Flatpicking the Rags and Polkas Steve Kaufman,2011-11-30 This is a brilliant collection of ten favorites arranged for flatpicking guitar from top to bottom by three time National Flatpicking Champion Steve Kaufman with some tunes running 10 to 12 pages These extensive and exciting arrangements are designed for the intermediate through advanced student who is looking for a real challenge Performance of this type of tune will increase your awareness of concentration and build your stamina Flatpickers generally play a two part tune or AABB tune These tunes are AA BB AA CC AA DD AA and possibly with an EE AA section These electrifying arrangements will soon become favorites of yours and those around you through Steve s clear and precise arrangement notes and comprehensive text A Study in Flatpicking Jeff Troxel,2024-06-20 In this book journalist composer songwriter teacher and 2003 Winfield Flatpicking Guitar Champion Jeff Troxel delivers a masterclass in arranging fiddle tunes for flatpicking guitar These 20 themes and variations on favorite bluegrass melodies are designed to improve overall musicianship and augment your own arranging skills Ideal for the intermediate to advanced flatpicking guitarist the author reveals techniques for enabling readers to create their own theme and variations settings Suggested rhythm guitar chords and light left hand fingerings are also provided Troxel points out that one of the unexpected benefits of learning and memorizing themes with variations is that the process will ultimately facilitate linear and harmonic improvisation It would be a painstaking process to learn this skill from a teacher or a harmony textbook but once memorized the scale and arpeggio patterns within these tunes and variations will set you on a viable path towards original improvised lines As a bonus the author includes a generous appendix containing several of his Flatpicking Guitar Magazine articles that deal with aspects of musicianship that every guitarist should know While written in standard notation and tab if you have relied solely on tablature and recordings in the past this book can provide the key to understanding essential music theory and reading standard notation If you re not quite ready to learn to read standard notation you can still use the tab and the author s excellent online recordings to learn these delightful arrangements In any case it will be fun to get these settings of standard bluegrass tunes in hand and use them in future jam sessions Steve Kaufman's Favorite 50 Mandolin, Tunes S-W Steve Kaufman,2015-09-08 Steve Kaufman takes his favorite American fiddle tunes for the mandolin and puts them alphabetically in four volumes Steve plays the mandolin exactly as it is written so the student can hear the melody and dynamics just as he would play it Accompanying the large set of books are CDs with guitar rhythm accompaniment included Build your repertoire right and left hand skills and have fun playing at jam sessions with your friends This 4 volume set written specifically for the mandolin also has a sister series for guitar **Steve Kaufman's Favorite 50 American Traditional Fiddle Tunes** Steve Kaufman,2015-11-10 This collection of fiddle tunes originally appeared in Kaufman s Collection of American Fiddle Tunes for Flatpicking Guitar MB 95748 but the book was so large and heavy that they couldn t put all the songs on CDs to include with the package so it was divided into four great melody packed volumes Each book now

includes a CD that holds all the songs in the volume Steve Kaufman says he can't emphasize enough the importance of developing a large repertoire of tunes Fiddle tunes give us melodies that eventually allow us to begin to improvise Sometimes without even knowing it the more tunes you know the more melodies and intersecting melody lines you know This allows you to eventually cut and paste portions of the melody line into another song In the beginning you will probably unknowingly replace and ending run These are the last two measures of the section of a tune Many of them in the same key are interchangeable unless they are specific to the melody of the song After a while you will cut out measures in the middle of the song and then you will be able to take the snips of melodies and play them in another song in a different key thus beginning to improvise All of this is possible because you built up your repertoire of tunes Steve Kaufman's Favorite Celtic Jigs & Waltzes for Guitar Steve Kaufman, 2009-07-22 Steve Kaufman three time National Flatpicking Champion does it again This edition brings us Steve's favorite jigs and waltzes transcribed for guitar This large collection will build your repertoire as well as help you develop more ideas licks and runs for arranging your own melodies Companion audio is available for this title in which all the songs are played note for note at about 3/4 speed
