**Arturo Pérez-Reverte** Anne L. Walsh, 2007 The complex narrative technique of one of Spain's most renowned contemporary authors The writings of Arturo Pérez Reverte one of Spain's most renowned contemporary authors have been described as a minefield This monograph examines the complexities behind the narrative technique employed in creating such a minefield including an analysis of the role played by both male and female characters the relevance of the past as a motif and aspects of the role of storytelling in creating mystery where none should exist Both Revertian novels and journalistic writing are seen to be part of an over all game which is played between their author and his readers Film too forms part of the material reviewed as though Pérez Reverte is not a script writer many films have been based on his novels The text centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas the significance of the past whether historical cultural or literary and the role of the written word in communicating in rescuing and in challenging versions of that past in order to combat what Pérez Reverte terms dismemory

**Con los pies desnudos** Faustino Mercau Gabaldón, 2016-08-30 El hombre completo es una vieja aspiración que sirve de puente hacia la belleza interior alguien cuyo atractivo se nos presenta como una roca firme una antorcha que ilumina y nos obliga a repensar nuestros criterios siendo su obra u objetivo más completo e importante su propia realización personal Por eso la felicidad no consiste en vivir bien es decir con un alto nivel de vida sino en saber vivir
