DVB H community were continuously working to n ize the standard Finally in November 2004 DVB H was adopted as an ETSI standard EN 302 304 I was lucky to see all these changes when I was doing my PhD research in DVB technology And I was very proud to be involved in the di erent DVB H research projects since the beginning of the DVB H standard development stage I was also lucky enough that I am one of the rst persons who nished PhD degree by focusing on DVB H research
