7 best short stories - Thanksgiving Day
 Louisa May Alcott, Mary E. Wilkins Freeman, William Dean Howells, O. Henry, Harriet Beecher Stowe, Francis K. Ball, Edward Payson Roe, August Nemo, 2020-05-12 Thanksgiving began as a day of giving thanks and sacrifice for the blessing of the harvest and of the preceding year Although Thanksgiving has historical roots in religious and cultural traditions it has long been celebrated as a secular holiday as well Being the holiday that marks the opening of the Holiday Season Thanksgiving is an important part of the identity and culture of North America Have fun with seven short stories selected by the critic August Nemo that bring all the atmosphere of union and gratitude of this date An Old Fashioned Thanksgiving by Louisa May Alcott Thankful by Mary E Wilkins Freeman Turkeys Turning The Tables by William Dean Howells How We Kept Thanksgiving at Oldtown by Harriet Beecher Stowe Two Thanksgiving Day Gentlemen by O Henry Three Thanksgiving Kisses by Edward Payson Roe The First Thanksgiving by Albert F Blaisdell Francis K Ball For more books with interesting themes be sure to check the other books in this collection

The Fiction of Valerie Martin Veronica Makowsky, 2016-03-21 In the first book length study of Valerie Martin's fiction Veronica Makowsky explores the work of this lauded but often overlooked contemporary novelist Winner of the Orange Prize for her novel Property 2003 Martin also won the Kafka Prize for Mary Reilly 1990 which was then translated into sixteen languages and made into a popular film Despite these successes her critically acclaimed novels and stories have yet to attain a broad readership Makowsky addresses this disconnect through a detailed critical study of Martin's distinguished oeuvre grounding each work in its historical cultural and theoretical contexts Makowsky begins with a sketch of Martin's life and then considers each of her ten novels and four collections of short stories

Throughout Makowsky's deft critique reveals Martin to be an astute observer of people and places. Pointing to both early works like *A Recent Martyr* 1987 and recent books such as *The Ghost of the Mary Celeste* 2014 Makowsky identifies a potent mixture of pleasure and fear in Martin's writing that emphasizes the author's nuanced exploration of human imagination. Notable too are Martin's literary techniques especially point of view and her allusions to masterpieces in Western literature. The works of Henry and William James in particular influenced Martin's thematic blend of intellectualism and empathy evident in her rounded depictions of women in works like *Italian Fever* 1999 and *The Great Divorce* 1994. A rich and substantive study *The Fiction of Valerie Martin* demonstrates and deconstructs the mastery of this thought-provoking author in turn firmly establishing Martin's place in the canon of contemporary writers.

William Dean Howells: 27 Novels in One Volume (Illustrated) William Dean Howells, 2023-12-31 In *William Dean Howells 27 Novels in One Volume Illustrated* readers are invited into the intricate tapestry of American life as depicted through Howells's keen pen. This comprehensive collection encapsulates the author's signature literary realism characterized by a focus on the nuanced social dynamics of late 19th-century America. Richly illustrated, the volume not only showcases Howells's profound narrative style but also provides contextual insights into the emergent cultural and philosophical currents of his time, such as the tension between materialism and idealism that defined the American experience. William Dean Howells, often hailed as the Dean of American Letters, was a pivotal figure in the establishment of realism as a literary movement. His extensive career as a novelist, playwright, and editor helped shape the literary landscape of post-Civil War America. Growing up in a modest background and witnessing the evolving socio-political landscape, Howells's writing reflects his commitment to social critique and the exploration of human psychology, particularly in middle-class life. This illustrated anthology is not only a treasure trove for scholars and enthusiasts of American literature but also an accessible gateway for new readers. Each novel offers a unique perspective on the human condition, making it an indispensable addition to any literary collection. I highly recommend this volume to anyone seeking a rich understanding of American realism and the complexities of its characters.

Realist Poetics in American Culture, 1866-1900 Elizabeth Renker, 2018-05-28 The terms poetry and realism have a complex and often oppositional relationship in American literary histories of the postbellum period. The core narrative holds that realism, the major literary movement of the era, developed apace in prose fiction while poetry, stuck in a hopelessly idealist late Romantic mode, languished and stagnated. Poetry is almost entirely absent from scholarship on American literary realism except as the emblem of realism's opposite: a desiccated genteel twilight of the poets. *Realist Poetics in American Culture 1866-1900* refutes the familiar narrative of postbellum poetics as a scene of failure and it recovers the active and variegated practices of a diverse array of realist poets across print culture. The triumph of the twilight tale in the twentieth century obscured, minimized, and flattened the many poetic discourses of the age, including but not limited to a significant body of realist poems currently missing from US literary histories. Excavating an extensive archive of realist poems, the volume offers

a significant revision to the genre exclusive story of realism and by extension to the very foundations of postbellum American literary history dating back to the earliest stages of the discipline

THE COMPLETE SHORT STORIES OF R. L.

STEVENSON Robert Louis Stevenson, 2023-11-20 In *The Complete Short Stories of R. L. Stevenson* Robert Louis Stevenson showcases a rich tapestry of human experience through his compelling narratives, imaginative settings, and profound psychological insights. This collection captures the essence of the late 19th-century literary landscape, intertwining realism with elements of adventure and gothic horror. Stevenson's narrative style is characterized by its vivid imagery and meticulous attention to character development, as seen in tales like *The Strange Case of Dr. Jekyll and Mr. Hyde* and *The Body Snatcher*, which explore the duality of human nature and the moral ambiguities of life. Robert Louis Stevenson, a Scottish novelist and essayist, found inspiration for his stories through his own tumultuous experiences and literary influences, including the works of Edgar Allan Poe and Nathaniel Hawthorne. His diverse travels and encounters with various cultures, alongside his struggles with health, shaped his understanding of life's complexities and human emotions. Stevenson's works reflect his deep empathy and fascination with the darker sides of humanity, infusing his short stories with a blend of whimsy and philosophical depth. This anthology is a must-read for anyone interested in the evolution of short fiction and the exploration of complex moral themes. Whether you are a long-time admirer of Stevenson's genius or a newcomer to his work, this collection invites you to immerse yourself in vivid tales that resonate with contemporary readers, making it an essential addition to the library of any literature enthusiast.
