Captain Boycott And The Irish:

Captain Boycott and the Irish Joyce Marlow, 1973 Captain Charles Cunningham Boycott of Her Majesty's Foot is one of the very few individuals whose names have entered the language we use boycott as both a noun and a verb and the term exists in tongues other than English as well Boycott himself was a limited man literal and unbending of minimal importance But what he represented and the action taken against him marked an important stage in the always smoldering sometimes violent conflict between Ireland and England In the late 1870s the Irish question comprised two essential issues Home Rule a political movement whose leader was the able M P Charles Stewart Parnell and the Irish Land League a grass roots organization of tenant farmers with grievances against their absentee English landlords led by the romantic revolutionary Michael Davitt When Parnell and Davitt joined forces in 1880 and with the addition of American Irish financial and moral support the potential for violence in Ireland increased exponentially The world's press gathered for the explosion When the action came though it was remarkably tame In a speech in County Mayo near the Boycott acreage Parnell urged the disgruntled tenants to shun their landlords and Boycott's farmers shunned him with a vengeance while there was a full potato crop to be harvested An English expeditionary force marched in from Ulster but torrential rains and the Englishmen's ineptness at digging up potatoes let the whole affair degenerate from threatened violence into farce Even so this first boycott enabled Prime Minister Gladstone to introduce the first Home Rule Bill in Parliament and legislation was initiated to improve the land laws for Irish tenants And though he hardly understood its significance Captain Boycott found his surname the label for effective nonviolent action taken against economic or social complaints Publisher description **Boycott in America** Gary Minda, 1999 Gary Minda's critical study of boycotts in American law and culture focuses on how the word boycott has developed as a metaphoric rather than as a rational or logical form of reasoning Minda first discusses the history interpretation and understanding of boycotts He then turns to the role of metaphor in the interpretation of boycotts and of boycott law Drawing on cognitive psychology and linguistic theory Minda argues that the metaphors judges choose in describing boycotts determine how they view boycotts One of Minda's major contributions is to show how cognitive theory and the analysis of conceptual metaphors can help to explain the development of the law of boycott Equally important Minda provides a unique history of the boycotts in three separate legal fields labor antitrust and constitutional law Charles Stewart Parnell and His Times N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846-1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in *The Times* and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self-serving opportunist to the journalists of *The Nation* Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been

collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell s writing Parnell s speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area

Launder and Gilliat Bruce Babington,2002 Bruce Babington analyses the achievement of one of the central partnerships in British film history the screenwriters of famous films by Hitchcock and Carol Reed who became the producer writer directors of a succession of famous and well loved films including Millions Like Us Two Thousand Women Waterloo Road The Rake s Progress I See a Dark Stranger The Blue Lagoon and The Happiest Days of Your Life This study of the pair is notable both for its contextualising of them within English and British culture over four decades including British cinema s golden age of the war and immediate post war years and for its close reading of films that have been critically neglected despite their popularity Scholarly but not pedantic the book shows its subjects to be not ordinary mainstream practitioners but deceptively serious filmmakers registering the ideological weather of wartime and post war Britain in engaging and creative ways Land and Popular Politics in Ireland Donald E. Jordan,1994 A study of the Irish county of Mayo from Elizabethan times to the late nineteenth century *Animals in Irish Society* Corey Lee Wrenn,2021-07-01 The first exploration of vegan Irish epistemology one that can be traced along its history of animism agrarianism ascendancy adaptation and activism Irish vegan studies are poised for increasing relevance as climate change threatens the legitimacy and longevity of animal agriculture and widespread health problems related to animal product consumption disrupt long held nutritional ideologies Already a top producer of greenhouse gas emissions in the European Union Ireland has committed to expanding animal agriculture despite impending crisis The nexus of climate change public health and animal welfare present a challenge to the hegemony of the Irish state and neoliberal European governance Efforts to resist animal rights and environmentalism highlight the struggle to sustain economic structures of inequality in a society caught between a colonialist past and a globalized future *Animals in Irish Society* explores the vegan Irish epistemology one that can be traced along its history of animism agrarianism ascendancy adaptation and activism From its zoomorphic pagan roots to its legacy of vegetarianism Ireland has been more receptive to the interests of other animals than is currently acknowledged More than a land of meat and potatoes Ireland is a relevant if overlooked contributor to Western vegan thought *Boycott* Colin Murphy,2012-11-16 Boycott a word whose meaning is known the world over But it once belonged to a man Two brothers Owen and Thomas Joyce barely survive the horror of the great famine that devastated Ireland in the 1840s But it left a lasting effect on both of them Three decades later they are thrown together during the Land War when evictions and landlord cruelty reach an intolerable

level But Thomas places his trust in the gun while Owen backs the passive resistance advocated by the Land League Captain Charles Boycott an English land agent in Mayo becomes the first to suffer this new form of revolt when he and his family are ostracised It is a David versus Goliath situation with Boycott supported by the military the police the press the British Government How can peasants stand against an empire And how will the two brothers reconcile their differences and confront their troubled past A novel of brotherly love and brotherly conflict **Trampling Out the Vintage** Frank Bardacke,2012-10-09 The first ever comprehensive history of the rise and fall of the United Farm Workers and its infamous leader Cesar Chavez one of the most attractive and charismatic figures U S politics has produced The Guardian In its heyday the United Farm Workers was an embodiment of its slogan Yes we can in the form S Se Puede winning many labor victories securing collective bargaining rights for farm workers and becoming a major voice for the Latino community Today it is a mere shadow of its former self Trampling Out the Vintage is the authoritative and award winning account of the rise and fall of the United Farm Workers and its most famous and controversial leader Cesar Chavez Based interviews conducted over many years with farm workers organizers and the opponents and friends of the UFW the book tells a story of collective action and empowerment rich in evocative detail and stirring human interest Beginning with the influence of the ideas of Saul Alinsky and Catholic Social Action at the union s founding through the UFW s thrilling triumphs in the California fields the drama concludes with the debilitating internal struggles that effectively crippled the union A vivid rendering of farm work and the world of the farm worker Trampling Out the Vintage is a dramatic reappraisal of the political trajectory of Cesar Chavez and the United Farm Workers and an essential re evaluation of their most tumultuous years **Boycotts Past and Present** David Feldman,2018-12-29 In this book historians and social scientists examine boycotts from the eighteenth century to the present day Employed in struggles against British rule in the American colonies against racial discrimination in the United States during the Civil Rights movement and Apartheid in South Africa today it is Israel that is the focus of a campaign for Boycott Divestment and Sanctions BDS Boycotts have featured in campaigns undertaken by labour consumer and nationalist movements Jews were the focus of some boycotts instigated by nationalist movements in Central and Eastern Europe and Jewish businesses were targeted by the National Socialist regime in Germany In this collection contributors explore the history of past boycott movements and examine the different narratives put forward by proponents and opponents of the current BDS movement directed against Israel one which places the movement within a history of struggles for human rights the other which regards BDS as the latest manifestation of an antisemitic tradition Ireland Past and Present David Power Conyngham,1883
