Care of Souls David G. Benner,1998-12-01 A practicing psychologist explores the church's role in soul care advocating a counseling method that anchors modern therapy in timeless biblical principles **Care of souls : Revisioning Christian**

nurture and counsel David BENNER,2004 *Spiritual Direction and the Care of Souls* David G. Benner,Gary W.

Moon,2025-06-23 In recent years many Christian clergy laity and mental health professionals have rediscovered the ancient practices of spiritual direction Seen as a refreshing alternative to the techniques and limitations of modern psychology such practices offer new insights for pastoral care But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic Orthodox and Episcopal traditions but is also present in Wesleyan Holiness Pentecostal charismatic social justice and Reformed communities Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation spiritual direction offers significant resources for today's pastors counselors therapists chaplains and other caregivers attuned to the work of God in people's lives In this landmark volume editors Gary W Moon and David G Benner along with a team of expert contributors provide a comprehensive survey of spiritual direction in its myriad Christian forms Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction with particular attention to each tradition's definition of spiritual direction the process of authentic transformation the role of the spiritual director indicators of mature spirituality and other aspects of the spiritual direction process Chapters also provide psychological and clinical insight into how spiritual direction is similar to different from and can be integrated with psychotherapy and pastoral counseling to help others experience spiritual transformation and union with God **Opening to God** David G. Benner,2021-04-13 Prayer is not merely something we do prayer is what God does in us Using the four movements of lectio divina spiritual director David Benner invites us to discover openness to God as the essence of prayer spirituality and the Christian life This expanded edition explores prayer as attending pondering responding and being opening us to a world of possibilities for communion with God Transformation Eolene M. Boyd-MacMillan,2006 **Secularism and the Pursuit of Transcendence,**

Volume I Stanley E. Porter,Wendy J. Porter,2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous

ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

Dancing in the Dark, Revised Edition Graham Buxton,2016-11-08 Christians are often tempted to encapsulate God in their own little boxes as if God could be tied down to our finite way of thinking But we can neither domesticate nor fully understand God for theology has a lot to do with coming to terms with the mystery of God This revised edition of *Dancing in the Dark* shaped as in the first edition by the two overarching themes of God as Trinity and a theology of participation embraces the notion of mystery in presenting a compelling vision of seeing all things finally united within the inner life of God As we engage in Christian ministry we are summoned to participate as grace filled faith communities in the triune God s immeasurably loving and healing work in the world leading those who are in darkness into an awareness of the God who imparts life in all its glorious abundance that which is so and a journey into the mystery of that which is to come The liberating ministry of the gospel is both a declaration and an invitation an invitation to the dance *Christ's*

Under-Shepherds Leo Douma,2016-05-25 The calling of elders is to be shepherds of God s flock Yet across the world elders are struggling to do that well This very practical investigation identifies the obstacles to pastoral care from the side of the clergy the elders and the people themselves A practical way forward is developed using an approach that enables the local elders themselves to find a solution *Finding Meaning in the Experience of Dementia* Elizabeth MacKinlay,Corinne

Trevitt,2012-07-15 This groundbreaking book reveals the findings of the first major study on spiritual reminiscence with people with dementia The authors present evidence for the efficacy of spiritual reminiscence with this group and drawing on examples demonstrate its many benefits as revealed by the study **Pastoral Counseling in Africa and the West** Ibidun

B. Daramola,2018-07-14 This is the first time an author has listened to pastors in Africa and compared her findings with pastoral counseling from a Western perspective *Pastoral Counseling in Africa and the West* presents a practical record of pastoral counseling in Africa It accounts for the wide difference between pastoral counseling in Africa and the West considering that pastoral counselors in Africa received Western theological training It presents a theological perspective of the pastoral counseling ministry in Africa and the West It also presents both perspectives as professional partners in conversation with each other Thank God for providing trained experts like Dr Daramola to enlighten His people I have every confidence this publication is only the first installment More GRACE to her elbows Emmanuel Oladipo Former International Secretary Scripture Union
