covers the fundamentals of cardiology in depth to provide conceptual clarity and delves into specific cardiovascular disorders with detailed descriptions that range from aetiology and pathophysiology to evidence informed approaches to diagnosis and management. It does all of this by blending contextual relevance with uncompromising academic rigor. *Pudner's Nursing the Surgical Patient E-Book* Ian Peate, Jay Macleod, 2020-09-28. Contemporary and fully updated, the new edition of this accessible guide builds on the success of previous editions to bring together all the key principles of nursing care for surgical patients. Split into two sections, the first section explains the basis of surgical care. The second section has comprehensive coverage of all major areas of surgical practice, providing both a theoretical and practical understanding across a wide range of procedures. Written from a patient-centred perspective but with an added emphasis on safety and the role of the nurse in relation to current legislation, the new *Pudner's Nursing the Surgical Patient* offers all you need to provide the best care. Its user-friendly format will make it invaluable not only to nurses but to a range of health care practitioners. Easy to read, easy to understand, approach ultra-clear and simple line art. Written by 20 expert contributors from around the UK, patient-centred approach places the patient at the centre of all that is done. Reflects the latest practice and retains the principles of care. Completely updated to reflect recent developments in the field, from advances in laparoscopic surgery to the inclusion of new surgeries that can take place in a day care setting. Wider scope of reference from specialist to associate nurse to a range of healthcare professionals. New section on patient safety including informed consent. Expanded reference to NMC standards and guidelines. Now with a full colour design and colour illustrations. **ACCCN's Critical Care Nursing** Leanne Aitken, Andrea Marshall, Wendy Chaboyer, 2016-01-04. With each edition, ACCCN's Critical Care Nursing has built on its highly respected reputation. Its contributors aim to encourage and challenge practising critical care nurses and students to develop world-class critical care nursing skills in order to ensure delivery of the highest quality care. Endorsed by the Australian College of Critical Care Nurses, ACCCN this 3rd edition presents the expertise of foremost critical care leaders and features the most recent evidence-based research and up-to-date advances in clinical practice, technology, procedures, and standards. Expanded to reflect the universal core elements of critical care nursing practice, authors Aitken, Marshall, and Chaboyer have retained the specific information that captures the unique elements of contemporary critical care nursing in Australia, New Zealand, and other similar practice environments. Structured in three sections, ACCCN's Critical Care Nursing 3rd Edition addresses all aspects of critical care nursing, including patient care and organisational issues, while highlighting some of the unique and complex aspects of specialty critical care nursing practice, such as paediatric considerations, trauma management, and organ donation. Presented in three sections: Scope of Critical Care, Principles and Practice of Critical Care Speciality, Practice Focus on concepts that underpin practice, essential physical, psychological, social, and cultural care.
