Lucasville Staughton Lynd,2011-03-07 Lucasville tells the story of one of the longest prison uprisings in U S history At the maximum security Southern Ohio Correctional Facility in Lucasville Ohio prisoners seized a major area of the prison on Easter Sunday 1993 More than 400 prisoners held L block for eleven days Nine prisoners alleged to have been informants or snitches and one hostage correctional officer were murdered There was a negotiated surrender Thereafter almost wholly on the basis of testimony by prisoner informants who received deals in exchange five spokespersons or leaders were tried and sentenced to death and more than a dozen others received long sentences Lucasville examines the causes of the disturbance what happened during the eleven days and the fairness of the trials Particular emphasis is placed on the interracial character of the action as evidenced in the slogans that were found painted on walls after the surrender Black and White Together Convict Unity and Convict Race An eloquent Foreword by Mumia Abu Jamal underlines these themes He states as does the book that the men later sentenced to death sought to minimize violence and indeed according to substantial evidence saved the lives of several men prisoner and guard alike Of the five men three black and two white who were sentenced to death Mumia declares They rose above their status as prisoners and became for a few days in April 1993 what rebels in Attica had demanded a generation before them men As such they did not betray each other they did not dishonor each other they reached beyond their prison tribes to reach commonality

Surveillance, Race, Culture Susan Flynn,Antonia Mackay,2018-07-31 This collection of essays engages with a wide range of disciplines including art performance film and literature to examine the myriad effects of contemporary surveillance on our cultural psyche The volume expertly articulates the manner in which cultural productions have been complicit in watching seeing and purporting to know race In our increasingly mediated world our sense of community is becoming progressively virtual and surveillant technologies impact upon subjectivity resulting in multiple forms of artistic

and cultural expression As such art film and literature provide a lens for the reflection of sociocultural concerns In *Surveillance Race Culture* Flynn and Mackay skilfully draw together a diverse range of contributions to investigate the fundamental question of exactly how surveillant technologies have informed our notions of race identity and belonging

CSR and Sustainability Michael Hopkins,2017-09-08 Corporate Social Responsibility CSR is steadily moving from the margins to the mainstream across the spectrum of private companies NGOs and the public sector It has grown from being a concept embraced by a small number of companies such as The Body Shop in the early 1990s to a widespread global movement At its weakest level it is represented by a few philanthropic gestures by organizations but when applied in its most complete form it can steer the organization or sector to deliver a fully fledged system wide multi stakeholder operation accompanied by multiple types of certification For the first time a book brings together key issues relating to CSR as they apply to different aspects of business it is not another generalist title about CSR Michael Hopkins a leading expert in the field is joined by a number of outstanding contributors to the book to explain how CSR has evolved since the 1990s and to offer ground breaking insights and practical and specific applications of the concept For example Mervyn King explains Integrating Reporting Deborah Leipziger looks at the laws and standards for CSR Branding and the Supply Chain George Starcher provides a framework for Socially Responsible Restructuring and Adrian Henriques explores Social Accounting and Stakeholder Dialogue

White Ignorance and Complicit Responsibility Eva Boodman,2022-01-10 White ignorance is a form of collective denial that aggressively resists acknowledging the role of race and racism It dominates our political landscape warps white moral frameworks and affective responses intervenes in white self conceptions and organizes white identities In this way white ignorance poses a problem for conceptions of responsibility that rely on individuals intentions causal contributions or knowledge of the facts As Eva Boodman shows our moral concepts for responding to racism are implicated in the process of racialization when they understand responsibility as the attribution of blame or absolution innocence or guilt *White Ignorance and Complicit Responsibility* challenges these binary punitive moralities arguing that they reproduce racial harm by encouraging white people to seek innocence and the purification of moral taint instead of addressing the material conditions of racial harm Instead Boodman claims the space of complicity as a place of anti racist possibility Linking the construction of whiteness to a racist punishment paradigm this book makes the case for a different way of responding to harm as necessary for dismantling the moral racial political and affective constructs that keep racial capitalism in place
