Changing Faces of Cardiff Brian Lee,DB Publishing,2008-09 The Changing Face of Cardiff is different from all the other Cardiff books published by Brian Lee in that it deals entirely with places rather than faces For the first time ever the author uses colour images as well as black and white ones to depict the ever changing capital city of Wales As long ago as the 1860s Cardiffians were commenting some sadly on the rapid changes taking place in their town And even today some residents claim that the city is losing some of its character owing to these many changes It was Matthew Williams curator of Cardiff Castle who said that nothing evokes nostalgia quite like an old photograph and this fascinating book has more than 350 of them including a selection of colour postcards which focus on the city's main streets parks and docks area In addition to photographic images Lee has included the absorbing chapter Before The Camera in which the Cardiff of old is seen through the eyes of artists such as J Newman by way of a number of wonderful engravings **The Gardeners' Chronicle** ,1927
