary of an African Fanatic Ismail Ali Dramundru, 2010 **Healing Traditions** Karen E. Flint, 2008-10-21 In August 2004 South Africa officially sought to legally recognize the practice of traditional healers Largely in response to the HIV AIDS pandemic and limited both by the number of practitioners and by patients access to treatment biomedical practitioners looked toward the country's traditional healers as important agents in the development of medical education and treatment This collaboration has not been easy The two medical cultures embrace different ideas about the body and the origin of illness but they do share a history of commercial and ideological competition and different relations to state power *Healing Traditions African Medicine Cultural Exchange and Competition in South Africa 1820-1948* provides a long overdue historical perspective to these interactions and an understanding that is vital for the development of medical strategies to effectively deal with South Africa's healthcare challenges Between 1820 and 1948 traditional healers in Natal South Africa transformed themselves from politically powerful men and women who challenged colonial rule and law into successful entrepreneurs who competed for turf and patients with white biomedical doctors and pharmacists To understand what is traditional about traditional medicine Flint argues that we must consider the cultural actors and processes not commonly associated with African therapeutics white biomedical practitioners Indian healers and the implementing of white rule Carefully crafted well written and powerfully argued Flint's analysis of the ways that indigenous medical knowledge and therapeutic practices were forged contested and transformed over two centuries is highly illuminating as is her demonstration that many traditional practices changed over time Her discussion of African and Indian medical encounters opens up a whole new way of thinking about the social basis of health and healing in South Africa This important book will be core reading for classes and future scholarship on health and healing in Africa *The Starship Diaries* Dallas Kachan, 2004 **The Witch-Doctor Diaries and Other Dystopias** Wayne Kyle Spitzer, 2023-02-24 Welcome to the future where women have been infected with a virus that turns them into witches and men have formed a militarized cult to exterminate them the Witch Doctors You can survive here

if you're lucky but only if you swear to one of the dominant practices Puritanism or witchcraft and are willing to check your humanity at the door Because in the future being a man means donning black and white and carrying a fire breathing musket the better to incinerate witches by while being a woman means to live as the undead or a white eyed practitioner of the black arts Either way humanity is doomed That is unless a single man and woman can resist and in so doing find the courage to cooperate even love again Will it be Satyena the beautiful young witch prone to kindness and compassion Patrobus the salty platoon sergeant with a secret past How about Aluka the intersex witch doctor caught between worlds Dive into these tales of the Sex War to find out tales told in the dystopian tradition of Fahrenheit 451 and Logan's Run stories at once brutal and beatific halting and surreal Do it today before the future they portend becomes shocking reality From The Witch Doctor Diaries Malachi suspects something has suspected it's clear to me now since the raid on Medea Coven I can see it in his eyes as we stare at each other across the War Wagon something cool dispassionate even behind the smoked lenses of his gas mask predatory like a cat He is on to something he knows My headset crackles as the driver updates our status Fifteen minutes to target Check your belts and harnesses it's going to get bumpy I check my belt and harness the wagon starting to rock our tanks clinking and sloshing Jeremiah offers me a stick of gum but I shake my head Nobody says anything Remember we're going in fast and we're going in hot crackles Patrobus as though he has taken up residence in our very minds Look sharp And don't get so preoccupied with your kill count that you forget this is an intelligence op Find the lab extract what you can air it out and then get out Is that clear Although he doesn't mention him by name we all know who he's referring to Malachi who once let a witch escape just so he could prolong the pursuit A witch A woman A carrier of the M24 virus Something to be killed on sight It is clear Captain says Jeremiah glancing at his friend at Malachi I'll make sure Doctor Aluka leaves him some targets We'll keep him occupied Find the lab Jeremiah Find out what it is they've been doing there Then get your men back on this side of the Transom And then he is gone and there is just the twelve of us our buckled hats canted low on our brows our flame retardant Puritan tunics black as night and white as snow our muskets charged and ready to spew fire At which moment Malachi just looks at me seeming to smirk behind his mask which has been spit shined to a gloss and says How about it Brother Aluka A contest Who can kill the most women That is if you still have the jewels for it Lay off him says Jeremiah The Medea raid was tough on everyone Besides his record's better than any of us But I don't say anything only use the time remaining to disassemble and clean my weapon wondering What did he see and how much does he know And what will happen when I can no longer hide my eyes which have begun to turn white when I sleep witch's white and take longer to clear each morning How long is it until I who am not fully man nor fully woman have at last become neither neither male nor female neither Witch Doctor or witch

The Diary of a Drug Fiend Aleister Crowley, 1922 *The Disaster Diaries* Sam Sheridan, 2014-02-04 Gain the basic skills you'd need to live through a cataclysmic event one humbling and angst filled lesson at a time We're inundated daily with images of chaos and catastrophe from movies books and the nightly news When Sam

Sheridan became a father these tales of disaster became impossible to ignore and he was beset with nightmares about being unable to protect his son He soon realized however that each possible doomsday scenario required a different skillset and in order to really survive the apocalypse he d have to learn everything from starting a fire to stealing a car learning to fight with a knife and even building an igloo With just the right mix of seriousness paranoia and self deprecation The Disaster Diaries is irresistible armchair adventure reading that informs as much as it entertains The 007 Diaries Sir Roger Moore

KBE,2018-06-01 Out of print for over forty years The 007 Diaries introduces Roger Moore s James Bond Diary to a new generation of fans To tie in with the release of his first James Bond film Live and Let Die Roger Moore agreed to keep a day by day diary throughout the film s production which would be published just ahead of the premiere in July 1973 From his unveiling as the new 007 in 1972 through to his first scenes on location in New Orleans and his final shot in New York Moore describes his whirlwind journey as cinema s most famous secret agent Taking in the sights of Jamaica before returning to Pinewood Studios Moore s razor wit and unique brand of humour is ever present With tales from every location including his encounters with his co stars and key crew members Moore offers the reader an unusually candid amusing and hugely insightful behind the scenes look into the world s most successful film franchise **Mosquito Blood Diaries** Adam Eldon

Gill,2011-02-07 Zanza is a mosquito and being a Buddhist believes she has lived through many thousands of short lifetimes but she can t recall a single one of them before she met Herbert Not that Herbert is particularly memorable On their first meeting Zanza viewed this unexceptional human as nothing more than a quick snack opportunity But then having sipped from the cup of a Mayan demi god Zanza is blessed with a new and profound self awareness and begins to see her host not just as a blood bag but as a distinct personality From that point on with every sip of his blood with every small death with every re incarnation Zanza learns something new about Herbert She begins to understand what it is to be human to feel something like love to contemplate a chance for immortality For his part Herbert a misanthropic cameraman on assignment in Guatemala remains oblivious to his involvement in this blossoming relationship His mind is gripped by a rapidly rising fever and he is not sure if what he experiences in the dense forests around Tikal is real or a Malaria induced hallucination Vampire Monkeys Zombie Accountants Golden Warriors that walk through walls it all starts getting far too weird But this is a special moment in the world s history and even the dull witted Herbert finally realises he has a role to play It s December 2012 the Mayan Calendar is about to reset to zero and the world is about to end
